**The Pocket Idiot's Guide to eBay Motors** Lissa McGrath, 2008 Online auction site eBay has exploded since its inception, and now its motor vehicle sales arm is exploding as well. If you've bought or sold items on eBay before, you have some idea of the process, but buying or selling a vehicle over an online auction is more involved than selling your mother's teakettle. The buyer needs to know what to look for and what to watch out for above and beyond the ordinary considerations of buying a vehicle. And for the seller, descriptions, photos, and most other details are much more involved than when selling other ordinary items on eBay.

**eBay Hacks** David A. Karp, 2005-06-02 Whatever you call it--an online auction house, the world's largest flea market, or a vast social experiment--no metaphor completely describes the huge trading community that is eBay. Underneath it all, eBay is also a computer program and a complex socio-economic system, requiring experience, finesse, and the right tools to master. eBay Hacks, 2nd Edition has been completely revised and updated to make use of an array of new tools and features, as well as to reflect the changes in the eBay API, eBay's policies, and general practices of its increasingly sophisticated users. In all, the new edition of eBay Hacks sports 30 brand-new hacks plus dozens of hacks that have been expanded, deepened, or otherwise completely rewritten. eBay Hacks shows you how to become a more efficient buyer and seller with clever tricks and shortcuts that will surprise even the most experienced eBayers. The book's wide range of topics covers all aspects of using eBay, such as advanced searching techniques, sniping tools, selling strategies, photography tips, and even research techniques for PowerSellers. But eBay Hacks doesn't just cover the basics; you will learn how to write scripts to automate tedious tasks, take better photos, and tap into the eBay API to develop your own custom tools. Unlike any other book, eBay Hacks, 2nd Edition also provides insight into the social aspects of the eBay community, with diplomatic tools to help to get what you want with the least hassle and risk of negative feedback. This bestseller supplies you with the tools you need to master eBay, whether as a buyer or seller, casual surfer or serious collector, novice or seasoned expert. With this guide, you will become a savvy power user who trades smarter and safer, makes more money, enjoys successes, and has fun doing it.

**Learn how to Buy and Sell on eBay for 5 Bucks!** Stephen Gregory, Larry Becker, Jim Workman, 2004-07 In order to make money you need to spend money--\$5 to be precise, an investment you're likely to earn back in spades on your first eBay auction if you follow the advice in this pocket-sized guide! By focusing on just the most common tasks you're likely to perform, this tight, bright, four-color guide serves as a super quick reference to using eBay safely, securely, and (most importantly) profitably! In less than 50 pages, eBay veteran and digital technology whiz Stephen Gregory covers all the eBay essentials: making safe purchases, setting yourself up as a seller, writing effective product descriptions, creating and posting persuasive product photos, ensuring transaction security, and making sure your customers are happy. Each page features a full-page visual (either a photograph or a software screen shot), step-by-step instructions, and perhaps a warning or tip at the bottom of the page--nothing extraneous, nothing more than you actually want to know!

*eBay the Smart Way* Joseph T. Sinclair, 2000 A guide to doing business on eBay, the online auction marketplace. It contains details on how to bid and buy, as well as how to sell on eBay.

**Found on eBay** Marc Hartzman, Liz Steger, 2002 Have you ever gone to a yard sale and marvelled at the dubious treasures on display? Imagine seeing a homemade deer-poop paperweight for ten dollars, a lonely left boot, a belt with a glass eye embedded in its buckle. It would never be possible to find such fantastic oddities all in one thrift shop or garage. But, all these objects do exist and have been sold on eBay. Now these items and many, many more like them are collected for your viewing pleasure in this hilarious museum of priceless eBay artifacts. With thirty million registered users, eBay is one dotcom that has thrived, becoming the most popular shopping website on the net. The suspense of bidding online inspires fanatic obsession, and all kinds of people from grandmothers to teenagers come to eBay to buy and sell just about everything. If you're searching for a rare deal on a hard-to-find gift, eBay is the place. But, when it comes to the unusual, buyers can easily get more than they bargained for. The author has collected one hundred of these gimcracks and photographed them as if they were jewels. Here are a trucker's prayer plaque in its shining newness, a real frog coin purse that looks like it's about to hop off the page, and a strand of Abraham Lincoln's hair shot as a historical gem. Accompanying each image are the seller's original sales pitch and goofy email correspondence about the objects' possible but improbable uses. This pocket-size catalog of curiosities makes for a delightful novelty gift for the eBay buyer in anyone's family.
