Treat Your Poker Like a Business, 2009-12 Poker star Dusty Schmidt presents his first book [– one that stands to shake up poker in the same way Moneyball did for baseball. Schmidt offers an inspiring look at how in just five years, he went from not knowing a thing about poker to netting a seven-figure annual income. Far from a mathematical or technological genius, Schmidt says what guides him through is a fundamental understanding of business. Treat Your Poker Like A Business

provides a foundation upon which all poker will be evaluated in the future, and will help an entire generation of poker players evolve their games into empires. A consummate grinder, Dusty Schmidt has played nearly 7 million hands of online poker over more than 10,000 hours during his five-year career. He's won over \$3 million during that period, and has never experienced a losing month. In 2007, he achieved Poker Stars' SuperNova Elite status in just eight months while playing high-stakes cash games exclusively. Schmidt posted the world's highest win rate in both 5/10 NL and 10/20 NL in both 2007 and 2008. In a four-month period between Nov. 2007 and Feb. 2008, Schmidt won in excess of \$600,000 in high-stakes cash games. He is now a highly respected instructor at Stoxpoker.com, and plays as high as 25/50 NL. As a young man, Schmidt was a top-ranked golfer. He broke two of Tiger Woods' junior records, and was the leading money winner on the Golden States Tour when, at age 23, he suffered a career-ending heart attack. Schmidt returned to golf in 2009, winning medalist honors in qualifying for the Oregon Amateur Championship. Later that year, Schmidt famously represented himself in federal court in his suit against the United States Golf Association, which controversially stripped him of his amateur status, in part due to his poker profession. Schmidt is now a volunteer assistant coach for the University of Oregon's men's golf team, working under his good friend, Head Coach Casey Martin. Schmidt is also a successful entrepreneur. He is part-owner of Stoxpoker.com and Imagine Media, and the creator of 10thGreen.com, the first social network for golfers. His story has been featured in Sports Illustrated, Card Player, Poker News, Golf Magazine, Fairways and Greens, Golf Week, Golf World and the Portland Oregonian, as well as on ESPN, cnn.com, wallstreetjournal.com, forbes.com, fortune.com, espn.com, golfdigest.com and golf.com, among many others. He recently founded the House of Cards Project, a philanthropic effort to provide food and shelter to disadvantaged families. His life

story will be told in the book [–Raise: The Impossibly True Tale of Dusty Schmidt, [–? to be released later in 2010. He lives in Portland, Ore., with his wife, Nicole, and daughter, Lennon.

Poker Games Guide - Texas Hold 'em Poker Nicolae Sfetcu, 2016-11-07 This book is an introduction to the poker game, emphasizing on the Texas Hold 'em Poker, the betting structure, poker variants, poker strategy and specific poker tournaments. The popularity of poker (mainly the no-limit Texas hold'em) reached an unprecedented peak in the 2000s. This poker boom is attributed to several factors: the invention of online poker, the television broadcast tournaments (with miniature cameras revealing the cards), the presentation of the online poker sites in television commercials, and victory in 2003 of Chris Moneymaker at the World Series of Poker. Not only the public can now follow the actions of the tournaments on television, turning this game in the sporting spectacle, but it can also be played directly from home. The spread of tournaments such as the World Series of Poker and the World Poker Tour created a strong following among television program providers by cable or satellite. Because of the hype, professional players have become celebrities, with many fans around the world participating in tournaments in the hope of being confronted with these celebrities. Poker is played in many variations but there are three large families. They differ firstly by the way of distribution of playing cards. Cards can be shared by all players or private for each player. They can also be closed (visible only by the owner of cards) or open (visible to all). There are also differences in the game base on stakes. The winning hands can be high, low or both (high/low). In some embodiments where poker is played high and low hands, certain conditions are imposed on low hands. For example, a player's hand can not contain card over eight (eight or better), or aces can count only as high card (deuce to seven). Poker is a microcosm of all we admire and disdain about capitalism and democracy. It can be rough-hewn or polished, warm

or cold, charitable and caring or hard and impersonal. It is fickle and elusive, but ultimately it is fair, and right, and just. -- Lou Krieger

World Series Poker Powerball Secrets, World Poker, 2018-04-21 PROVEN METHODS And Strategies To Winning WORLD Series Texas HOLD'EM Poker Tournament! The beginning When playing Texas Hold'em poker, every player is dealt two cards face down - these are called your 'hole cards'. Then there is a round of betting where you can Check, Bet or Fold. This stage of the game is known as pre-flop and what you should do is dependent on those hole cards, or starting hand. When all the betting has finished three shared cards are dealt face up in the middle of the table. This is called the flop. The flop The middle After this there is another round of betting, then a fourth shared card - called the turn - is dealt. The turn There is another round of betting then a final shared card - called the river - and a final round of betting. The river Your best Texas Hold'em hands will be made by using your hole cards and the five cards in the middle to make the best possible five card poker hand. Not sure what the best Texas Hold'em poker hands are? You can visit the poker hand rankings page for more information! So, for example, if you have 9-9 and the shared cards are 9-9-A-5-2 you have four-of-a-kind. If the shared cards were J-Q-K-7-2 you would only have two nines. Sometimes the best Texas hold'em hand is made by the five shared cards on their own. If they were 10-10-10-10-A and you had 9-9 your hole cards would not play as there is a four-of-a-kind of higher value already showing. The end There are two ways a hand can end. One is when the players in a hand turn over their hole cards and the player with the best hand wins. This is known as a showdown. The other is that someone will bet enough that everyone else folds. This is how most hands end in Texas Hold'em and that's the magic of the game - you don't always need the best hand to win. Now let's recap... Okay, let's go over how a Texas Hold'em poker hand works using only poker slang and see if you can

keep up. Firstly, you are dealt your hole cards. Then there is a round of betting. Then the players remaining see a flop. Then there is another round of betting. Then you see a turn card. Then another round of betting. Then a final river card. Then one more round of betting. The best five card hand wins. Clear? Excellent. If not, have a read of our Poker Glossary. Comfortable with the rules so far? Ok Then Here's a few Tips; To be a truly great Texas Hold 'Em Poker player, you need to be able to read your opponents, ascertaining when they are bluffing and then they really have a solid hand. But learning some basic strategies and general rules will go a long way toward making sure you can at least hold your own in a friendly game. Two Things to Always Remember It may seem silly to be reminded of the following fundamental facts, but it's surprising how often players get swept up in the excitement of the game and forget the basics. 1. The two cards you hold are the only cards that set you apart from the other players and give you the chance to win. 2. All of the face-up cards are community cards, shared by you and every other player. It's vital that you focus on what those cards could mean to someone else at least as much as you focus on what they mean to you. In particular, keep your eyes open for your opponents' straight and flush possibilities. Usually, the first decision you make in a hand of Texas Hold 'Em Poker happens with your only knowledge being what your two cards are. When you look at your cards, be careful not to reveal anything with your reaction -- facial or otherwise. Taking a sharp breath, no matter how quietly you do it, can tell a wily opponent all he needs to know to have an advantage over you. . How do you know if your cards are good? 52 Tips for Texas Hold 'Em Poker Barry Shulman, 2005 One of the fascinating aspects about Hold'em is its dual nature. The game is both incredibly simple and incredibly complex. If you've watched any World Poker Tour (WPT) broadcast, you've heard Hold'em described as a game that takes a minute to learn and a lifetime to master. That is really true, and a large part of the appeal of the game is that you can sit down and learn how to play almost immediately. However, after playing a bit, you become aware that Hold'em has many layers, each more complex than the previous one. The deeper you develop your understanding of the game, the better your results should be. The best thing for you is this: most players never work to develop their games. What they know about the game is strictly what they draw from their personal experience at the table, much of which they don't properly interpret. In fact, they often misinterpret their experience in counterproductive ways.

So there is great opportunity for those who wish to invest a bit of time and effort in improving their game. Currently, a huge number of books on limit Hold'em are available, with many more being written. However, very little exists for the brand new player, whose only exposure to Hold'em may be what he has seen on television and perhaps a few hands played at a casino or in a home game. This book provides someone who has played little or no limit Hold'em with a sound basic strategy that will add to both his enjoyment of the game and his bottom line. You must walk before you can run, and this book teaches those first steps. If you absorb and put into practice the information in this book, you should become a winning low-limit hold'em player. This will put you ahead of the 90 percent or so of public cardroom poker players who lose money at the game. Once you acquire a framework for beating the game, you can then take your game to the next level. The book is designed for simplicity. We present 52 tips, each of which provides a valuable kernel of information. We present the tips chronologically as you progress through a hand of Hold'em. Obviously, everything to know about hold'em cannot be reduced to just 52 items. However, these 52 tips deal with some of the most important and most frequently encountered decisions you will have to make. Hold'em can be both very complex and quite simple. This book keeps the game as simple as possible for you. Specifically, we do this by presenting a strategy that helps you steer clear of many of the common pitfalls in Hold'em, pitfalls that can quickly erode your stack of chips. Staying out of potentially dangerous situations is very important to a player new to the game, as many of them require a feel for the game that only experience can produce. Although this book is aimed at the newer player, the concepts are relevant to all levels of Hold'em. Thus, we think that most players will find some benefits to their game by reading this book. Even if the tips presented in the book are not new to you, you will find it beneficial to treat them as a refresher course, since a true mastery of

poker involves not only learning concepts, but remembering and putting them into practice.
