Finding Flow Mihaly Csikszentmihalyi,2020-03-03 From the bestselling author of *Flow* and one of the pioneers of the scientific study of happiness, an indispensable guide to living your best life. What makes a good life? Is it money? An important job? Leisure time? Mihaly Csikszentmihalyi believes our obsessive focus on such measures has led us astray. Work fills our days with anxiety and pressure, so that during our free time, we tend to live in boredom, absorbed by our screens. What are we missing? To answer this question, Csikszentmihalyi studied thousands of people, and he found the key. People are happiest when they challenge themselves with tasks that demand a high degree of skill and commitment, and which are undertaken for their own sake. Instead of scrolling on your phone, play the piano. Take a routine chore and figure out how to do it better, faster, more efficiently. In short, learn the hidden power of complete engagement, a psychological state the author calls flow. Though they appear simple, the lessons in *Finding Flow* are life-changing.

Masterworks of George Enescu Pascal Bentoiu,2010-10-11 Often considered Romania's greatest musical force and a significant mind of the 20th century, composer George Enescu (1881-1955) achieved international fame and succeeded in incorporating Romanian spirituality into worldwide culture. *Masterworks of George Enescu* provides a profound and very detailed analysis of more than 25 of this important composer's most representative works. Translated from musicologist Pascal Bentoiu's Romanian publication, Lory Wallfisch presents this vital work for the first time to English-speaking audiences, providing the worldwide public with the tools to understand and enjoy Enescu's music. Bentoiu presents a kind of travel diary through Enescu's creative legacy, offering a comprehensive, well-documented, knowledgeable, and generously illustrated analytical study of the composer's greatest masterpieces. Works such as the Romanian Rhapsodies, the Second Suite for Orchestra, *Vox Maris*, *Impressions d'Enfance*, his opera *Oedipe*, and several sonatas and quartets are carefully examined and admired for their substance and their ability to add dignity to the musical world. The works are presented chronologically, considering their conceptual realization as well as their inception and completion. Illustrated with more than 400 musical examples, this impressive study is a perfect guide toward the thorough enjoyment of Enescu's masterpieces.

Rafael Viñoly Architects Philip Jodidio,Rafael Viñoly,2011 KEYNOTE: The definitive monograph

highlighting the global works of the visionary hailed by The New York Times' Herbert Muschamp as the most elegant architect now practicing in the United States. For nearly half a century Rafael Vinoly has been driven by the belief that the responsibility of architecture is to elevate the public realm. While his early work in Argentina transformed the landscape of his native continent, his first major projects in New York--the John Jay College of Criminal Justice--and in Tokyo--the International Forum--established Vinoly as an international presence in architecture, whose buildings sustain a structural originality that transcends passing fads. This monograph features a chronological sampling of Vinoly's best work in the United States, Latin America, Europe, Asia, Africa and the Middle East. The large and small-scale projects encompass courthouses, private residences, athletic facilities, performing arts centers, museums, and educational buildings. Illustrated with photographs, plans, and drawings, and accented by Vinoly's personal reflection on his career, this volume brings together the achievements of one of today's most internationally acclaimed architects. **AUTHOR:** Rafael Vinoly was born in Uruguay and by the age of twenty was founding partner of Estudio de Arquitectura, which would become one of the largest design studios in Latin America. In 1983 he founded Rafael Vinoly Architects PC, a New York based firm that now has offices in London, Los Angeles, San Francisco, Chicago, and Abu Dhabi. Philip Jodidio has published numerous books on contemporary architecture, including *Architecture: Art and Architecture: Nature*. He lives in Grimentz, Switzerland. **ILLUSTRATIONS** 500 colour illustrations
