*Braced* Alyson Gerber, 2017-03-28 The first contemporary novel about a disease that bends the lives of ten percent of all teenagers: scoliosis. Rachel Brooks is excited for the new school year. She's finally earned a place as a forward on her soccer team. Her best friends make everything fun. And she really likes Tate, and she's pretty sure he likes her back. After one last appointment with her scoliosis doctor, this will be her best year yet. Then the doctor delivers some terrible news: The sideways curve in Rachel's spine has gotten worse, and she needs to wear a back brace twenty-three hours a day. The brace wraps her in hard plastic from shoulder blades to hips. It changes how her clothes fit, how she kicks a ball, and how everyone sees her -- even her friends and Tate. But as Rachel confronts all the challenges the brace presents, the biggest change of all may lie in how she sees herself. Written by a debut author who wore a brace of her own, *Braced* is the inspiring, heartfelt story of a girl learning to manage the many curves life throws her way.

*The Line Tender* Kate Allen, 2020-04-21 Funny, poignant, and deeply moving, *The Line Tender* is a story of nature's enduring mystery and a girl determined to find meaning and connection within it. Wherever the sharks led, Lucy Everhart's marine-biologist mother was sure to follow. In fact, she was on a boat far off the coast of Massachusetts, collecting shark data when she died suddenly. Lucy was seven. Since then Lucy and her father have kept their heads above water--thanks in large part to a few close friends and neighbors. But June of her twelfth summer brings more than the end of school and a heat wave to sleepy Rockport. On one steamy day, the tide brings a great white--and then another tragedy, cutting short a friendship everyone insists was meaningful but no one can tell Lucy what it all meant. To survive the fresh wave of grief, Lucy must grab the line that connects her depressed father, a stubborn fisherman, and a curious old widower to her mother's unfinished research on the Great White's return to Cape Cod. If Lucy can find a way to help this unlikely quartet follow the sharks her mother loved, she'll finally be able to look beyond what she's lost and toward what's left to be discovered. ★ Confidently voiced.—Kirkus Reviews, starred ★ Richly layered.—Publishers Weekly, starred ★ A hopeful path forward.—Booklist, starred ★ Life-affirming.—BCCB, starred ★ Big-hearted.—Bookpage, starred ★ “Will appeal to just about everyone.” – SLC, starred ★ Exquisitely, beautifully real.—Shelf Awareness, starred
