Byers Pipe A.M. Byers Company,1922

Tycoon Terry Pringle,1990 Stan Gaines, an ambitious young man from the wrong side of the tracks, works his way up the corporate ladder at the Brewster Drilling Company, stealing Billy Brewster's own lover along the way.

The People's Tycoon Steven Watts,2009-03-04 How a Michigan farm boy became the richest man in America is a classic, almost mythic tale, but never before has Henry Ford's outsized genius been brought to life so vividly as it is in this engaging and superbly researched biography. The real Henry Ford was a tangle of contradictions. He set off the consumer revolution by producing a car affordable to the masses, all the while lamenting the moral toll exacted by consumerism. He believed in giving his workers a living wage, though he was entirely opposed to union labor. He had a warm and loving relationship with his wife, but sired a son with another woman. A rabid anti-Semite, he nonetheless embraced African American workers in the era of Jim Crow. Uncovering the man behind the myth, situating his achievements and their attendant controversies firmly within the context of early twentieth-century America, Watts has given us a comprehensive, illuminating, and fascinating biography of one of America's first mass-culture celebrities.

To Tame a Tycoon JUDY ANGELO,2016-04-18 NEW YORK TIMES and USA TODAY Best-selling author, Judy Angelo, presents: Volume 5: HOW DO YOU TAME A TYCOON? Enrico Megalos is bold, brash and a big problem...at least for his staff in the Miami office of Megalos Shipping. And that's where the lion tamer comes in. Asia Miller, Personality Coach, is hired to tame the big boss. She takes on the challenge, not realizing until it is too late that while taming him she is also losing her heart...to the one man it doesn't pay to love. Sun, sea and a steamy affair - a thrilling ride on the sensual side.

The Cost of Free Land Rebecca Clarren,2023-10-03 A Kirkus Reviews Best Book of 2023 Sharply insightful . . . A monumental piece of work.—The Boston Globe An award-winning author investigates the entangled history of her Jewish ancestors' land in South Dakota and the Lakota, who were forced off that land by the United States government Growing up, Rebecca Clarren only knew the major plot points of her tenacious immigrant family's origins. Her great-great-grandparents, the Sinykins, and their six children fled antisemitism in Russia and arrived in the United States at the turn of the 20th century, ultimately settling on a 160-acre homestead in South Dakota. Over the next few decades, despite tough years on a merciless prairie and multiple setbacks, the Sinykins became an American immigrant success story. What none of Clarren's ancestors ever mentioned was that their land, the foundation for much of their wealth, had been cruelly taken from the Lakota by the United States government. By the time the Sinykins moved to South Dakota, America had broken hundreds of treaties with hundreds of Indigenous nations across the continent, and the land that had once been reserved for the seven bands of the Lakota had been diminished, splintered, and handed for free, or practically free, to white settlers. In *The Cost of Free Land*, Clarren melds investigative reporting with personal family history to reveal the intertwined stories of her family and the Lakota, and the devastating cycle of loss of Indigenous land, culture, and resources that continues today. With deep empathy and clarity of purpose, Clarren grapples with the personal and national consequences of this legacy of violence and dispossession. What does it mean to survive oppression only to perpetuate and benefit from the oppression of others? By shining a light on the people and families tangled up in this country's difficult history, *The Cost of Free Land* invites readers to consider their own culpability and what, now, can be done.

Cameroon's Tycoon E.M. Chilvert, **Ute Rösenthaller**,2001-12-01 **Max Esser was an adventurous young merchant banker, a Rhinelander, who became the first managing director of the largest German plantation company in Cameroon. This volume gives a vivid account of the antecedents and early stages as experienced and described by Esser. In 1896 he ventured, with the explorer Zintgraff, into the hinterland to seek the agreement of Zintgraff's old ally, the ruler of Bali, for the provision of laborers for his projected**

enterprise. The consequences, many optimistically unforeseen, are illustrated with the help of contemporary materials. Esser's account is preceded by a look at his and his family's connections, added to by an account of newspaper campaigns against him, and completed by an examination of his Cameroon collection, which he gave to the Linden Museum in Stuttgart.

Equator Wayne Ashton,2010-08-01 Shifting between love affairs, friendships, and enmities of multiple generations, this rich and complex saga follows a life spent on the water as Carlos, an orphan living in a Spanish hacienda, runs away to sea. Sprawling in its themes and geography—from the Golfo de Valencia to Calcutta, from London to Sydney, and from South Dakota to Broome—this narrative concerns the wanton destructiveness of human beings and their slender opportunities for redemption.

Resistance and Unity Tashi Gelek, Dorjee Damdul, Tashi Dhondup, Carole McGranahan,2019-10-04 This book is an important addition to the history of Tibetan opposition to the Chinese takeover of their country. Shangri Lhagyal was one of many Tibetans who refused to cooperate with the Chinese as they tried to substantiate and legitimate their claim to sovereignty over Tibet. He, like many others, was forced into open opposition as the only honorable option. Although he modestly resisted a leadership role in the Resistance, his competence and reputation for integrity led others to choose him as one of the most important Resistance leaders. Although he did not leave an extensive written record, several members of his family have admirably filled in the historical record of the events in which he played such an important role. As the editors of this account have emphasized, it is important for Tibetans as well as the outside world to know the true history of the Tibetan resistance to China's forcible imposition of its rule over the formerly independent country. —Warren W. Smith, author of Tibetan Nation: A

History of Tibetan Nationalism and Sino-Tibetan Relations This book is inspired by H.H. the Dalai Lama's idea that each Tibetan refugee, especially the freedom fighters, should document their personal experiences to inspire and to keep coming generations of Tibetan well informed about the true history of Tibet. The book deals brilliantly with many minute and significant details of modern Tibetan history, lived by ordinary citizens, which would have otherwise gone unrecorded and unsung. It is, by all means, a must-read for the new generation of Tibetans as well as their non-Tibetan supporters. —Vijay Kranti, author of *Dalai Lama: The Soldier of Peace Resistance and Unity* is more than Makchi Shangri Lhagyal's personal story. It is a condensed modern history of Tibet from a Tibetan perspective. Following Shangri Lhagyal's life, readers go back to the crucial years of the 1950s-60s when Tibet—a country that was never before ruled by any foreign power—was made part of the People's Republic of China. Tibetan freedom fighters fought heroically against social transformation programs forcefully imposed by the Chinese Communist Party. Many fought to the last drop of blood. For Chinese readers, this is a must-read book. —Jianglin Li, author of *Tibet in Agony: Lhasa 1959*

Montana Noir James Grady, Keir Graff, 2017-08-21 "Thoroughly entertaining . . . from desperate writing students in Missoula to a van of itinerant strippers working the Hi-Line paralleling the Canadian border." —Publishers Weekly A Parade Magazine "Books We Love" Pick The Big Sky State may seem to lack the shadowy urban mazes traditional to the noir genre. But in Montana, darkness is found in the regions of the heart, driving the desperate and deadly to commit the most heinous of crimes. Here, James Grady and Keir Graff, both Montana natives, masterfully curate this collection of hard-edged Western tales. Montana Noir includes Eric Heidle's "Ace in the Hole," an Edgar Award nominee for Best Short Story, and impressive contributions by David Abrams, Caroline Patterson, Thomas McGuane, Janet Skeslien Charles, Sidner Larson, Yvonne Seng, James Grady, Jamie Ford, Carrie La Seur, Walter Kirn, Gwen Florio, Debra Magpie Earling, and Keir Graff. "Terrific . . . Montana Noir is one of the high points in Akashic's long-running and justly celebrated Noir series . . . varying landscapes reflect the darkness within the people who walk the streets or drive the country roads." —Booklist "Montana may not have the back alleys so common to noir but it has western justice which can be quick, brutal and final and that is as satisfying as anything found in the urban streets that typically attract the dark beauty of the noir genre." —New York Journal of Books "Certain noir standbys prove both malleable and fertile in these 14 new stories . . . If Montana has a dark side, is anywhere safe from noir?" —Kirkus Reviews

The Hollywood Studio System Douglas Gomery, 2017-10-27 Despite being one of the biggest industries in the United States, indeed the World, the internal workings of the 'dream factory' that is Hollywood is little understood outside the business. The Hollywood Studio System: A History is the first book to describe and analyse the complete development, classic operation, and reinvention of the global corporate entities which produce and distribute most of the films we watch. Starting in 1920, Adolph Zukor, Head of Paramount Pictures, over the decade of the 1920s helped to fashion Hollywood into a vertically integrated system, a set of economic innovations which was firmly in place by 1930. For the next three decades, the movie industry in the United States and the rest of the world operated by according to these principles. Cultural, social and economic changes ensured the demise of this system after the Second World War. A new way to run Hollywood was required. Beginning in 1962, Lew Wasserman of Universal Studios emerged as the key innovator in creating a second studio system. He realized that creating a global media conglomerate was more important than simply being vertically integrated. Gomery's history tells the story of a 'tale of two systems' using primary materials from a score of archives across the United States as well as a close reading of both the business and trade press of the time. Together with a range of photographs never before published

the book also features over 150 box features illuminating aspect of the business.
