Picture This, 2016-08-16 Molly Bang's brilliant, insightful, and accessible treatise is now revised and expanded for its 25th anniversary. Bang's powerful ideas—about how the visual composition of images works to engage the emotions, and how the elements of an artwork can give it the power to tell a story—remain unparalleled in their simplicity and genius. Why are diagonals dramatic? Why are curves calming? Why does red feel hot and blue feel cold? First published in 1991, *Picture This* has changed the way artists, illustrators, reviewers, critics, and readers look at and understand art.

Debbie Harry & Blondie Mick Rock, 2019 A unique look at the collaboration between famed rock photographer Mick Rock and Debbie Harry—one of music's greatest stars—and the band Blondie. I've been photographed by a lot of different people since I started Blondie, but Mick is unforgettable.-- Deborah Harry Blondie was the most successful rock act to emerge from New York's seminal and anarchic downtown punk scene of the mid-1970s--and the band's beautiful, multitalented lead singer, Debbie Harry, became one of the most photogenic and photographed rock performers of all time. During the same period, photographer Mick Rock lived and lensed cutting-edge culture in the city, shooting rock 'n' roll greats like David Bowie and Lou Reed. The artistic collaboration between Rock and Harry yielded iconic photos that transcended and transformed the public perception of rock 'n' roll imagery. This book--with a foreword written by Harry herself--explores in depth, both visually and verbally, the unique natural charm and charisma of Debbie's punk Marilyn Monroe persona in its prime, and her successful reinvention of that persona for Blondie's glorious comeback of recent years. Mick Rock provides a vivid, memorable account of his larger-than-life adventures behind the camera, revealing just what made Debbie Harry and Blondie so distinctive.

Across the ocean, in New Zealand, Edmund Hillary grew up tending his father's bees. He climbed his first mountain at sixteen and has climbed all over the world ever since. He tries Everest, with no success. In 1953, the two men set out on the same expedition to climb Everest. Their party numbers four hundred, counting all the guides and porters. They tramp over windswept glaciers, crawl across rope bridges, hack footholds in the ice ... until finally they reach the top of the world!
