Moon Magic Diane Ahlquist,2017-12-05 From the author of *Moon Spells* comes a beginner's book about the moon's energy and how you can harness that lunar power in your everyday life. From new moons and eclipses to blue moons and the super moon, there are ample opportunities for the moon to influence our emotions and thoughts. Many believe our emotional potency is heightened during a super moon, while a new moon can bring change and new perspectives. Knowing when and how to use that power is key. In *Moon Magic*, you'll learn how the lunar phases influence our emotions and well-being differently and how to harness that power for healing, emotional strength, and physical and mental wellness. Third-generation intuitive Diane Ahlquist helps guide those new to the power of the moon through lunar recipes and simple exercises, such as intention setting and moon meditation to help you capitalize on the moon's inherent power and channel the moon's energy whenever you need it most.

The Moon Power Boxed Set Diane Ahlquist,2022-02-01 A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

The Moon Is Always Round Jonathan Gibson,2019-09-23 Even young children want answers to the hard questions about God and suffering. In *The Moon Is Always Round*, seminary professor and author Jonathan Gibson uses the vivid imagery of the moon to explain to children how God's goodness is always present, even when it might appear to be obscured by upsetting or difficult circumstances. In this beautiful, full-color illustrated book, he allows readers to eavesdrop on the conversations he had with his young son in response to his sister's death. Father and son share a simple liturgy together that reminds them that, just as the moon is

always round despite its different phases, so also the goodness of God is always present throughout the different phases of life. A section in the back of the book offers further biblical help for parents and caregivers in explaining God's goodness to children. Jonathan Gibson reminds children of all ages that God's goodness is present in the most difficult of times, even if we can't always see it.

Reclaiming Our Health John Robbins,1998 The author calls for a revolution in health care, criticizing its hostility to alternative medicine and its bias against women.

Astrophotography is Easy! Gregory I. Redfern,2020-10-29 There are many books covering different facets of astrophotography, but few of them contain all the necessary steps for beginners in one accessible place. *Astrophotography is Easy!* fills that void, serving as a guide to anybody interested in the subject but starting totally from scratch. Assuming no prior experience, the author runs through the basics for how to take astrophotos using just a camera—including cell phones and tablets—as well as a telescope and more sophisticated equipment. The book includes proven techniques, checklists, safety guidelines, troubleshooting tips, and more. Each chapter builds upon the last, allowing readers to master basic techniques before moving on to more challenging material. Also included is a comprehensive list of additional books and resources on a variety of topics so readers can continue expanding their skills. *Astrophotography Is Easy!* doesn't simply teach you the basic skills for becoming an astrophotographer: it provides you with the foundations you will need for a lifelong pursuit.

Lunar Timing Planner Linda Lenz,2020-04-03 The Lunar Timing Planner is a practical way to create your professional and personal projects in harmony with the moon. The planner starts with a short introduction, in which the individual phases of the moon are introduced and their optimal application is described. This is followed by 12 complete lunar cycles with templates to fill

in or to answer specific questions. The Lunar Timing Planner is thus a companion for a complete year and can be started at any time during a new moon phase.

Moon Phase Astrology Raven Kaldera, 2011-03-28 A guide to understanding the phases of astrological Moon signs and their effects on emotions and personality • Describes the positive and negative character-defining traits of each of the 96 Moon phase/Moon sign combinations • Explains how to use your natal Moon's sign and phase to predict how current and approaching Moons can affect you • Explores the universal challenges arising during each Moon phase throughout the year and ways to honor each phase as it passes The Moon's ever-changing phases offer a way to deepen our understanding of our natal Moon sign as well as the Moon's day-to-day influence on our emotional tides. Through its 8 phases and its wandering dance through each of the 12 signs of the Zodiac--from the Infant's Moon (the New Moon in Aries) to the Storyteller's Moon (the Full Moon in Gemini) to the Prophet's Moon (the waning Balsamic Moon in Aquarius)--the Moon shares its story in 96 different ways. Telling the stories of the heart of all 96 Moon phase and Moon sign combinations, Raven Kaldera explains the creative gifts and emotional challenges bestowed upon those born under each Moon archetype as well as how to nurture the positive traits and improve--or at least discourage--the negative ones. Exploring the influences each Moon archetype has on us as it passes, the author reveals which Moons are the most difficult, what innate qualities each Moon brings out in us, and what we can do to honor each Moon. Including evocative quotes illuminating

the nature of each Moon, Kaldera shows how to use your natal Moon's astrological sign and phase to find your "hidden Moons"--the shadows cast by passing Moons--and predict how current and approaching Moons will affect you.
