Making A Photo Collage Canvas I Stephen Peace,2023-11-27 I show my process of using 4 by 6 printed photos and adding them to a used canvas. This makes a unique photo collage canvas. I can then sell the individual collage and the giclee image of the canvas. Many of my enhanced photos I have developed over years and like showcasing them in these photo collages. Every time I print them off I can select from thousands of my enhanced images. It makes the process new every time I do it.

By Referral Only Lyla Payne,2013-06-27 After being unceremoniously dumped freshman year because of her family's "new money" status, Ruby Cotton has

taken care not to put her heart on the line. No matter how enticing Emilie and Quinn make it look, relationships are scary and hard—while a string of flings is easy and fun. That’s what Ruby wants. Easy and fun. The only problem is, when it comes to satisfaction in the sack, most of the boys at Whitman are nothing but pretty window dressing and false advertising. Ruby takes it upon herself to make campus life more fulfilling, creating a referral database that allows female students to rate their sexual experiences, thereby informing girls of what they’re getting into before agreeing to a date. When her acting partner, Liam Greene, finally shows some interest, Ruby figures she won’t need to utilize the helpful gossip. He’s handsome, fun, and most importantly, not a guy she’d ever fall for hard enough to let him break her heart. Not only that, but dating Liam gives Ruby the perfect excuse to say no to Cole Stuart. As a star swimmer and heir to honest-to-God Scottish royalty, Cole sits at the top of Whitman’s A-list—but he’s also the lowest rated referral on Ruby’s website. The ratings make rejecting his repeated requests for a date a no-brainer, but her real reason for avoiding Cole runs deeper than a string of unsatisfied exes. He’s gorgeous, he oozes sweetness and charm, and the electricity between them could power half of Whitman, but Ruby knows it will only last until his family or friends convince him she’s not good enough. Before she knows it she’s falling anyway, waiting for the other shoe to drop but clinging to a tentative hope that Cole might be as different as he seems. When the secret behind his low ratings comes to light, that hope is torn apart, and Ruby wonders if she was right to give him her heart...and whether she has the strength to let him keep it.

High-Hanging Fruit Mark Rampolla,2016-07-19 Grabbing the low-hanging fruit is no longer acceptable. ZICO Coconut Water founder Mark Rampolla argues that when you choose to reach higher, you can build an incredible business, be profitable, and maybe even change the world. In 2004, Mark Rampolla was successful by most standards. There was just one problem: He wasn’t inspired in his job and believed he had something more to contribute to the world. When he asked himself, What do I have to offer that will improve the world? Rampolla realized that his big idea was hanging right overhead. From his time living in Central America, he and his family came to love drinking coconut water, just like the locals. But no one was really selling coconut water in

the United States. So Rampolla chased a very ambitious goal: introducing coconut water to the American beverage market dominated by a few big players. He wasn't just starting a business; he was creating a whole new industry. ZICO Coconut Water brought a healthy beverage alternative to American consumers while also helping developing-world growers and suppliers profit from this resource. It was a win-win-win—good for Rampolla, his customers, and the world. So good, in fact, that in 2013 the Coca-Cola Company purchased ZICO and is scaling the brand around the globe. Rampolla wrote *High-Hanging Fruit* for others who want to succeed because of, not in spite of, their values. This book is for people who believe that it's their duty to reach higher than just the bottom line to build businesses driven by passion, purpose, and integrity. Above all, it's a call to arms for a new generation of entrepreneurs who want to disrupt the old model and do good by doing business.

The Floppy Baby Sharilynn La May, 2020-08-15 Bobby never learned to crawl. At three he managed to walk--slowly and painfully. After misdiagnosis and botched surgeries, the boy's mother was told he had a neuromuscular disease that had no cure. He would not live much beyond thirty. Although his mother told him not to hope, Bobby's grandparents encouraged him to not to give in. The unconditional love of his two cousins gave him courage and self-esteem. As he moved from leg braces to wheelchair to driving a specialty built car, Bobby proves to his skeptical parents he can manage without them. Bobby fights pain, anger, and depression, but never does he turn to alcohol or drug abuse on his journey toward independence. Rather, he immerses himself in college studies, job hunting, and finding friends. You'll both cry and clap at the struggles of this extraordinary, intelligent, young man who makes some of his dreams come true.

Unexpected Risk Desiree Holt, 2020-12-14 Her so-called gift put her in perilous situations... Janet Rodman barely controlled her psi ability as an empath to teach school and hang with a few friends. She never knew when a wave of unsuitable emotions from others would assault her. She had learned to build walls to live her life but evil could break them down. A job as a private tutor kept her safe from assault...or so she thought. He wasn't looking for a woman in his life... Former SEAL and top tier attorney J. T. Fitzpatrick wasn't interested in bringing a woman into his house. A bitter divorce took care of that. But when his friends at The Phoenix Agency called on his help to rescue a woman in danger, how could he say no? He's unprepared for the instant attraction to Janet Rodman, but he's not looking for a relationship and this is supposed to be a strictly business deal. The Darkman isn't about to let some woman interrupt his mission in life... His plan is working perfectly, and the bodies are piling up. He can't let Janet Rodman screw them up. But when she disappears, he pulls out all stops to find and eliminate her. And he'll kill anyone who gets in the way. With the chemistry exploding between them, can the former SEAL keep Janet safe and destroy the killer before he destroys them?
