Get Dicey Tracy Michigan, 2005 Based on the experience of an author who worked in Las Vegas casinos, "Get Dicey: Play Craps and Have Fun" emphasizes the entertainment value of craps while guiding the reader through the process of learning a game that fascinates and intimidates. Every type of bet is explained and the rules and payoffs are illustrated in numerous tables. Playing procedures such as when and how to make different bets are given in detail, and the author weaves in stories from her casino career to illustrate points in a friendly fun style. From the basic rules for shooting the dice to advanced betting strategies, the book offers a comprehensive guide to the game. Because craps is a game of verbal interactions, the book explains how to talk to casino staff and what to ask. Along with player etiquette and superstitions, the book decodes jargon and includes a glossary of terms.

Pleasure and Leisure in the Middle Ages and Early Modern Age Albrecht Classen,2019-08-05 Jan Huizinga and Roger Caillois have already taught us to realize how important games and play have been for pre-modern civilization. Recent research has begun to acknowledge the fundamental importance of these aspects in cultural, religious, philosophical, and literary terms. This volume expands on the traditional approach still very much focused on the materiality of game (toys, cards, dice, falcons, dolls, etc.) and acknowledges that game constituted also a form of coming to terms with human existence in an unstable and volatile world determined by universal randomness and fortune. Whether considering blessings or horse fighting, falconry or card games, playing with dice or dolls, we can gain a much deeper understanding of medieval and early modern society when we consider how people pursued pleasure and how they structured their leisure time. The contributions examine a wide gamut of approaches to pleasure, considering health issues, eroticism, tournaments, playing music, reading and listening, drinking alcohol, gambling and throwing dice. This large issue was also relevant, of course, in non-Christian societies, and constitutes a critical concern both for the past and the present because we are all homines ludentes.
