*Chopin: Pianist and Teacher* Jean-Jacques Eigeldinger, 1986 The first English paperback edition of the unique collection of documents which reveal Chopin as teacher and interpreter of his own music.

*Chopin's Prophet* Edward Blickstein, Gregor Benko, 2013-09-05 Vladimir de Pachmann was perhaps history's most notorious pianist. Widely regarded as the greatest player of Chopin's works, Pachmann embedded comedic elements—be it fiddling with his piano bench or flirting with the audience—within his classic piano recitals to alleviate his own anxiety over performing. But this wunderkind, whose admirers included Franz Liszt and music critic James Gibbons Huneker (who cheekily nicknamed Pachmann the “Chopinzee”), would by the turn of the century find his antics on the concert stage scorned by critics and out of fashion with listeners, burying his pianistic legacy. In *Chopin's Prophet: The Life of Pianist*

Vladimir de Pachmann, the first biography ever of this remarkable figure, Edward Blickstein and Gregor Benko explore the private and public lives of this master pianist, surveying his achievements within the context of contemporary critical opinion and preserving his legacy as one of the last great Romantic pianists of his time. Chopin's Prophet paints a colorful portrait of classical piano performance and celebrity at the turn of the 20th century while also documenting Pachmann's attraction to men, which ultimately ended his marriage but was overlooked by his audiences. As the authors illustrate, Pachmann lived in a radically different world of music making, one in which eccentric personality and behavior fit into a much more flexible, and sometimes mysterious, musical community, one where standards were set not by certified experts with degrees but by the musicians themselves. Detailing the evolution of concert piano playing style from the era of Chopin until World War I, Chopin's Prophet tells the fantastic and true story of an artist of and after his time.

### Chopin: Pianist and Teacher Jean-Jacques

Eigeldinger, 1988-12-01 The first English paperback edition of the unique collection of documents which reveal Chopin as teacher and interpreter of his own music. From the accounts of his pupils, acquaintances and contemporaries, together with his own writing, we gain valuable insight into Chopin's pianistic and stylistic practice, his teaching methods and his aesthetic beliefs. The documents are divided into two categories: those concerning technique and style, two notions inseparable in Chopin's mind, and those concerning the interpretation of Chopin's works. Extensive appendix material presents Chopin's essay 'Sketch for a method', as well as annotated scores belonging to Chopin's pupils and acquaintances, and personal accounts of Chopin's playing as experienced by his contemporaries: composers and pianists, pupils and

friends, writers and critics. The statements of Chopin's own students in diaries, letters and reminiscences, written, dictated or conveyed by word of mouth, provide the bulk of these accounts. Throughout the book detailed annotations add a valuable scholarly dimension, creating an indispensable guide to the authentic performance of Chopin's piano works.

**The Pianist's Craft** Richard P. Anderson, 2012 No pianist can experience the full flowering of her art without eventually grappling with those great musical minds who composed specifically for piano. In *The Pianist's Craft*, Richard Anderson collects from his fellow pianist-scholars 19 articles on the teaching, preparation, and performance of works by the greatest composers in the standard piano repertoire. This collection ranges in subject matter from Inge Rosar's meditation on playing Bach on the modern keyboard to Gary Amato's assessment of Haydn's sonatas, from Christie Skousen's review of tone production in Chopin to Gwenolyn Mok's foray into recreating Ravel's works on an Erard piano, the same used by Ravel himself. Readers will find essays as well on Mozart's piano compositions, Beethoven's sonatas, the influence of Schubert's lieder on his piano works, and works by Schumann, Liszt, Brahms, Debussy, Rachmaninoff, Scriabin, Prokofiev, Shostakovich, Bartok, Gershwin, and Crumb. The contributors--all recognized nationally and internationally for their contributions as performing artists, teachers, recording artists, and clinicians--write thoughtfully about the composers whose work they have studied and played for years. Each author addresses issues unique to the individual composer they have chosen to explore, examining questions of phrasing, tempo, articulation, dynamics, rhythm, color, gesture, lyricism, instrumentation, and genre. Valuable insight is provided

into teaching, performing, and preparing these great works. In *The Pianist's Craft* these great artists and teachers answer questions for readers that are otherwise only addressed in conferences, master classes, and private lessons. In this collection of essays, key points of information and instruction are offered with over 200 musical examples included as illustration. *The Pianist's Craft* is intended for teachers and students of the intermediate and advanced levels of piano, instructors and performers at the university level, and those who love piano and piano music generally.

*Chopin* Jim Samson, 1997 From Frederic Chopin's birth in Poland and eventful flight in the wake of the Polish rebellion against the Russians, through his life in Paris and his ill-fated love affair with George Sand, until his eventual death of tuberculosis, this latest entry in the popular Master Musician Series examines the life and work of the great pianist and composer. 16 photos. 47 music examples.

**Technical Exercises (Complete)** Franz Liszt, Julio Esteban, 2005-05-03 This edition is comprised of 86 different technical exercises composed by Liszt during 1868 to 1880. Liszt intended these highly challenging exercises to build greater performance skills in virtuoso pianists. The complete series consists of twelve volumes, each one dealing with a different pianistic problem. This edition has been compiled from the original set to present the exercises in a reasonable length without harming the essence and effectiveness of the original work.

**The Piano Master Classes of Franz Liszt, 1884-1886** August Göllerich, 1996 Presents diaries and notes by a student and secretary of Franz Liszt, providing a first-hand glimpse of the Master's approach to piano teaching, his musical and social likes and prejudices, and the way he encouraged and befriended his students.

Includes notes on pieces played and Liszt's comments on them, as well as his comments on pieces by other composers. Contains musical examples, a chronology of Gollerich's life, a glossary, and an introduction to the diaries. Annotation copyright by Book News, Inc., Portland, OR
