Jesus > Religion Jefferson Bethke,2013-10-14 Abandon dead, dry, religious rule-keeping and embrace the promise of being truly known and deeply loved. Jefferson Bethke burst into the cultural conversation with a passionate, provocative poem titled Why I Hate Religion, But Love Jesus. The 4-minute video became an overnight sensation, with 7 million YouTube views in its first 48 hours (and 23+ million in a year). Bethke's message clearly struck a chord with believers and nonbelievers alike, triggering an avalanche of responses running the gamut from encouraged to enraged. In his New York Times bestseller Jesus > Religion, Bethke unpacks similar contrasts that he drew in the poem--highlighting the difference between teeth gritting and grace, law and love, performance and peace, despair, and hope. With

refreshing candor, he delves into the motivation behind his message, beginning with the unvarnished tale of his own plunge from the pinnacle of a works-based, fake-smile existence that sapped his strength and led him down a path of destructive behavior. Along the way, Bethke gives you the tools you need to: Humbly and prayerfully open your mind Understand Jesus for all that he is View the church from a brand-new perspective Bethke is quick to acknowledge that he's not a pastor or theologian, but simply an ordinary, twenty-something who cried out for a life greater than the one for which he had settled. On this journey, Bethke discovered the real Jesus, who beckoned him with love beyond the props of false religion. Praise for Jesus > Religion: Jeff's book will make you stop and listen to a voice in your heart that may have been drowned out by the noise of religion. Listen to that voice, then follow it--right to the feet of Jesus. --Bob Goff, author of New York Times bestsellers Love Does and Everybody, Always The book you hold in your hands is Donald Miller's Blue Like Jazz meets C. S. Lewis's Mere Christianity meets Augustine's Confessions. This book is going to awaken an entire generation to Jesus and His grace. --Derwin L. Gray, lead pastor of Transformation Church, author of Limitless Life: Breaking Free from the Labels That Hold You Back

Tech and the City Maria Teresa Cometto,Alessandro Piol,2013 Over 1,000 New York-based technology startups are currently hiring. This may come as a surprise to many who thought of New York as the capital of traditional industries such as financial services, media, advertising and fashion, but not necessarily as a high-tech hub. Yet, it is true: over the past several years the level of startup activity in the city of New York has increased at an exponential rate, reaching and surpassing Boston in number of tech companies formed and money invested. It is good news for the Bloomberg administration that has made the creation of a high-tech industry a

strategic priority after the financial collapse of 2008. It is also good news for the many investors in the city (both angels and venture capitalists) who have seen the number of opportunities created increase at a fast rate. And it is good news for the entrepreneurs who can finally benefit from a working ecosystem and from an influx of capital not seen since the internet bubble of the late '90s. Tech and the City is the first book telling the story of how and why this is happening: from the birth of Silicon Alley in the '90s to today's level of activity and important milestones, such as the building of the Cornell NYC Tech campus. Based on over 50 interviews with entrepreneurs, angel investors, venture capitalists, university professors, members of the Bloomberg administration and other stakeholders, this book's objective is to inform and inspire the current generation of entrepreneurs. Fred Wilson, the best known venture capitalists in New York and one of the most important in the US, wrote in his foreword: I hope this book will be an inspiration to New Yorkers to embrace the technology revolution that has taken hold in our city. I also hope it will be an inspiration to other cities, countries, and cultures who may have missed out on the initial wave of the technology revolution. Tech and the City takes us on a historical and geographical tour of New York, while addressing the hot themes for entrepreneurs and investors. It is also a guide to help navigate the NYC community: how to network and become part of the community; what to read to understand and keep informed; where to raise capital; what help is available for any professional, entrepreneur, student, researcher seeking to settle in the city. And this is just the basis for an ongoing conversation, which we hope will continue on our blog, <http://www.tech-and-the-city.com> The authors, Alessandro Piol and Maria Teresa Cometto, know the story and the industry well. Alessandro has been a New Yorker for 35 years and a venture capitalist for 20, during which he has seen firsthand the evolution of the New York entrepreneurial ecosystem. He has a deep knowledge of the tech industry and a passionate involvement in the NYC community, where he invests in, and mentors, a number of young entrepreneurs. Maria Teresa Cometto is a journalist and award-winning author based in New York since 2000, covering business and high-tech for the largest Italian daily, Corriere della Sera, and for other important publications.

life.love.beauty Keegan Allen,2016-09-06 Ingram and Publishers Weekly bestseller! This book takes you on a photographic voyage through my life so far. -Keegan Allen Keegan Allen is currently known to fans of the ABC Family hit television series, Pretty Little Liars. He has also appeared in numerous independent films and made his New York Stage debut in the acclaimed MCC production of Small Engine Repair. Keegan was given his first camera at age nine, and began a lifelong study and pursuit of photography. life.love.beauty is a selection of photographs taken since his childhood. It's a photo journey through the life of an intensely creative soul whose expression finds various forms: in acting, in poems and stories, lyrics and music, but above all in photography. This book's content resonates in the commonality we all share on our own journeys while unveiling an inside look into a world that very few experience. Organized into three broad groups-life, love, and beauty-the book ranges over the public and private side of Keegan Allen and his world. A child of Hollywood, whose father was also an actor and his mother a painter, Keegan roams freely through that realm, photographing his fellow actors on set, behind the scenes; and recording the amazed, gleeful, sometimes weeping fans that flock to his television and career related events. Allen also has an eye for the anonymous and the unexpected: the woman gazing dreamily from the balcony of a run-down hotel; the rifle-toting dog walker who seems to have emerged from the 19th century; the performers and denizens of Venice Beach and also the streets of New York, some of them chasing the dream of fame, others having long-since abandoned it; the little boy amid in the crowd in an enormous airport; portraits of lovers kissing on subways, in parks, and on the streets. Traveling from California to New York to Paris and back, as well as through the American west, he finds beauty in both urban and rural places: from large-scale landscapes to glimpses of light transforming what it touches. Keegan's poems, stories, captions and musings, song lyrics, and journal pages complement the photographs on this journey. He provides an account of growing up just off the Sunset Strip, coming into his own as an actor/artist, dealing with public recognition while maintaining a very private life, falling in and out of love, and acknowledging the influence of his family, friends, fans, and loved ones. life.love.beauty is an unusually intimate and revealing book: a delight for anyone who values photography, and a gift for the many fans who already follow Keegan's career. Keegan's real passion comes through in both his photographs and candid story telling in this unique photo-journal.

The Hidden Lamp Zenshin Florence Caplow,Reigetsu Susan Moon,2013-10-21 The Hidden Lamp is a collection of one hundred koans and stories of Buddhist women from the time of the Buddha to the present day. This revolutionary book brings together many teaching stories that were hidden for centuries, unknown until this volume. These stories are extraordinary expressions of freedom and fearlessness, relevant for men and women of any time or place. In these pages we meet nuns, laywomen practicing with their families, famous teachers honored by emperors, and old women selling tea on the side of the road. Each story is accompanied by a reflection by a contemporary woman teacher--personal responses that help bring the old stories alive for readers today--and concluded by a final meditation for the reader, a question from the editors meant to spark further rumination and inquiry. These are the voices of the women ancestors of every contemporary Buddhist.
