Pigeon River Blues Wayne Zurl,2016-04-03 Sam Jenkins thinks no good turn goes unpunished when the famous singer he's assigned to protect decides it's hate at first sight. Famous country and western singer C.J. Profitt receives death threats from a group of rightwing zealots. Chief Sam Jenkins gets the job of keeping C.J. safe while she performs at a charity benefit. Problems arise when C.J. says she's dead against any police involvement. Jenkins uses friends and professional colleagues to foil a plot destined to kill not only the local girl turned celebrity, but hundreds of innocent people.

It's a Busload of Pigeon Books! Mo Willems,2013-04-02 It's a busload of the Pigeon books! Climb on board for three picture books starring the famous beleaguered bird—Don't Let the Pigeon Drive the Bus!, The Pigeon Finds a Hot Dog!, and Don't Let the Pigeon Stay Up Late!—by New York Times best-selling author/illustrator Mo Willems. Next stop: super fun reading!

Posthumous Works: The behaviour of pigeons, ed. by Harvey A. Carr Charles Otis Whitman,1919

Frisco Pigeon Mambo C. Douglas Payne,2000 Meet these hard-drinking laboratory refugees, who as the infamous 'Killer Pigeons' create havoc in San Francisco. ... Call them 'America's Most Wanted,' but don't call them pigeons. These swashbuckling outlaws think they're human.--Cover.

Flight Calls John R. Nelson (Ornithologist),2019 The paths of different birds look like double helixes, flowing strands of hair, and migrating serpents, and they beckon with calls that have definite meanings. These mysterious creatures inspire growing numbers of birders in their passionate pursuit of new species, and writer John R. Nelson is no exception. In Flight Calls, he takes readers on explorations to watch, hear, and know Massachusetts's hummingbirds, hawks, and herons along the coasts and in the woodlands, meadows, and marshes of Cape Ann, Cape Cod, the Great Marsh, Mount Auburn Cemetery, the Quabbin wilderness, Mount Wachusett, and elsewhere. With style, humor, and a sense of wonder, Nelson blends his field adventures with a history of the birding community; natural and cultural history; bird stories from authors such as Henry David Thoreau, Emily Dickinson, and Mary Oliver; current scientific research; and observations about the fascinating habits of birds and their admirers. These essays are capped off with a plea for bird conservation, in Massachusetts and beyond--

Pigeons Andrew D. Blechman,2007-10 Many people consider the ubiquitous pigeon to be a pest. But as Blechman demonstrates in his enjoyable and informative book, this much-maligned bird has served humans well for thousands of years.

Secrets of Long-Distance Pigeon Racing Squills,2013-04-16 Originally published in the early 1930s. The author Lt. Col. A. H. Osman was a recognised expert on all aspects of pigeon racing and breeding. This book was originally written in answer to the many questions he received relating to getting birds fit and their training and preparation for long distance racing. The illustrated contents include: Importance of Strain - Young Birds - Yearlings - Third Season Pigeons - Old Birds - Late Birds - Feeding - Exercise etc. Many of the earliest books on pigeons, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Home Farm Books are republishing many of these classic works in affordable, high quality, modern editions, using the original text and artwork.

Droid X For Dummies Dan Gookin,2010-08-20 A full-color guide to the hot-selling Droid X! The Droid X has landed and it's selling like hotcakes! The Passenger Pigeon Errol Fuller,2014-09-15 A haunting, beautifully illustrated memorial to this iconic extinct bird At the start of the nineteenth century, Passenger Pigeons were perhaps the most abundant birds on the planet, numbering literally in the billions. The flocks were so large and so dense that they blackened the skies, even blotting out the sun for days at a stretch. Yet by the end of the century, the most common bird in North America had vanished from the wild. In 1914, the last known representative of her species, Martha, died in a cage at the Cincinnati Zoo. This stunningly illustrated book tells the astonishing story of North America's Passenger Pigeon, a bird species that—like the Tyrannosaur, the Mammoth, and the Dodo—has become one of the great icons of extinction. Errol Fuller describes how these fast, agile, and handsomely plumaged birds were immortalized by the ornithologist and painter John James Audubon, and captured the imagination of writers such as James Fenimore Cooper, Henry David Thoreau, and Mark Twain. He shows how widespread deforestation, the demand for cheap and plentiful pigeon meat, and the indiscriminate killing of Passenger Pigeons for sport led to their catastrophic decline. Fuller provides an evocative memorial to a bird species that was once so important to the ecology of North America, and reminds us of just how fragile the natural world can be. Published in the centennial year of Martha's death, The Passenger Pigeon features rare archival images as well as haunting photos of live birds.

Superdove Courtney Humphries,2008-08-12 Why do we see pigeons as lowly urban pests and how did they become such common city dwellers? Courtney Humphries traces the natural history of the pigeon, recounting how these shy birds that once made their homes on the sparse cliffs of sea coasts came to dominate our urban public spaces. While detailing this evolution, Humphries introduces us to synanthropy: The concept that animals can become dependent on humans without ceasing to be wild; they can adapt to the cityscape as if it were a field or a forest. Superdove simultaneously explores the pigeon's cultural transformation, from its life in the dovecotes of ancient Egypt to its service in the trenches of World War I, to its feats within the pigeon-racing societies of today. While the dove is traditionally recognized as a symbol of peace, the pigeon has long inspired a different sort of fetishistic devotion from breeders, eaters, and artists—and from those who recognized and exploited the pigeon's astounding abilities. Because of their fecundity, pigeons were symbols of fertility associated with Aphrodite, while their keen ability to find their way home made them ideal messengers and even pilots. Their usefulness largely forgotten, today's pigeons have become as ubiquitous and reviled as rats. But Superdove reveals

something more surprising: By using pigeons for our own purposes, we humans have changed their evolution. And in doing so, we have helped make pigeons the ideal city dwellers they are today. In the tradition of Rats, the book that made its namesake rodents famous, Superdove is the fascinating story of the pigeon's journey from the wild to the city—the home they'll never leave.

Aerial Imagination in Cuba Alexandrine Boudreault-Fournier,2019-07-03 Aerial Imagination in Cuba is a visual, ethnographic, sensorial, and poetic engagement with how Cubans imagine the sky as a medium that allows things to circulate. What do wi-fi antennas, cactuses, pigeons, lottery, and congas have in common? This book offers a series of illustrated ethno-fictional stories to explore various practices and beliefs that have seemingly nothing in common. But if you look at the sky, there is more than meets the eye. By discussing the natural, religious, and human-made visible and invisible aerial infrastructures—or systems of circulation—through short illustrated vignettes, Aerial Imagination in Cuba offers a highly creative way to explore the aerial space in Santiago de Cuba today.

The Million Dollar Race Kevin Houston,2017-09-18 From humble beginnings to world renowned boxing promoter, tattoo artist, pigeon racer and entrepreneur; Kevin Houston has lived the life of dreams. That is, until his world was shattered and evaporated in an instant.No one could have predicted Kevin's untimely fall from grace. One minute, rubbing shoulders with celebrities; the next, been thrown headlong into the sinister depths of the British prison system, serving a life sentence behind bars. „This book is an entertaining and revealing insight into the fascinating world of pigeon racing. A world that can be financially lucrative for the most successful of racers, with one particular series of annual* world-wide pigeon races carrying a winner's purse of an astronomical one million US Dollars.

The Meaning of Birds Simon Barnes,2018-01-02 One of our most eloquent nature writers offers a passionate and informative celebration of birds and their ability to help us understand the world we live in. As well as exploring how birds achieve the miracle of flight; why birds sing; what they tell us about the seasons of the year and what their presence tells us about the places they inhabit, The Meaning of Birds muses on the uses of feathers, the drama of raptors, the slaughter of pheasants, the infidelities of geese, and the strangeness of feeling sentimental about blue tits while enjoying a chicken sandwich.From the mocking-birds of the Galapagos who guided Charles Darwin toward his evolutionary theory, to the changing patterns of migration that alert us to the reality of contemporary climate change, Simon Barnes explores both the intrinsic wonder of what it is to be a bird—and the myriad ways in which birds can help us understand the meaning of life.

White Pigeon Frank Sutter,2016-04-16 White Pigeon Adventures. Another day at work. A journey thru space and time. Will I make it home today? *Aaaaw to Zzzzzd: The Words of Birds* John Bevis,2010-08-20 The distinctive and amazing songs and calls of birds: a meditation and a lexicon. “A miraculous little book: a compressed encyclopedia of our fascination with avifauna.” —The Nation “A charming, funny, and eccentric book.” —Times Literary Supplement “An elegant tribute to the beauty of its subject.” —Los Angeles Times Birds sing and call, sometimes in complex and beautiful arrangements of notes, sometimes in one-line repetitions that resemble a ringtone more than a symphony. Listening, we are stirred, transported, and even envious of birds' ability to produce what Shelley called “profuse strains of unpremeditated art.” And for hundreds of years, we have tried to write down what we hear when birds sing. Poets have put birdsong in verse (Thomas Nashe: “Cuckoo, jug-jug, pu-we, to-witta-woo”) and ornithologists have transcribed bird sounds more methodically. Drawing on this history of bird writing, in *Aaaaw to Zzzzzd* John Bevis offers a lexicon of the words of birds. For tourists in Birdland, there could be no more charming phrasebook. Consulting it, we find seven distinct variations of “hoo” attributed to seven different species of owls, from a simple hoo to the more ambitious hoo hoo hoo-hoo, ho hoo hoo-hoo; the understated cheet of the tree swallow; the resonant kreeaaaaaaaaaaaar of the Swainson's hawk; the modest peep peep peep of the meadow pipit. We learn that some people hear the Baltimore oriole saying “here, here, come right here, dear” and the yellowhammer saying “a little bit of bread and no cheese.” Bevis, a poet, frames his lexicons—one for North America and one for Britain and northern Europe—with an evocative appreciation of birds, birdsong, and human attempts to capture the words of birds in music and poetry. He also offers an engaging account of other methods of documenting birdsong—field recording, graphic notation, and mechanical devices including duck calls and the serinette, an instrument used to teach song tunes to songbirds. The singing of birds is nature at its most sublime, and words are our medium for expressing this sublimity. *Aaaaw to Zzzzzd* belongs in the bird lover's backpack and on the word lover's bedside table, an unexpected and sui generis pleasure.

The Passenger Pigeon W. B. Mershon,2013-09 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1907 edition. Excerpt: ... CHAPTER XII The Last of the Pigeons From The Auk, ' July, 1897, under the title Additional Records of the Passenger Pigeon {Ectofistes migratorius.) MOST of the notes on the Passenger Pigeon recorded in the past year have referred to single birds or pairs. It is with much pleasure that I now call attention to a flock of some fifty, observed in southern Missouri. I am not only greatly indebted to Mr. Chas. H. Holden, jr., for this interesting information, but for the present of a beautiful pair which he sent me in the flesh, he having shot them as they flew rapidly overhead. Mr. Holden was, at the time (December 17, 1896), hunting quail in Artie, Oregon County, Mo. The residents of this hamlet had not seen any pigeons there before in some years. Simon Pokagon, Chief of the remaining Pottawattamie tribe, and probably the best posted man on the wild pigeon in Michigan, writes me under date of October 16, 1896: I am creditably informed that there was a small nesting of pigeons last spring not far from the headwaters of the Au Sable River in Michigan. Mr. Chase S. Osborn, State Game and Fish Warden of Michigan, under date, SaultSte. Marie, March 2, 1897, writes: Passenger Pigeons are now very rare indeed in Michigan, but some have been seen in the eastern parts of Chippewa County, in the upper peninsula, every year. As many as a dozen or more were seen in this section in one flock last year, and I have reason to believe that they breed here in a small way. One came into this city last summer and attracted a great deal of attention by flying and circling through the air with the tame pigeons. I have a bill in the Legislature of Michigan, closing the season for killing wild pigeons for ten years. RUTHVEN DEANE, Chicago, 111. From The...
