Clinical Neurosurgery Guy M. McKhann,2004 Volume 51 of Clinical Neurosurgery is the official compendium of the platform presentations at the 53rd Annual Meeting of the Congress of Neurological Surgeons held in October, 2003.

Managed Care, Outcomes, and Quality Steven F. Isenberg,1998 The first section leads us through the complicated and risky business of capitation and examines reimbursement in a managed care environment. The idiosyncrasies of managed care contracts are detailed and you will learn how to negotiate with managed care companies. There is a focus on practice profiling and the presentation of an expertise on referral guidelines. The final chapter explores the ethical issues of managed care. In section II you will find a description of outcome research and youseful information for the implementation of outcomes research in community-based office practices. The third section begins with two chapters on improving office efficiency and managing staff in a managed care environment. The next chapter leads us through the important and complicated software selection process for the individual practitioner's needs. A private practitioner offers his insight into managing a medical practice and the section completes with some helpful pointers to avoid malpractice claims. Section IV provides the physicians' response to managed care. The legal issues of mergers and networks are discussed. Several practicing physicians outline their personal experiences in the rapidly changing world of physician network development. The book's final chapter leaves us with an expertise on how physicians can take back healthcare

Trusts Law Graham Moffat,Gerry Bean,Rebecca Probert,2009-09-03 Always the serious student's choice of a Trusts Law textbook, this new edition once again provides a clear examination of the rules in the detail required by the advanced undergraduate. This fifth edition retains its hallmark combination of a contextualized approach and a commercial focus. The authors' commentary has been increased throughout this new edition whilst the fresh design clearly highlights the cases and materials extracts. Recent statutory developments, such as the Charities Act 2006, and the impact of a wealth of new cases are explored, the examination of the law of trusts and taxation is restructured and comparative examples help students understand the new directions being taken in the areas of trust law and equitable remedies. Trusts Law brings a modern perspective to a subject often perceived as traditional, with suggestions for further reading guiding the student to contemporary debates.

Ethical and Legal Issues in Neurology James L. Bernat,Richard Beresford,2014-01-09 Advances in our understanding of the brain and rapid advances in the medical practice of neurology are creating questions and concerns from an ethical and legal perspective. Ethical and Legal Issues in Neurology provides a detailed review of various general aspects of neuroethics, and contains chapters dealing with a vast array of specific issues such as the role of religion, the ethics of invasive neuroscience research, and the impact of potential misconduct in neurologic practice. The book focuses particular attention on problems related to palliative care, euthanasia, dementia, and neurogenetic disorders, and concludes with examinations of consciousness, personal identity, and the definition of death. This volume focuses on practices not only in North America but also in Europe and the developing world. It is a useful resource for all neuroscience and neurology professionals, researchers, students, scholars, practicing clinical neurologists, mental health professionals, and psychiatrists. A comprehensive introduction and reference on neuroethics Includes coverage of how best to understand the ethics and legal aspects of dementia, palliative care, euthanasia and neurogenetic disorders Brings clarity to issues regarding ethics and legal responsibilities in the age of rapidly evolving brain science and related clinical practice
