The Book of Basketball Bill Simmons, 2010-12-07 NEW YORK TIMES BESTSELLER • The NBA according to The Sports Guy—now updated with fresh takes on LeBron, the Celtics, and more! Foreword by Malcom Gladwell • “The work of a true fan . . . it might just represent the next phase of sports commentary.”—The Atlantic Bill Simmons, the wildly opinionated and thoroughly entertaining

basketball addict known to millions as ESPN's The Sports Guy, has written the definitive book on the past, present, and future of the NBA. From the age-old question of who actually won the rivalry between Bill Russell and Wilt Chamberlain to the one about which team was truly the best of all time, Simmons opens—and then closes, once and for all—every major pro basketball debate. Then he takes it further by completely reevaluating not only how NBA Hall of Fame inductees should be chosen but how the institution must be reshaped from the ground up, the result being the Pyramid: Simmons's one-of-a-kind five-level shrine to the ninety-six greatest players in the history of pro basketball. And ultimately he takes fans to the heart of it all, as he uses a conversation with one NBA great to uncover that coveted thing: The Secret of Basketball. Comprehensive, authoritative, controversial, hilarious, and impossible to put down (even for Celtic-haters), *The Book of Basketball* offers every hardwood fan a courtside seat beside the game's finest, funniest, and fiercest chronicler.

Mastering Podcasting Adidas Wilson, Basically, a podcast is like an online form of talk radio. The only difference is that you have certain advantages with a podcast such as the ability to listen whenever you want instead of a certain time or day. While podcasts are somewhat like radio talk shows, they are very different at the same time—like YouTube videos and television. A podcast is best described as a series of episodes stored in audio files, the same type as the ones you use for music in your smartphone or laptop. Just like any other radio or television talk show, a podcast is usually based on a theme—think gaming, horror, entertainment, sports, politics, etc. With each episode, a subject in that theme is tackled. You can choose to subscribe to the podcast (typically free) or listen to a specific subject. One popular podcast is Pod Saves America and it tackles political news progressively. The hosts are Daniel Pfeiffer, Jon Lovett, Tommy Vietor, and Jon Favreau. They frequently invite experts as guests to give their opinions. The episodes are mainly centered on political issues such as tax reform or healthcare. Another podcast is the Critical Role. Pod Saves America and it tackles political news progressively.
