Party Hard David Petrie,2020-07-16 The game of their dreams. A flip of a switch. Nightmare mode. For lifelong friends Max and Kira, Carpe Noctem has become a second home. Max spends his time as a gunslinging Fury, able to deal massive damage in a short amount of time, while his teammate Kira the Breath Mage watches his back and keeps his health topped off. Together, they form a formidable combo. A literal dream team, because before the game hit the market, the average person lost a third of their life sleeping. Now sleep is only seen as the doorway into the game. Unfortunately, dreams don't last forever. After being fired, one of Noctem's creators sets into motion a plan to bring the system crashing down, and send the real world into economic ruin. To stop the collapse, Max and Kira have to gather their most trusted friends and embark on a quest that will test their absolute limits. If they want to save the world they love, they'll have to push their Party Hard to make it through the nightmares that await them.

**Fight, Magic, Items** Aidan Moher, 2022-10-04 Take a journey through the history of Japanese role-playing games—from the creators who built it, the games that defined it, and the stories that transformed pop culture and continue to capture the imaginations of millions of fans to this day. The Japanese roleplaying game (JRPG) genre is one that is known for bold, unforgettable characters; rich stories, and some of the most iconic and beloved games in the industry. Inspired by early western RPGs and introducing technology and artistic styles that pushed the boundaries of what video games could be, this genre is responsible for creating some of the most complex, bold, and beloved games in history—and it has the fanbase to prove it. In *Fight, Magic, Items*, Aidan Moher guides readers through the fascinating history of JRPGs, exploring the technical challenges, distinct narrative and artistic visions, and creative rivalries that fueled the creation of countless iconic games and their quest to become the best, not only in Japan, but in North America, too. Moher starts with the origin stories of two classic Nintendo titles, *Final Fantasy* and *Dragon Quest*, and immerses readers in the world of JRPGs, following the interconnected history from through the

lens of their creators and their stories full of hope, risk, and pixels, from the tiny teams and almost impossible schedules that built the foundations of the Final Fantasy and Dragon Quest franchises; Reiko Kodama pushing the narrative and genre boundaries with Phantasy Star; the unexpected team up between Horii and Sakaguchi to create Chrono Trigger; or the unique mashup of classic Disney with Final Fantasy coolness in Kingdom Hearts. Filled with firsthand interviews and behind-the-scenes looks into the development, reception, and influence of JRPGs, Fight, Magic, Items captures the evolution of the genre and why it continues to grab us, decades after those first iconic pixelated games released.

With interviews and insights from across the industry, it provides a complete account of how Triple-A, independent, and even virtual

reality games are changing the way we tell stories. Key Features A fresh perspective on video games as a whole new form of creative writing. Insights into emerging technologies and the future of interactive storytelling.

**The Legend of Dragon Quest** Daniel Andreyev, 2019-05-21 Discover all the secrets and mechanics of the famous Japanese video game Dragon Quest ! This book looks back at the entire Dragon Quest saga, tells the story of the series' birth, retraces its history and deciphers its mechanics. In this book, the author shares us all his expertise and his passion in Japanese gaming to decipher the creation and the story of this saga and his creator, Yuji Horii. EXTRAIT Even with only limited knowledge of Japanese and somewhat difficult technical conditions, the story was very well told. This was perhaps what surprised players most. Dragon Quest V is a large family cycle of emotions, as transparent as an epic tale by Alexandre Dumas, the author of famous works such as The Three Musketeers. In the end, I was lucky that my first taste of the series was this excellent episode, since VI was far more extravagant, with its tales of parallel universes and heroes traveling on flying beds. A slightly puzzling game, but not without levity nor offbeat humor. One of the most emotional moments of Dragon Quest V is when we end up going back in time to change the past, thus saving the future. The time

travel theme has been so often used in science fiction, particularly during the 1980s, that it should have left me impassive. It was not even the first time I had experienced it in a video game. But this adventure, with its simple graphics and persistent melodies, glanced lightly upon feelings that leave no one unmoved. "What would I have done differently if I could have changed things" is a very common concept used in fiction, from A Distant Neighborhood by Jirô Taniguchi to the Quantum Leap series. Well-told, it is so simple and so effective that it affects each and every one of us. CE QU'EN PENSE LA CRITIQUE Un livre passionnant que j'ai dévoré au point de rogner sur mes heures de sommeil. Ici, l'auteur ne nous bassine pas avec des tartines de textes pour nous conter avec détails l'histoire de chaque épisode, les ventes incommensurables de la série ou encore un almanach des jeux estampillés DraQue. - Kaisermeister, Sens Critique Un livre plein d'anecdotes qui feront vibrer votre corde nostalgique et qui donne envie, une fois terminé, de replonger dans l'aventure. - neotsubasa, Sens Critique C'est une biographie très détaillée, riche en anecdotes et bien romancée, Yuji Horii est un personnage fascinant au CV bien rempli et la genèse de la saga est tout aussi passionnante à tel point que j'ai parfois eu du mal à décrocher. - Nixotane, Sens Critique À PROPOS DE L'AUTEUR Daniel Andreyev is an author and journalist of Russian origin. His career in video game journalism began twenty years ago, during the golden years of video gaming, with Player One, Consoles + and Animeland, with a particular interest in Japan. Having spent

some time on translation, he is now part of the New Games Journalism movement, which places the player at the heart of the video game experience. He produces the After Hate and Super Ciné Battle podcasts. He also trades memories with his friends in Gaijin Dash, the Gamekult show on Japanese video games. He is a fan of far too many things to list them all here. But when he is not writing, not watching a movie, not reading comics and graphic novels, not climbing mountains or exploring ruined buildings, he might be cooking, exercising or dreaming of one day owning a dog.

**The Strange Works of Taro Yoko** Nicolas Turcev, 2019-05-21 Throughout his career, Taro Yoko was despaired by the image of humanity returned by most big budget video games. Taro Yoko's strange work reviews the entire career of this extraordinary creator, his games (Drakengard, NieR) and sheds light on the link that constitutes his work. Check out this complete book on Taro Yoko, which explores the contours of its games, their development, the complexity of their stories and their thematic depth. With a preface by Taro

Yoko himself ! EXTRACT Nowadays, most of the players who have heard of Taro Yoko do not associate his name to any particular face. Inconvenienced by public appearances, the director systematically equipped himself with a device to cover his face during meetings with the press, at least since the creation of NieR. Shortly before the announcement of NieR: Automata at the E3 2015, Yoko even had a mask made, based on the character Emil, by a plastic artist from PlatinumGames for a mere four hundred euros. Since then, he has worn it every time he is in the presence of photo and video cameras. His persistence in hiding his face under this thick layer of plastic naturally arouses curiosity. One might be led to believe that this is a communication strategy or the eccentricity of an enigmatic creator. Nevertheless, the visual anonymity of the director is in no way a means to nurture the mystery of his personality. Far from comparing himself to the likes of Banksy (a famous street artist and statement maker, who prefers to remain anonymous), Yoko just prefers to let his games speak for themselves. In fact, ask him, and he will answer with no difficulty that he grew up in Nagoya, in the Japanese prefecture of Aichi. Restaurant managers (izakayas, ramens, tempuras, etc.), his parents flitted from one restaurant opening to the next and entrusted their son's education to his grandmother. WHAT CRITICS THINK Overall, I enjoyed my time with The Strange Works of Taro Yoko, especially as a fan of the man's works [...] It's a great companion piece for long-time fans, and if you're looking for more unofficial content to read about for the

Drakenier universe, you can't go too wrong. - RPG Site ABOUT THE AUTHOR
