Carols and Chaos Cindy Anstey, 2018-10-09 From the author of *Suitors and Sabotage* comes a swoonworthy Christmas adventure, perfect for fans of Jane Austen and *Downton Abbey*. 1817. The happy chaos of the Yuletide season has descended upon the country estate of Shackleford Park in full force, but lady's maid Kate Darby barely has the time to notice. Between her household duties, caring for her ailing mother, and saving up money to someday own a dress shop, her hands are quite full. Matt Harlow is also rather busy. He's performing double-duty, acting as valet for both of the Steeple brothers, two of the estate's holiday guests. Falling in love would be a disaster for either of them. But staving off their feelings for each other becomes the least of their problems when a devious counterfeiting scheme reaches the gates of Shackleford Park, and Kate and Matt are unwittingly swept up in the intrigue. Culinary Herbs and Spices of the World Ben-Erik van Wyk, 2014-09-26 For centuries herbs and spices have been an integral part of many of the world's great cuisines. But spices have a history of doing much more than adding life to bland foods. They have been the inspiration for, among other things, trade, exploration, and poetry. Priests employed them in worship, incantations, and rituals, and shamans used them as charms to ward off evil spirits. Nations fought over access to and monopoly of certain spices, like cinnamon and nutmeg, when they were rare commodities. Not only were many men's fortunes made in the pursuit of spices, spices at many periods throughout history literally served as currency. In *Culinary Herbs and Spices of the World*, Ben-Erik van Wyk offers the first fully illustrated, scientific guide to nearly all commercial herbs and spices in existence. Van Wyk covers more than 150 species—from black pepper and blackcurrant to white mustard and white ginger—detailing the propagation, cultivation, and culinary uses of each. Introductory chapters capture the essence of culinary traditions, traditional herb and spice mixtures, preservation, presentation, and the chemistry of flavors, and individual entries include the chemical compounds and structures responsible for each spice or herb's characteristic flavor. Many of the herbs and spices van Wyk covers are familiar fixtures in our own spice racks, but a few—especially those from Africa and China—will be introduced for the first time to American audiences. Van Wyk also offers a global view of the most famous use or signature dish for each herb or spice, satisfying the gourmand's curiosity for more information about new dishes from little-known culinary traditions. People all over the world are becoming more sophisticated and demanding about what they eat and how it is prepared. *Culinary Herbs and Spices of the World* will appeal to those inquisitive foodies in addition to gardeners and botanists.

This time, it's up to him, Alice, Snow, Rose, and Grimm to capture the impregnable Tower of Duster and face off against Heine of the Flames once more in an all-out battle...

Anne's Kitchen (englische Ausgabe) Anne Faber, 2016-10-13

Tamara de Lempicka Tamara de Lempicka, Gioia Mori, 2011 The definitive catalog on the first woman artist to become a glamorous star. A cosmopolitan painter and icon of the art deco movement, Tamara de Lempicka created images that became the symbols of an era, the crazy 1920s and 1930s. She was possibly that period's most brilliant exponent. Driven by an iron will to achieve, Tamara not only cultivated her artistic talent, she also consciously built an image, that of an elegant and sophisticated woman, the extravagant protagonist of the European high life. Published to mark the exhibition in Rome from March 11-July 3, 2011, the monograph traces the entire career of this fascinating Polish artist who lived in Europe, the United States, and Mexico and catalogs the sum of her works. Through scrupulous scientific analysis of 120 paintings and works on paper, the publication recreates the artistic atmosphere of the time, suggesting unique parallels and comparisons with contemporary works. It also offers the reader a cross section of the artist's life, which was filled with glamour but at the same time marked by the great and terrible historic events of the twentieth century.

Keys to The Gift ЁУїї Leving, 2011 Yuri Leving's *Keys to The Gift: A Guide to Vladimir Nabokov's Novel* is a new systematization of the main available data on Nabokov's most complex Russian novel, *The Gift* (1934-1939). From notes in Nabokov's private correspondence to scholarly articles accumulated during the seventy years since the novel's first appearance in print, the work draws from a broad spectrum of existing material in a succinct and coherent way, as well as providing innovative analyses. The first part of the monograph, *The Novel*, outlines the basic properties of *The Gift* (plot, characters, style, and motifs) and reconstructs its internal chronology. The second part, *The Text*, describes the creation of the novel and the history of its publication, public and critical reaction, challenges of the English translation, and post-Soviet reception. Along with annotations to all five chapters of *The Gift*, the commentary provides insight into problems of paleography, featuring unique textological analysis of the novel based on the author's study of the archival copy of the manuscript. --From publisher's description.
