**Historia Ludens** Alexander von Lünen,Katherine J. Lewis,Benjamin Litherland,Pat Cullum,2019-08-30 This book aims to further a debate about aspects of playing and gaming in connection with history. Reaching out to academics, professionals and students alike, it pursues a dedicated interdisciplinary approach. Rather than only

focusing on how professionals could learn from academics in history, the book also ponders the question of what academics can learn from gaming and playing for their own practice, such as gamification for teaching, or using play as a paradigm for novel approaches into historical scholarship. Playing and gaming are thus understood as a broad cultural phenomenon that cross-pollinates the theory and practice of history and gaming alike.

*Thought Against Tomorrow* Jo Walton,2021-01-09 Here is a small part of my soul I pulled out and shaped like this It is still bleeding, but only a little It won't mess your hands much, And you can wash them after. For years Hugo and Nebula award winning writer Jo Walton has been writing poems and posting them online, first on usenet, then on livejournal, more recently on Patreon. Some have been collected in chapbooks and in *Starlings*, but most of them have just stayed online. Here at last is a comprehensive collection of her poems from 1996-2020 with table of contents and an index of first lines, and arranged in thematic categories, Love Pain and Death, New Myths For Old Gold, Red As Blood, By Their Spaceships Ye Shall Know Them, Shakespeare, The News, The Turning Year, and Whimsy. Some of the poems are fantastical, others are about everyday life, or politics. If there's one thing that links Walton's very different work it's the quality of where did that come from? Here we have a poem about lions becoming extinct after being persecuted by martyrs, one about Henry V's conquest of Constantinople, alongside one about a skydiver friend who died and fell up into the sky. These poems, written over decades, are quirky, unpredictable, and have excellent scansion.

**Starlings** Jo Walton,2018-01-23 “Starlings isn’t really a short-story collection. It’s something better: a written showreel, illustrating yet again that [Walton’s] imagination stretches to the stars (or the starlings), and that she’s endlessly inventive in finding new methods to express it.”—NPR Books An ancient coin cyber-spies on lovers and thieves. The magic mirror sees all but can do nothing. A cloned savior solves a fanatically-inspired murder. Three Irish siblings thief treasures with bad poetry and the aid of the Queen of Cats. With these captivating initial glimpses into her storytelling psyche, Jo Walton shines through subtle myths and reinvented realities. Through eclectic stories, subtle vignettes, inspired poetry, and more, Walton soars with humans, machines, and magic—rising from the every day into the universe itself.
