Every Shot Must Have a Purpose Pia Nilsson,Lynn Marriott,Ron Sirak,2005-09-22 Two legendary coaches give golfers a powerful new approach to the game... and to life. As coaches to some of golf's top players, Pia Nilsson and Lynn Marriott have designed and refined a revolutionary way of teaching the game, with phenomenal results. They don't believe in prescribing the same stance, grip, and swing to everyone, followed by hours of purposeless drilling. They don't even believe in beginning with physical technique. Their success has proven to them that a great game begins with a great vision. Unlike any other golf book, Every Shot Must Have a Purpose offers cutting-edge techniques for integrating the physical, technical, mental, emotional, and social parts of a player's game. The book's revolutionary pre-shot routine will improve your focus, leading to a golf swing that is not only successful but can be repeated under extreme pressure. Emphasizing the individual golfer rather than a rigid set of mechanics, their VISION54 method takes the frustration out of the game. Why 54? Because they believe it's possible to shoot a 54 (making a birdie on every hole of a par-72 course) if you have the right mind-set and well-honed intuitive power. An engaging read for the beginner or the seasoned golfer, Every Shot Must Have a Purpose is inspiration for life, not just the links.

Delivering Authentic Arts Education 4e Judith Dinham, 2019-09-30 This market-leading practical text helps student teachers develop their confidence, understanding and skills to effectively and authentically teach arts. With a strong balance between theory and practice, Delivering Authentic Arts Education outlines the true nature of the key learning area of arts education and its importance in the curriculum, emphasising the arts as forms of creative activity, meaning-making and expression in a cultural context. Initial chapters discuss how to recognise and build on existing artistic abilities and pedagogical skills, how to encourage children's creativity, how to lead arts appreciation experiences, and the general principles of planning and assessment. Part 2 specifically examines the five arts areas: dance, drama, media arts, music and visual arts. The final part of the text, Units of Inquiry, contains valuable sample learning activities and resources that demonstrate how to plan an effective lesson within a unit of inquiry.

An Integrated Play-based Curriculum for Young Children Olivia N. Saracho, 2013-03-01 Play provides young children with the opportunity to express their ideas, symbolize, and test their knowledge of the world. It provides the basis for inquiry in literacy, science, social studies, mathematics, art, music, and movement. Through play, young children become active learners engaged in explorations about themselves, their community, and their personal-social world. An Integrated Play-Based Curriculum for Young Children offers the theoretical framework for understanding the origins of an early childhood play-based curriculum and how young children learn and understand concepts in a social and physical environment. Distinguished author Olivia N. Saracho then explores how play fits into various curriculum areas in order to help teachers develop their early childhood curriculum using developmentally and culturally appropriate practice. Through this integrated approach, young children are able to actively engage in meaningful and functional experiences in their natural context. Special Features Include: Vignettes of children's conversations and actions in the classroom Suggestions for activities and classroom materials Practical examples and guidelines End-of-chapter summaries to enhance and extend the reader's understanding of young children By presenting appropriate theoretical practices for designing and implementing a play-based curriculum, An Integrated Play-Based Curriculum for Young Children offers pre-service teachers the foundational knowledge about the field, about the work that practitioners do with young children, and how to best assume a teacher's role effectively.
