These Wilds Beyond Our Fences Bayo Akomolafe, 2017-11-14 Tackling some of the world's most profound questions through the intimate lens of fatherhood, Bayo Akomolafe embarks on a journey of discovery as he maps the contours of the spaces between himself and his three-year-old daughter, Alethea. In a narrative that manages to be both intricate and unguarded, he discovers that something as commonplace as becoming a father is a cosmic event of unprecedented proportions. Using this realization as a touchstone, he is led to consider the strangeness of his own soul, contemplate the myths and rituals of modernity, ask questions about food and justice, ponder what it means to be human, evaluate what we can do about climate change, and wonder what our collective yearnings for a better world tell us about ourselves. *These Wilds Beyond Our Fences* is a passionate attempt to make sense of our disconnection in a world where it is easy to feel untethered and lost. It is a father's search for meaning, for a place of belonging, and for reassurance that the world will embrace and support our children once we are gone.

clues mount to reveal a shocking discovery, connecting their ideal crime-free community to some of the greatest criminal masterminds ever known. The kids realize they can trust no one—least of all their own parents.

The Blue Forest Luke Fischer, 2018-12 This book is a magical collection of seven bedtime stories for 6 to 9 year olds -- one story for each night of the week, each featuring one of the seven colours of the rainbow. The stories are all new, yet have a timeless, dreamy quality to them, which is perfect for sleepy night-time reading. The seven stories form a harmonious circle: the first story features a small girl wearing a dress as white as the stars, who discovers a casket of jewels in a forest of blue trees. In the last story, a pink butterfly flutters from an old woman's garden to a hut in the woods, where a girl in a white dress sleeps. In between are a host of other wonderful characters, including a red bird whose song inspires dreams, a boy with a golden flower, an astrologer who paints stars from his purple tower, fish that transport raindrop-jewels to an underwater sea cave, and a mother and baby possum who discover a mysterious green sanctuary. Parents and children alike will delight in the vivid imagery in these enchanting tales, which lead the

imagination from the clear outlines of the waking world into the elusive realm of dreams.

The Soul and the Seed Arie Farnam, 2014-10-04 What if your very existence threatened the heart of power? It's the 21st century, right now, in America and on the surface everything looks just fine. But the commonly accepted image of society is an illusion. A clandestine force usurps the desires of individuals, and those who won't conform must be crushed to preserve the appearance of free will. Aranka is just a sixteen-year-old girl but a fluke in her genes makes her a threat. Those with power will stop at nothing to protect their supremacy. She is kidnapped by doctors who claim she's sick but it's only a matter of time before it's her turn to die. A diverse band of outlaws from every corner of the globe represent the only hope of resistance. Kenyen, a young doctor, infiltrates to the heart of the oppression but he can't stop the terror. He just wants to save one life. In the process he uncovers the Seed, the first flicker of hope in a thousand years. The Soul and the Seed is the first book in The Kyrennei Series - a dystopian fantasy thriller of today's world. The second book is The Fear and the Solace.
