Souter,2013-01-28 Dice games have been played for centuries and are a staple of the playground, board games, and casinos alike. This pocket guide spans the history of dice and offers clear explanations of popular dice games, including farkle (played since the Middle Ages), Gluckhaus (a German game of fortune, played since the medieval era), craps, and Jacks! This guide also includes tips on winning and how to avoid being tricked by loaded or “crooked” dice. Famous dice players, such as the Roman emperors Augustus and Caligula, lost money playing dice and quickly stole other people’s to continue their gaming sprees. In the early nineteenth century, fortunes could be won and lost at the roll of a die and it was not only money which was gambled away, but estates and even marriages. Full of fascinating facts and useful tips, this is a must-read book for everyone interested in family fun, games, gambling, or social history. Did you know? • Dice derives from the Latin datum, meaning “ought to be played” • The black marks showing the numbers are called pips • Dice were first played in India around 3000 bc • Dice were originally made from bones, including knuckle and ankle bones • Traditionally cubed, dice also come in other geometric shapes, including the zocchihedron, the 100-sided die, and the deltoidal icositetrahedron, where each side is shaped

*Blackjack: How To Play Blackjack: A Beginner to Expert Guide* Steven Hartman, 2017-11-01 After pumping

dollars into the slot machine and staring at a screen, you get up and notice the table games section of the casino. Brightly lit from can lights shining downward and the crisp green felt of the line of games making you think of the cash in your wallet or purse. There is a row of blackjack tables. Some have a dealer standing with their hands clasped idly in front of them or pressed along the cushion running along the felt. They stare at the gamblers roaming the casino eagerly awaiting the next person to place a chip and test their luck. Other tables are crammed with players, the people behind them shifting to look over their shoulder, and you hear the loud clasp of a hand and the cheer of the table, "Blackjack!" Some tables are hot, some are just warming up, and some are presided over by a cruel dealer who seems to have the luck that any player would crave. The truth is it is all in the cards' each one shuffled meticulously by man or machine and dealt out randomly. The dealer has the same luck you do. That's the fun of it though.
