**Family Photo Detective** Maureen A. Taylor, 2013-01-15  
Unlock the Secrets of Your Old Family Photos! Historical family photos are cherished heirlooms that offer a glimpse into the lives of our ancestors. But the images, and the stories behind them, often fade away as decades pass - the who, when, where and why behind the photos are lost. In this book, photo identification expert and genealogist Maureen A. Taylor shows you how to study the clues in your old family photos to put names to faces and recapture their lost stories. Inside, you'll learn how to:

- Determine the type of image you have - from common paper prints to stereographs to historical daguerreotypes, ambrotypes, and tintypes
- Use clothing, accessories, and hairstyles to date the image in the correct decade
- Research photographer's imprints to narrow down when and where the photo was taken
- Compare facial features in multiple photos to confirm identity and family resemblance
- Interview family members to gather more information about the image
- Identify props in the photo to create context for the image

Each chapter includes dozens of historical photos to illustrate key points and provide clear examples. Charts, timelines and resource lists make it easy to find the exact information you need. Dozens of case studies show you how to apply the techniques in the book to real-life photo research projects. The answers to your family photo questions are closer than you think. Let this book help you start finding them today.

**Intimate** Paisley Rekdal, 2011 A Tupelo Press Lineage Series publication *Intimate* is a hybrid memoir and photo album that blends personal essay, historical documentary, and poetry to examine the tense relationship between self, society, and familial legacy in contemporary America. Typographically innovative,

Intimatecreates parallel streams, narrating the stories of Rekdal's Norwegian-American father and his mixed-race marriage, the photographer Edward S. Curtis, and Curtis's murdered Apsaroke guide, Alexander Upshaw. The result is panoramic, a completely original literary encounter with intimacy, identity, family relations, and race. Praise for Paisley Rekdal's previous books: Rekdal ... cleverly dissects what it means to be biracial in America and overseas in this artful collection.... The narrative structure is inventive and draws from her sharply honed skills as a poet.... Rekdal has a lot to say.--Booklist Dazzling. Just as a kaleidoscope refracts and changes the object viewed, Rekdal's subjects and protagonists are often unable to tell themselves from the stories they've been told.--Publishers Weekly
