Reichert, Annika Richterich, Pablo Abend, Mathias Fuchs, Karin Wenz, 2016-12-31 »Digital Culture & Society« is a refereed, international journal, fostering discussion about the ways in which digital technologies, platforms and applications reconfigure daily lives and practices. It offers a forum for critical analysis and inquiries into digital media theory and provides a publication environment for interdisciplinary research approaches, contemporary theory developments and methodological innovation. The third issue »Politics of Big Data« edited by Mark Coté, Paolo Gerbaudo, and Jennifer Pybus, critically examines the political and economic dimensions of Big Data and thus details its contestation. The contributions focus on the materialities and processes which manifest Big Data and explore forms of value beyond the state and capital. These range from open data initiatives, social media metrics, machine learning algorithms, data visualisation to data dashboards, critical data analysis, and new modes of data action research and practice.

Contemplative Vision Dirk deVries, 2019-03-17 •
Your cell phone camera can be a window to wonder –

and God • Includes practical guidance, reflection questions, activities, and examples • Can be used by youth or adult groups or for individual spiritual practice There's more to life than selfies! With the advent of digital photography and the widespread use of camera-equipped smart phones, we have all become photographers. Can the same technology that makes the upload of selfies and endless posting to Instagram and Facebook also function as a tool for quiet contemplation, connection, and deeper meaning? Indeed yes: the practice of contemplative photography invites people of faith to set aside distractions of contemporary life to view the world through the eyes of the divine and uncover the extraordinary in the ordinary. Reflection questions, suggested activities, invitations to journal and create a volume of discovery, and original photographs taken by the author are accompanied by inspirational quotes and passages from scripture. Providing practical guidance for photography as a means of meditation and reflection and a form of prayer, readers will be encouraged to be seekers, open and present, ready to be refreshed, renewed, and delighted.

Appropriating ideas and visual references from Stewart Brand's Whole Earth Catalog, Hard Copy represents the power that the tool bestows on the contemporary artist by listing, reviewing and appropriating information on a selection of 'artists' tools.
