

Picture Perfect Beach Scene

Lynn Cahoon

Take Me to My Paradise Colleen Ballerino Cohen,2010-09-27 The British Virgin Islands (BVI) markets itself to international visitors as a paradise. But just whose paradise is it? Colleen Ballerino Cohen looks at the many players in the BVI tourism culture, from the tourists who leave their graffiti at beach bars that are popularized in song, to the waiters who serve them and the singers who entertain them. Interweaving more than twenty years of field notes, Cohen provides a firsthand analysis of how tourism transformed the BVI from a small neglected British colony to a modern nation that competes in a global economic market. With its close reading of everything from advertisements to political manifestos and constitutional reforms, *Take Me to My Paradise* deepens our understanding of how nationalism develops hand-in-hand with tourism, and documents the uneven impact of economic prosperity upon different populations. We hear multiple voices, including immigrants working in a tourism economy, nationalists struggling to maintain some control, and the anthropologist trying to make sense of it all. The result is a richly detailed and accessible ethnography on the impact of tourism on a country that came into being as a tourist destination.

Come Walk with Me Joyce Hightower,2012-04-18 Every day events can teach important life lessons. Author Joyce Hightower shares some of the amazing spiritual lessons she learned throughout her life, while raising her three children, and during the times she lived in and led mission trips to Africa.

Picture Perfect Frame Lynn Cahoon,2021-03-16 In the newest cozy caper in the New York Times and USA Today bestselling Tourist Trap series, a new art studio has opened in the coastal California town of South Cove—but it's about to turn into a crime scene. . . As the owner of Coffee, Books, and More, Jill Gardner likes to support other Main Street businesses, so she attends a paint-and-sip event where, sadly, her brushstrokes look more like blobs. It's still a fun night of DIY crafts and full glasses of wine though—except for a disruption by a couple doing more sipping than painting. Jill's police-detective boyfriend is on alert, but when a designated driver volunteers to take the drunken pair back to their bed and breakfast, everything seems resolved. Until the wife's body turns up the next morning back in the studio. The victim, Nan, is from out of town, so it's hard to imagine who'd have a motive aside from her spouse. Now, in between puzzling over her fortuneteller neighbor's strange behavior, preparing for her best friend's wedding, and pouring cups of java at the bookstore, Jill must uncover the secrets of Nan's life and find out who wanted her out of the picture . . . Praise for Lynn Cahoon "I love the author's style, which was warm and friendly . . . [A] wonderfully appealing series." —Dru's Book Musings on the Tourist Trap Mysteries "Well-crafted . . . Cat and crew prove to be engaging characters and Cahoon does a stellar job of keeping them—and the reader—guessing." —Mystery Scene on A Story to Kill

Picture Perfect Practice Roberto Valenzuela,2012-02-14 Foreword by Skip Cohen Translating the chaos of the real world into a breathtakingly simple, beautiful photograph can often seem like an impossible task. With busy, cluttered backgrounds and subjects who don't know how to pose, how can you take control and get a great shot no matter the situation? In *Picture Perfect Practice*, photographer Roberto Valenzuela breaks down the craft of photography into three key elements—locations, poses, and execution—that you can use to unlock the photographic opportunities lying beneath every challenging situation. Valenzuela stresses the need for photographers to actively practice their craft every day—just like you would practice a musical instrument—in order to master the art of making great images. With chapters that offer practice exercises to strengthen your photographic abilities, you'll learn how to approach a scene, break it down, and see your way to a great photograph. The Location section features chapters that cover

symmetry, balance, framing, color elements, textures, and much more. The Posing section includes the Five Key Posing Techniques that Valenzuela uses every time he's shooting people, as well as a complete list of poses and how to achieve, customize, and perfect them. The Execution portion, with sections like "Lighting through Direction" and "Simplicity through Subtraction," reveals Valenzuela's overall approach to getting the shot. The book also includes an inspiring and helpful chapter on deliberate practice techniques, where Valenzuela describes his system for practicing and analyzing his work, which leads to constant improvement as a photographer. If you've been frustrated and overwhelmed by the challenges of real-world locations, posing your subjects, or executing a great image—or if you simply want to become a better shooter but don't know where to start—Picture Perfect Practice gives you the tools and information you need to finally become the kind of photographer you've always wanted to be: the kind who can confidently walk into any location, under any lighting condition, with any subject, and know that you can create astonishing photographs that have a timeless impact.

Picture Perfect Lighting Roberto Valenzuela,2015-03-15

Kennebunkport Connie Porter Scott,1994-12-01 Since the development of photography in the mid-nineteenth century, the camera has been used as a tool of both discovery and preservation. Photographs bring alive our image of the past and can open a floodgate of memories and nostalgia or inspire curiosity and a sense of history. From its early settlement in the 1600s to the present, the area known as the Port and the Cape has typified what it means to live or vacation on the Maine coast. Kennebunkport is a study in contrasts: fishermen work the sea while tourists fill Dock Square in search of art, lobstah, and steamers; fish shanties dot the shore of the Cape while estates and luxury hotels dominate Ocean Avenue; sailboats glide serenely through the harbor while carnivals take place on the Kennebunk River. It is this variety of people, places, and events that has always made Kennebunkport one of the most dynamic and vivacious communities on the Northeastern seaboard.

Islands Magazine ,2000-12

Blink of an Eye Louisa Scarr,2022-05-19 Five friends meet. Only four come home. On Christmas morning, DS Robin Butler has no plans to celebrate. He'll be glad to get back to work – a wish that comes true sooner than he anticipates. A dog walker at a local beach has discovered five unresponsive people strewn across the shingle. By the time Robin arrives, one is pronounced dead, and the other four are being treated in hospital. DC Freya West is less than pleased when the romantic day with her boyfriend is scuppered, but duty calls. As she and Butler speak to those involved, it's clear something is being left unsaid. They claim they are friends, and that they don't know how one of the group was killed. But why are they so cagey? A cold case investigation unlocks some answers about the history between the beach-going gang, yet they're tight-lipped about what prompted them to meet on Christmas Eve. Butler and West are getting nowhere, and their partnership is about to face another test. When Freya wants to come clean about events in her past, it's not just her neck on the line, but Robin's too. Can their relationship survive if their pact of silence is broken? The thrilling new instalment from policing's most dauntless duo. Perfect for fans of Cara Hunter, Jane Casey and Susie Steiner. Praise for *Blink of an Eye* 'A thrilling and unusual mystery, spiced with sadness, masterfully unspooling past secrets into present danger. Butler and West would make high quality Sunday night network television.' Dominic Nolan, author of *Vine Street* 'Butler and West are fast becoming my favourite detective partnership... Addictive reading!' Alison Belsham, author of *The Tattoo Thief* 'The untangling of the long-held web of lies from *The Five* was expertly done... the story telling seems so effortlessly easy, and before you know it, you're chapters in

and can't stop.' Fliss Chester, author of *A Dangerous Goodbye* 'Blink of an Eye is a blindingly brilliant return to the Butler and West series, with a tight-knit and claustrophobic friendship group at the core of its mystery. The chemistry between detectives Freya and Robin is the absolute star of the show – the twists and turns of their partnership will leave you desperate for more. Cannot recommend this series enough!' Heather Critchlow 'I've just raced through *Blink of an Eye* and couldn't put it down. A Christmas Day body found on a beach, and a suspicious group of old friends... What's not to love! Tense, brilliant plotting and the perfect duo.' Rachael Blok, author of *The Fall* 'A punchy and pacy police procedural with heart.' Jo Furniss, author of *All The Little Children* 'One of the best detective series there is. Smooth, thrilling and full of emotion, this series of books are a must-read!' James Delargy, author of *Vanished* 'Great characters and a compelling mystery. Highly recommend.' Reader review 'Blink of an Eye, the fourth in Butler and West series, is one of the most intriguing British police procedurals published today.' Reader review 'A solid mystery with a tangled web at heart, perfectly crafted characters and a smart narrative. Both compelling and immersive.' Reader review 'So perfectly paced and boy do the jaw-dropping moments never cease. Superbly done.' Reader review

Picture Perfect Flash Roberto Valenzuela, 2024-01-22 Conquer portable strobes and hot shoe flash to create extraordinary portraits! Whether you use small, portable strobes or hot shoe flash, flash photography has always been daunting for most photographers. Without a system and workflow for thinking about and working with flash, you can easily end up feeling stuck, or you end up flailing—randomly changing settings, positions, and modifiers—and hoping for the best. It's not surprising that this leads to failure and frustration. Enter bestselling author Roberto Valenzuela and the Picture Perfect Flash System, which he created to empower you to finally conquer your flash and create photographs that fulfill your intention and vision. There are two key components to this system, which Roberto calls FACES and NAME. The FACES component provides a framework for thinking about how you want or need to use flash in a particular scene:

- Fix the Light: Do you need to fix a low light problem, an unwanted color cast, or a situation with poor quality of light?
- Add Light: Do you need to add more light to boost or enhance the available light or create separation?
- Create a Mood: Are you using light to create a desired mood for a location or subject?
- Effects with Flash: Are you using flash for creative visual effect?
- Sculpt the Light: Do you need to sculpt the light to add drama, shape, and contouring?

Once you've found your purpose for the light, the NAME component provides an essential workflow for carrying out your flash photography in a methodical way so that you get consistent and predictable results:

- Number of Flashes: How many flashes do you need?
- Angle of Flashes: Where do the flashes need to be positioned?
- Modifiers for Flashes: How do you need to modify your flashes?
- Energy of Flashes: What power do the flashes need to be?

The Picture Perfect Flash System is covered in Part One: The Flash Advantage, which is the core framework of the book. In Part Two: Flash Basics Explained, Roberto covers the flash features you need to know: TTL, Manual, 1st and 2nd Curtain Sync, High Speed Sync, and Channels and Groups. Finally, in Part Three: Dynamic Flash Exercises, Roberto gives you a dozen lighting exercises that will substantially hone and advance your skills. With Picture Perfect Flash, you'll finally be able to conquer your flash...and make the kind of portraits you've always wanted to create.

TABLE OF CONTENTS
Foreword by Miss Universe, R'Bonney Nola Gabriel

Captain Cook Rediscovered David L. Nicandri,2020-11-01 Captain Cook Rediscovered is the first modern study to frame Captain James Cook's career from a North American vantage. Although Cook is inextricably linked to the South Pacific in the popular imagination, his crowning navigational and scientific achievements took place in the polar regions. David L. Nicandri acknowledges the cartographic accomplishments of the Australasian first voyage but focuses on the second- and third-voyage discovery missions in the extreme latitudes, where Cook pioneered the science of iceberg and icepack formation. A truly modern appraisal of early polar science, Captain Cook Rediscovered resonates in the climate change era.

Moon Cape Cod, Martha's Vineyard & Nantucket Ray Bartlett,2022-05-31 From fine-art galleries and fried clams to breathtaking beachside hikes, escape to the Cape with Moon Cape Cod, Martha's Vineyard & Nantucket. Better Than You Can Imagine Patrick Quinn,Ken Roach,2017-06-01 Most people want to make a difference, but they feel inadequate. In Better Than You Can Imagine, Patrick Quinn shares four truths: You have a gift that only you can give. Someone has a need that only you can meet. Joy is the journey where the gift and the need collide. The journey will break you ... but it will also make you. Through story and biblical insight, Quinn helps readers apply these truths to their lives. Whether it's time, money, or talent, everyone has something extra to give to others—and God has even more joy to give back.

Psychodynamic, Affective, and Behavioral Theories to Psychotherapy Marty Sapp, 2010 The goal of this book is to examine three major theories and their approach to psychotherapypsychodynamic, affective, and behavioralwhich are defined as specific skills that a clinician or student can readily understand. In this book, these theories of psychotherapy are broken down into three phases or levels: beginning (Level I) intermediate (Level II) and action (Level III). Theories that are Level I will be appropriate for establishing a counseling relationship. Level II counseling skills further enhance this initial counseling relationship. Level III theories are action-oriented theories.
