A Lullaby for Witches Hester Fox, 2022-02-01 Two women. A history of witchcraft. And a deep-rooted female power that sings across the centuries. Once there was a young woman from a well-to-

do New England family who never quite fit with the drawing rooms and parlors of her kin. Called instead to the tangled woods and wild cliffs surrounding her family's estate, Margaret Harlowe grew both stranger and more beautiful as she cultivated her uncanny power. Soon, whispers of "witch" dogged her footsteps, and Margaret's power began to wind itself with the tendrils of something darker. One hundred and fifty years later, Augusta Podos takes a dream job at Harlowe House, the historic home of a wealthy New England family that has been turned into a small museum in Tynemouth, Massachusetts. When Augusta stumbles across an oblique reference to a daughter of the Harlowes who has nearly been expunged from the historical record, the mystery is too intriguing to ignore. But as she digs deeper, something sinister unfurls from its sleep, a dark power that binds one woman to the other across lines of blood and time. If Augusta can't resist its allure, everything she knows and loves—including her very life—could be lost forever. Don't miss Hester Fox's next novel, *THE BOOK OF THORNS*, where two sisters who never knew the other existed meet on opposite sides during the Napoleonic Wars and must use the magic of flowers to solve the mystery of their mother's death—while surviving the war raging around them... Look for these other gothic mysteries from Hester Fox: *The Last Heir to Blackwood Library* *The Witch of Willow Hall* *The Widow of Pale Harbor* *The Orphan of Cemetery Hill*

Their site, and now this book, offer extensive, in-depth tutorials both for budding iPhoneographers looking to advance their craft, and professionals attempting to harness a new toolkit in service of their vision. With thousands of apps available and more flooding the market daily, every new iPhoneographer wonders, What apps should I use? The answer to that question is so complex, with so many variables, that an illustrated tutorial such as this becomes an invaluable tool. There is really nothing like it. It does not offer the advice of a single artist or showcase images from a small artistic segment. Indeed, it offers up stories, knowledge, tips, and secrets from many of the key players in the formation of this movement, showcasing more than 40 artists and tutorials and 80 pages of iPhonic art. - Daria Polichetti, Co-Founder of Los Angeles Mobile Arts Festival
