Aether Lux Miller, 2022-07-27 I'd rather die with honor, than surrender in shame. Bethany isn't ashamed of who she is - a Kingsman by birth and an assassin by trade. Though she's haunted by the past and her inability to salvage those closest to her from their own mistakes, she's determined to restore honor to her family name and carve out a place for herself in the post-modern world where reputation is everything. But she wasn't expecting to be sidelined by the Nomadic clan leader who refuses to let her throw her life away in the name of glory - or the revelation that the mother who abandoned her into the service of her father has returned to recruit her for a task that goes against everything she stands for... will she stand fast in her warrior's journey or throw it all away for the chance to finally belong somewhere? Aether is Bethany and Skink's story. While you can read this book without reading any other Celestial Awakenings novels, it is highly recommended to begin with the first book in the series, Equinox. This book contains material which is intended for a mature audience and is inappropriate for readers under the age of eighteen.

Aether Rising Cecilia Dominic, 2017-01-24 The only place to hide could be behind the truth. No one can lie to Louisa Cobb. It's her gift. Her curse. Magic her stepfather has no compunction about using to gain the upper hand in business. But when Parnaby Cobb presents her with her latest mark, she realizes he's testing her loyalty. Her target is Patrick O'Connell, an Irish tinkerer and scoundrel who stole a kiss—and her heart—years ago. Should she betray her stepfather to set Patrick free, she'll be cut off without a penny to her name. Patrick knows exactly why he's been captured, why he's struggling to lie into Louisa's sky-blue eyes. He's invented a device to stabilize and direct the mysterious Eros Element. If he fails to recreate it for Cobb, his closest friends' happiness will be at risk. Back in Boston, as Patrick stalls for time and Louisa uncovers secrets of her tragic

past, the two of them engage in a treacherous dance on the edge of love and danger. Where one wrong step could condemn them both to everlasting heartache—and unleash an unimaginably powerful force that could destroy their world. *Aether Rising* is the fourth book in the *Aether Psychics*, a thrilling steampunk series with puzzling mysteries and elements of romance, and can be read as a standalone novel. If you like historical mysteries, sweet romance, and clever heroines, then you'll love Cecilia Dominic's *Aether Psychics* series. The Aether T.M. Cromer, 2023-11-14 From the award-winning author of *The Thorne Witches* and *The Unlucky Charms* series... In a world where magic and the mundane coexist, Damian Dethridge, known as the Aether, possesses the power to manipulate and redistribute magical energies. From a young age, he's been responsible for maintaining balance among the witch community. However, his extraordinary abilities attract unsavory characters, working to destroy his family from within. Estranged from her husband, Damian, by another's machinations, Vivian is miserable. Finally able to see the truth through the lies, she realizes the depth of her feelings when he risks his life to save hers. However, reconciling their relationship is challenging, especially with his emotional distance and a new commitment to the Authority, which keeps drawing him further away from home. As an Arcane Devourer thriving on chaos, Morcant Thywyll wields powers capable of consuming Damian and those around him. Lured by a potentially more potent magic, Morcant targets the Dethridges' daughter. If he can syphon her unrivaled abilities by feeding her youthful fears, he might just live forever. Unable to stop Morcant on his own, Damian calls on a rag-tag group of Sentinels to help him neutralize the threat. He'll stop at nothing to protect his daughter, and somewhere in all the madness, he's got to convince Vivian he loves her. Because if Morcant wins, Damian's world will be plunged into eternal darkness.

Aether Crossed Megan Haskell, 2023-11-07 Life used to be simple. I mixed drinks and helped tourists and locals alike find their vacation vibe in the Laguna Beach bar where I work. Now . . . Turns out, I'm a Daughter of Lilith, descended from the first woman and born with the ability to interact with the realm of the gods. I've been told we were born to keep the balance between chaos and order, but it seems like everyone just wants me to put my finger on the scale in their favor. Shadow demons attack the bar, sending my boyfriend into some sort of magical coma. A woman arrives demanding I join her coven, insisting it's the only way to save him. And the gods? Let's just say they all have games they want me to play. I'll do anything to bring Silas home. Even if it means staring down the god of chaos and destruction himself. That snake doesn't stand a chance . . . right? *** If you enjoy a glass of bold red wine with your coven sisters, or feel like partying with the ancient gods tonight, you'll love this witchy portal fantasy adventure.

Lord Thornton, a prominent neurobiologist, has been betrayed. Secret government technology has been stolen from his laboratory, and a foreign spy is attempting to perfect it via a grisly procedure... using gypsies as test subjects. The last thing he needs is the distraction of a beautiful—and brilliant—new student, even if her spider could heal a deteriorating personal injury. Until her device is stolen and used in the latest murder. Lord Thornton has no option but to bring her into his laboratory as well as the investigation where they must fight their growing, yet forbidden, attraction. Bodies accumulate and fragile bonds are tested as they race across London, trying to catch the spy before it's too late.

The Aetherverse Joseph D'Urso, Eugene Bryan, 2016-03-19
OUTER SPACE IS NOT A SAFE SPACE. It is the year 2869 Æx., and the sun is setting on humanity's golden age. The once glorious Convergency has fallen into the hands of a corrupt elite, and a lone corporation has seized limitless power over the innocent citizens of the galaxy. But when a noble marshal, a lowly temple harlot and a band of unlikely allies find themselves caught in the middle of an insidious conspiracy, it seems that tyranny may have met its match. Part adventure, part political thriller, The Aetherverse artfully blends pop culture with politics and just a hint of Barbarella, telling the story of a democracy fallen and a tragic history dangerously repeated.
