The full-color book includes a DVD with hand-on exercises and practice images as well as 72 new video training tutorials (more than 6+ hours) that expand on the lessons in the book and provide a rich multimedia experience for beginning and intermediate Photoshop users. Coverage of exciting new Photoshop CS5 features includes: Puppet Warp, Merge to HDR Pro, Content-Aware Fill/Scale/Heal, 3D Text, Mixer Brush, and Lens Corrections. You will also learn about: Repairing and retouching digital images Color corrections and enhancements Blending modes and maximizing filters Selection tools and techniques Photoshop actions and automations to speed up your workflow Camera Raw workflow About the author: Richard Harrington is the founder of RHED Pixel, a visual communications company based in Washington, D.C. A graphic design and new media expert, he has written several books including Photoshop for Video and Apple Pro Training Series: Aperture 2. He is an Adobe and Apple certified trainer and a National Association of Photoshop Professionals Dream Team Instructor. He produces the popular podcast Understanding Adobe Photoshop available on both iTunes and the Adobe TV. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for Where are the lesson files? Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Layers Matt Kloskowski, 2010-10-29 In 2008, Adobe Photoshop pro and best-selling author Matt Kloskowski broke new ground teaching Photoshop by focusing on the one thing that makes Photoshop the amazing (and sometimes difficult to understand) program it is: layers. Now, Matt returns with a major update that covers layers in Photoshop CS5 in the same concise, easy to understand way that's made him so well known in the field of Photoshop training. When asked about the original version of this book, Matt said, I wanted it to be the Photoshop book that I wish was around when I was first learning. This update improves upon that concept. Within these pages, you'll learn about: Working with and managing multiple layers in Photoshop CS5 Building multiple-layer images Blending layers together Layer masking and just how easy it is Which of the 25+ layer blend modes you really need to know (there are just a few) Using layers to enhance and retouch your photos All of the tips and tricks that make using layers a breeze Plus, a new chapter on advanced layer techniques and compositing to help take your work to the next level If you want to fully understand layers in Photoshop CS5, this book is the one you've been waiting for!

The Adobe Photoshop CS5 Book for Digital Photographers Scott Kelby, 2010-07-29 Are you ready for an amazing new version of The Photoshop Book that breaks all the rules? Scott Kelby, Editor and Publisher of Photoshop User magazine—and the best-selling Photoshop author in the world today—once again takes this book to a whole new level as he uncovers more of the latest, most important, and most useful new Adobe Photoshop CS5 techniques for digital photographers. This major update to his award-winning, record-breaking book does something for digital photographers that's never been done before—it cuts through the bull and shows you exactly “how to do it.” It's not a bunch of theory; it doesn't challenge you to come up with your own settings or figure it out on your own. Instead, Scott shows you step by step the exact techniques used by today's cutting-edge digital photographers, and best of all, he shows you flat-out exactly which settings to use, when to use them, and why. That's why the previous editions of this book are widely used as the official study guide in photography courses at colleges and universities around the world. Learn how the pros do it Each year, Scott trains thousands of professional photographers how to use Photoshop, and almost without exception they have the same questions, the same problems, and the same challenges—and that's exactly what he covers in this book. You'll learn: The sharpening techniques the pros really use. The pros' tricks for fixing the most common digital photo problems fast! The step-by-step setup for getting what comes out of your printer to match exactly what you see onscreen. A whole chapter on how to process HDR (High Dynamic Range) images using CS5's new Merge to HDR Pro. How to master CS5's new Content-Aware Fill. How to color correct any photo without breaking a sweat. How to process RAW images like a pro (plus how to take advantage of all the new Camera Raw features in CS5!). How to use the included gray card to make color correction just a matter of three clicks. How to show your work like a pro! A host of shortcuts, workarounds, and slick “insider” tricks to send your productivity through the roof! Plus, Scott includes a special bonus chapter with his own CS5 workflow, from start to finish, and each chapter ends with a Photoshop Killer Tips section, packed with time-saving, job-saving tips that make all the difference. If you're a digital photographer, and if you're ready to learn all the “tricks of the trade”—the same ones that today's leading pros use to correct, edit, sharpen, retouch, and present their work—then you're holding the book that will do just that.
