CHARLIE RICHARDS

📖 **The Fix** Declan Hill,2010-04-13 The Fix is the most explosive story of sports corruption in a generation. Intriguing, riveting, and compelling, it tells the story of an investigative journalist who sets out to examine the world of match-fixing in professional soccer. From the introduction understand how gambling fixers work to corrupt a soccer game and you will understand how they move into a basketball league, a cricket tournament, or a tennis match (all places, by the way, that criminal fixers have moved into). My views on soccer have changed. I still love the Saturday-morning game between amateurs: the camaraderie and the fresh smell of grass. But the professional game leaves me cold. I hope you will understand why after reading the book. I think you may never look at sport in the same way again.

📖 **Fixing Access Annoyances** Phil Mitchell,Evan Callahan,2006-02-21 When an application is part of the Microsoft Office suite, it's sure to be a leader in its field. In the realm of desktop database management, Access is top dog with millions of users. But this is one dog that can bite. Although Access is a powerful, relational tool with the fetching talents of a Labrador, it's not an easy beast to train. Still, millions of users count on Access for everything from managing parts databases to running Web catalogs to working as a front end to mondo SQL databases. But Access is chockablock with annoyances---report hassles, query conundrums, VBA bugs, arcane error messages, and more. O'Reilly's Annoyances series offer real-world help, right now, and Fixing Access Annoyances continues tradition. You'll not only squash bugs and workaround Access' limits, but you'll learn how to use Access to the max, whether you're a newbie or a seasoned pro. Coverage includes install/configuration annoyances, building better tables and queries, creating forms that work right, generating reliable and sophisticated reports, pulling in data from a variety of sources, crafting macros and VBA code to customize Access, and much more. You could grab those other books for help, but do they solve problems from page one? Meet a book of a different stripe. The authors come armed with knowledge of the program's quirks, design hurdles and interface snags. They provide you with battle plans in Fixing Access Annoyances to save you time and bouts of hair pulling. Stop information from spiraling out of control when working with Access and trying to make this \$\$\$At\$\$ thing work! Don't let its quirks, bugs, and troublemaking features beat you. Who you gonna call for help? Instead of waiting on the line for tech support or searching for the answer on the Internet with its too many resources to find exactly what you need, take control of databases with Fixing Access Annoyances, your partner on database adventures.

📖 **The Phone Fix** Dr Faye Begeti,2024-02-01 What is really happening in your brain when you use your phone, and how to harness it. We pick up our phones on average 80 times a day, and approximately a quarter of our waking hours are spent in front of a screen. We self-interrupt our work and social lives, forgo sleep, procrastinate important tasks and opt for digital distraction when we're bored or feel uncomfortable. Worst-case scenario, we're told phone use is melting our brains, creating a mental health epidemic and machines are taking over the world. But how much of this is true and what can we do about it? NHS neurology doctor and neuroscientist Faye Begeti explains the science behind why we have formed so many fixed and negative habits around our devices. She reflects on both deliberate choices and automatic behaviours, whilst also challenging myths around digital 'addiction', the harmfulness of blue light and how dopamine functions in the brain. Rather than recommending a quick-fix digital diet or abstinence - unviable for most people and pointless given the way our brain works - The Phone Fix offers a practical guide, based on neuroscientific techniques, on building supportive digital habits. Begeti shows that technology is not inherently bad or frightening and that by better understanding what is happening in our brains, we can replenish our willpower and improve our focus, forming a healthier relationship with our phones - and therefore the people around us.

However, a bad credit score can always be improved. 📖 **The Fixer's Enforcer** Charlie Richards, Salem Galdesque was busy doing a favor for one of Master Krispin's allies when the news of several beloveds in his home coven reaches his ears. He's happy for them even as he snickers at the shackles it places upon them. As his coven's fixer, he could only imagine the trouble such a bond would cause to his own life. Salem loves being able to solve a problem by any means necessary---whether it be by a payoff, seduction, or a good, old-fashioned beat-down...and maybe even more---and answering to a beloved would be nothing but a headache. His tactics makes his job easy, not to mention fun. When Salem is called home to the Maven coven, he meets the gargoyle Keeffe and realizes fate has bestowed upon him a rather dubious gift---Keeffe is his beloved. After just a couple of encounters, Salem knows that between Keeffe's serious need to color inside the lines and Salem's own prevalence toward shades of gray, their different outlooks will cause nothing but problems. Still, Keeffe is Salem's beloved, and he knows he only gets one, so they come to an agreement---no talking shop with each other. When they both uncover leads regarding the hunters troubling the Maven coven, can they figure out how to work together, or will their issues tear not only them apart, but the coven as well?

📖 **Daddy Will Fix It** ,2015-05-01 Sammy will pull at your heart in his struggle for acceptance. Everything Sammy did his whole life was to win love that he felt he never received. Sammy was a gifted artist that was always overshadowed by evil forces, but yet he chose love in a world of so much hate. Sammy's grandmother Ruth saw Sammy for who he really was - a soul simply wanting to be accepted by spreading his gifts. Daddy will Fix It is book one in a trilogy that helps readers take a look inside to make their own right choices, even if it means losing. There is a Sammy in all of us.

📖 **How Do We Fix This Mess? The Economic Price of Having It All, and the Route to Lasting Prosperity** Robert Peston,2012-09-27 'Robert Peston's compelling account of global financial meltdown is a must-read.' Observer What can we learn from the 2008 recession? ITV's political editor explains the global economic mess and how to escape it - in his characteristically straightforward way. 'How do we fix this mess? I don't know. But don't stop reading now. Perhaps if we have a clearer understanding of what went wrong, we'll have a better idea of what needs to be done. This book is a map of what needs to be fixed.' The record-breaking unbroken growth between 1992 and 2008 wasn't the economic miracle that it seemed. It was based on a number of dangerous illusions - most notably that it didn't matter that the UK and US year after year consumed more than they earned. But we couldn't go on increasing our indebtedness forever. The financial crash of 2007/8 and the subsequent economic slump in much of the west was the moment when we realised we had borrowed more than we could afford to repay. So who got it wrong? Bankers, investors and regulators? And were they greedy, stupid or asleep? What was the role of government? And what part did we, as consumers, play in all this? How do we get through this difficult period of transition to a more sustainable economy, one based on investment and exports, rather than on borrowing and consumption? With the same probing lucidity he brought to Who Runs Britain? and WTF?, Robert Peston takes us step-by-step towards a common sense way to fix this mess.

📖 **The Guerrilla Guide to Credit Repair** Todd Bierman,Nathaniel Wice,2005-12-27 A bad credit rating can keep you from buying a house, renting a car, or even sending flowers. Yet most people don't know how to find out the status of their credit or how to fix it if it's bad. This book can save you time and money. Written by a journalist and a credit consultant to the mortgage industry, The Guerrilla Guide to Credit Repair tells you how the major credit bureaus compile your credit history, and teaches you how to deal with them if there is a problem. Easy to use, the book shows you: --How to contact three major credit bureaus and get a copy of your credit report. --How to decipher and understand the report's complex codes, numbers, and implications. --Step-by-step, how to correct errors and clean up your credit history. --How to use your legal rights under the Fair Credit Reporting Act, the Fair Billing Act, and the Truth in Lending Act to protect yourself against credit abuse. Sample credit reports, form letters, and proven techniques for credit repair makes this an invaluable guide for all consumers.

📖 **Find Fix Finish** Ben McKelvey,2022-10-01 The new book from the bestselling author of The Commando and Mosul. It was Australia's longest war, and also our most secretive. In the craggy mountains, green belts and digital battlefields of Afghanistan, concepts of heroism and decency started to warp and Australian special forces operators moved apart on the question of how the war should be conducted - with tragic consequences. For more than a decade, Australia's special forces (SASR) were pushed to the limit as brutal engagements killed 20 Australians and an estimated 11,000 Afghans. Also pushed were the limits of Australian and international law, as Australia's operators fought against - and with - brutal tribal warlords and narco-barons. Increasingly enmeshed in a US-led targeting program that attempted to kill its way out of the war, the Australian SASR became one of the most feared and lethal force elements in the country. But with a corrupt Afghan government, ancient enmity washing into each Afghan valley, and Canberra and Washington uninterested or bereft of strategy, kill/capture missions became their own end, not a means. In the aftermath of the war, rifts, rumours and media reporting triggered an independent inquiry into alleged war crimes, the subsequent Brereton Report and a sensational defamation trial - challenging the hard-won reputation of our elite forces, including Australia's most visible and decorated soldier. Find Fix Finish is a timely investigation into Australia's special forces war in Afghanistan, featuring interviews from civilian strategic decision-makers, as well as Afghan, US and Dutch foreign nationals and former ADF commanders, troopers and privates. Praise for Find Fix Finish: 'They knew Afghanistan to be an unwinnable war, but with customary obeisance to the Pentagon successive Australian governments hazarded the lives of their soldiers. This important book tells the sorry story of how Australian special forces came to specialise in targeted assassination. Never again should Australians be ordered into battle in a war without a just cause.' Geoffrey Robertson KC

 **THE SLOW FIX** Ivan E. Coyote,2010-07 Ivan E. Coyote is one of Canada’s most acclaimed storytellers; her first three collections were insightful, deeply personal stories about gender, identity, and community. Ivan’s most recent book, *Bow Grip* (2006), was her first novel; it won the ReLit Award, was shortlisted for the Ferro-Grumley Fiction Prize in the US, and was named a Stonewall Honor Book by the American Library Association. With *The Slow Fix*, Ivan returns to her short story roots in a collection that is disarming, warm, and funny while at the same time subverting our pre-conceived notions of gender roles. In “By Any Other Name,” Ivan gets into some serious male bonding with her Uncle Rob; in “The Curse?” a cousin’s stepdaughter helps her to overcome her lifelong dread of buying tampons; and in the title story, she does her best to fix what’s wrong in the world by telling the homophobe in the barber’s seat next to hers to shut up. Ivan excels at finding the small yet significant truths in our everyday gestures and interactions. By doing so, she helps us to embrace not what makes us women or men, but human beings.

 **HOW TO FIX EVERYTHING FOR DUMMIES** Gary Hedstrom,Peg Hedstrom,Judy Ondrla Tremore,2011-03-04 The fun and easy way to repair anything and everything around the house for anyone who’s ever been frustrated by repair shop rip-offs, this guide shows how to troubleshoot and fix a wide range of household appliances- lamps, vacuum cleaners, washers, dryers, dishwashers, garbage disposals, blenders, radios, televisions, and even computers. Packed with step-by-step illustrations and easy-to-follow instructions, it’s a must-have money-saver for the half of all homeowners who undertake do-it-yourself projects.

 **THE DIET FIX** Yoni Freedhoff M.D.,2014-03-04 With *The Diet Fix*, weight loss expert Dr. Yoni Freedhoff offers a groundbreaking, useable guide to begin living happily while losing weight permanently. It is time to break the cycle of traumatic dieting. Despite the success stories publicized by Atkins, South Beach, Weight Watchers, and others, 90% of all diets end in failure. How can we fix the way we lose weight so that we make results last? Whether used on its own or in conjunction with any other diet, Dr. Freedhoff’s program shows how to replace a toxic dieting mindset with positive beliefs and behaviors. Dr. Freedhoff has uncovered the flawed thinking that sabotages even the most earnest weight loss efforts. The majority of dieting or weight loss programs call for regular sacrifice: Give up an entire food group; fight hunger day and night; undertake exhausting and grueling exercise regiments. These approaches are unrealistic, unhealthy, and make it nearly impossible to maintain results. Now, at last, there is hope. In *The Diet Fix*, Dr. Freedhoff offers a tested program for breaking down the negative thought patterns that prevent people from losing weight and keeping it off. Through the course of years of research and patient treatment, he has developed a 10-Day Reset that supports losing weight while maintaining a healthy, enjoyable lifestyle. This reset is designed to eliminate the habits that so often lead to weight gain: use it to shut down cravings, prevent indulgences from turning into binges, and break up with the scale once and for all. The 10-Day Reset can make any diet more effective, whether it’s low-carb, low-fat, meal replacement, calorie tracking, or anything in between.

 **FIND, FIX, FINISH** Aki Peritz,Eric Rosenbach,2012-03-13 On 9/11 the U.S. had effectively no counterterrorism doctrine. Fast forward ten years: Osama bin Laden is dead; al Qaeda is organizationally ruined and pinned in the tribal areas of Pakistan and Afghanistan; there has been no major attack on American soil; and while there has been at least one instance of a massive planned attack, it was crushed by the greatest international collaboration of intelligence services seen since the end of the Cold War. It’s been a remarkable transformation. Aki Peritz and Eric Rosenbach have experienced first-hand the monumental strategy changes in our country’s counterterrorism strategy within the intelligence, defense, and political communities. In this book, they show how America learned to be very good at taking on the terrorists, often one at a time, in ever more lethally incisive operations. They offer new details behind some headlines from the last decade. They are frank about the mistakes that have been made. And they explain how a concept coined by General Grant during the Civil War has been reinvented in the age of satellite technology to manage a globally distributed foe, allowing the U.S. to find, fix, and finish its enemies.

 **FIX YOU** Beck Anderson,2015-03-03 In this modern-day Cinderella story with a charming twist, a young widow with two rambunctious sons falls for a gorgeous movie star. But can she handle life in the limelight? When Kelly Reynolds’s husband died two years ago, he left her to raise their two young boys. She’s barely pieced herself back together and takes refuge in her routine, running her kids around town and running the trails near their Idaho home. A chance encounter on a trail run brings famous actor Andy Pettigrew into her life. He’s clearly interested in her, but Kelly hates risk, and a love affair with Andrew is certainly tempting fate. She doesn’t fit into his Hollywood world. She doesn’t own a pair of Louboutins, and she couldn’t walk five steps in them if she did. Andrew oozes cool. She reeks of dork. Despite this, they click. But Andrew struggles with the pressures of his fame, and Kelly’s hold on a so-called normal life is already tenuous. So as much as she wants to indulge the fantasy, she doesn’t know how either of them is supposed to cope with stalkerazzi and tweet-happy fans with camera phones. Especially when she and Andrew both have secrets that seem impossible to keep...
