Professional Image Editing Made Easy with Affinity Photo Jeremy Hazel,2023-05-31 Utilize Jeremy Hazel's vast Affinity Photo expertise to confidently solve problems in your photo edits by understanding the workflow structure and arming yourself with the most effective photo editing techniques in Affinity Photo. Key Features: Learn to use masking, selection, brushes, blend mode, and color tools in the photo editing workflow. Unveil advanced personas used in the editing pipeline like tone mapping, liquification, and more. Create your own brushes and build your artistic palette in Affinity Photo. Book Description: In this book, you'll explore the Affinity Photo program through practice-based learning as you make popular photo edits, learning the tools and techniques in conjunction with the workflow concept. Instead of comprehensive description of the tools, you'll learn through practical application and understand why they work, not just how they work. This is neither a technical manual nor a workbook but a project-based hybrid approach that provides a deeper understanding of how to use each tool to achieve your goal. Starting with the fundamentals of navigating the interface, understanding layers, and making your first edit, this Affinity Photo book gradually increases the complexity of projects. You'll go from single-layer edits, composites, and RAW development to putting together a complex composition using the tools that you've learned along the way. Additionally, you'll learn the best practices used by expert photo editors for a flawless finish. By the end of this book, you'll have a good body of work, be able to evaluate the edits you want to make, and achieve desired results with Affinity Photo. What you will learn: Develop a repeatable methodology for use in your photo editing style. Understand the most frequently utilized techniques by professional editors. Compete a body of work for use and reference in future projects. Develop your own libraries of assets, macros and tone mapping presets for your style. Recreate popular editing styles utilized in print and film. Recondition older family photos. Understand and deconstruct other editing styles to expand your knowledge. Who this book is for: If you are a beginner to any form of photo editing or are a Photoshop user switching from Adobe, this book is for you. This book is also for small business owners who want to do brand-specific editing on stock photos but have limited experience in photo editing. Beginner-level editors, photographers, and people looking to get into product photography and advertising will be able to make the most out of this book.

Affinity Photo How To Robin Whalley, Are you ready to improve your skills and knowledge of Affinity Photo? If you ever find yourself wondering how to do something in Affinity Photo, then this book is for you. It doesn't matter if you are a novice or advanced Affinity user, you are likely to discover something you didn't know by reading this book. In *Affinity Photo How To* you will learn how to perform common tasks such as how to crop a photo, how to sharpen an image or how to create a mask. But in doing so you will learn much more than just a collection of simple techniques. Each chapter of the book focusses on a different activity, and using instructive exercises, explains how Affinity Photo works. Importantly, it links what might seem unrelated activities together, to build your understanding and editing skill in Affinity Photo. By the end of this book, you will find you are delving deep into Affinity Photo to perform tasks such as easily creating complex selections and masks. Here are just a few examples of what you will learn: · How to customise almost every aspect of the Affinity interface. · How to control the many different options when exporting an image, like colour space, bit depth and image resolution. · How to edit images using different colour formats for example RGB and CMYK, but how to do this without changing the image format. · How to easily add layer effects including shadows, outlines, and glows. · How blending modes work and how you can use these with different Affinity Photo tools like the Paint Brush. · How to use the Refine Selection dialog to greatly improve the accuracy of a selection automatically. What may seem like a simple topic will probably delve much deeper into Affinity Photo than you imagine. Accompanying the many exercises in this book are sample files. You can download these from the authors website, allowing you to follow along in your own copy of Affinity Photo. Packed with tips and advice, this book is a valuable resource for all users of Affinity Photo.

In the Limelight Steve Eichner, Gabriel Sanchez,2020-10-20 Dive into the 1990s New York club scene with never-before-seen photos by its most prolific photographer, Steve Eichner. Eichner was a fixture of 1990s New York City nightlife and served as both its official and unofficial photographer in an era before cellphones and selfies. In this book, readers go beyond the velvet ropes and into the spaces that witnessed some of the decade's most incredible and sought-after parties. Previously unpublished, these intoxicating full-color photographs capture the over-the-top costumes, non-stop dancing, glitter, confetti, sex, drugs, and music that made 90s New York unlike any other place. Celebrities abound, from Leonardo DiCaprio, Dennis Hopper, and Tupac to Joan Rivers, Michael Musto, and Donald Trump. Eichner takes you to many of the city's hot spots, including the Limelight, the Tunnel, Webster Hall, Club Expo, and Club USA. Texts by famous club owner Peter Gatien and BuzzFeed photo essay editor Gabriel H. Sanchez offer a historic and cultural perspective on an era when New York City was more affordable and every night saw artists, bankers, drag queens, musicians, and poets reveling together.

Essential Affinity Photo Robin Whalley, Quickly learn Affinity Photo image editing Affinity Photo is the hot photo editing package from Serif. It can compete head on with the latest version of Photoshop. It's also affordable, incredibly powerful and exceptionally flexible. But all this power and flexibility brings its own challenges. Just like Photoshop, Affinity Photo can be confusing and tricky to learn. Even with a background in Photoshop image editing it's likely you will miss a lot of its features. And unlike Photoshop you won't have an endless choice of books to learn from. Which is where "Essential Affinity Photo" comes to the rescue. In this comprehensive yet easy to follow book, Landscape Photographer Robin Whalley explains the core features of Affinity Photo Desktop. Written in his unique, easy to understand style, Robin explains logically the essential techniques you need to know to learn Affinity Photo. Follow this book and its examples and you will soon be editing images as though you have been using the software for years. The book is arranged into a series of lessons that focus in on the essential image editing skills. Each lesson builds on the previous one, minimising repetition and saving you valuable time. You will learn about: - Different Affinity Photo Personas, what these do and how to navigate them. - The Develop Persona, using it to convert a Raw photo file into a high-quality image. - How layers form the backbone of the Photo Persona and how to use them to improve your editing. - Different Adjustment layers, filters and live filters you can apply, to fine tune and improve your photography. - How to convert your images to black and white as well as important techniques such as Dodging and Burning. - Creating and using layer masks to precisely target your adjustments to specific areas of an image. - Harnessing the power of the Export Persona. - And lots more. Throughout the book there are examples and exercises for you to follow. The author provides the images for these on his website, allowing you to follow along on your own computer. You won't need to wade through hundreds of pages to find answers. This is a comprehensive and concise guide to help you learn Affinity Photo. It doesn't matter if you are a complete novice or have some experience of Affinity Photo, this book could help improve your Affinity Photo editing.

Light It, Shoot It, Retouch It Scott Kelby, 2011-09-02 FOR THE FIRST TIME EVER, YOU'LL LEARN ALL THREE ASPECTS OF WHAT IT TAKES TO CREATE STUNNING PORTRAITS (HINT: IT'S NOT JUST THE LIGHTING) Scott Kelby, the world's #1 best-selling author of photography books, Editor-in-Chief and Publisher of Photoshop User magazine, and Publisher of the just-released Light It magazine, has reinvented how lighting books are written by finally revealing the entire process from start to finish. You see everything from the complete lighting setup (and all the gear used), to the shoot (including all the camera settings and a contact sheet of the progression of the shoot), to the all-important part that most books don't dare include—the post-processing and retouching in Photoshop. This book also breaks new ground in the visual way it teaches you the lighting setup. There aren't any sketches or 3D models—you see the lighting layout in a full-page photo, taken from above during the live shoot, so you can see exactly where everything's positioned (the subject, the photographer, the lighting, the background—you name it—you see it all). Plus, you'll see side, over-the-shoulder, and more behind-the-scenes views, so you can absolutely nail the lighting every time. LEARN THE LIGHTING SETUPS THE PROS USE Each year, Scott trains thousands of professional photographers during his Light It. Shoot It. Retouch It. LIVE! seminar tour and now, for the first time ever, he's taken that incredibly popular style of learning and put it into book form. Now everyone can have a real-world reference for getting the same looks today's clients are clamoring for. You'll learn: The step-by-step layouts for creating the most-requested and sought-after lighting looks How to get more out of one light than you ever thought you could (this is worth it alone!) How to control and shape your light without breaking the bank The camera settings, gear, and power settings for every shot The retouching techniques the pros really use to make their subjects look their very best How to retouch hair, eyes, lips, skin, and lots of other little retouching tricks that make a really big difference How to create high-contrast portrait effects without buying expensive plug-ins A host of insider tricks, invaluable shortcuts, and kick-butt special effects to give you a real advantage over the competition Plus, Scott includes a special bonus chapter that shows how to create these same studio looks using off-camera hot shoe flashes and the modifiers made for them. There's never been a book like it.
