Tarántula Bob Dylan,2017-02-20 La ópera prima del
último premio Nobel y uno de los artistas más influyentes
de nuestros días. Tarántula es una suerte de lectura
iniciática imprescindible para comprender el imaginario
dylaniano que puebla sus canciones desde Bringing It All
Back Home,Highway 61 Revisited y Blonde on Blonde. Los
textos en verso y en prosa que conforman esta
aproximación a la escritura automática no están exentos de
la musicalidad propia de las composiciones de Dylan de la
época ni de las preocupaciones que acompañan al artista
en el que posiblemente sea el año más importante de su
carrera: cierto inconformismo, una evidente y creciente
predilección por el genio verbal y por la espontaneidad, y
la firme creencia en la legitimidad de la calle como fuente
inagotable de inspiración.
