Earn \$30,000 Per Month Playing Online Poker Ryan Wiseman, 2010-11-16 Much like a pilot need not know the pure physics behind his flight, a skilled poker player need not know the pure mathematics behind winning poker play. Too often have poker books taken a purely theoretical approach to poker instruction. This book is the only poker book available that caters specifically to online sit'n'go (SNG) single'table low'limit Texas Hold'em tournaments. More importantly, it is the only poker book that guides the reader on a progressive path upward through the various limits, with only the information necessary to win with any bankroll or skill level to beat that specific low limit. Presented in a series of steps, the book provides guidelines that help tell the reader when to move up to a higher limit. SNG's have very predictable durations (40'60 minutes) so the reader could effectively set aside blocks of time to play. Unlike other games, the book contends that SNG's have very predictable win/loss rates, can be defeated systematically, and offer an innate system of progression. That is, the various buy'in amounts can be viewed as a climbable ladder that helps gauge success. As with any gambling, winning is not a sure thing. But this book gives you the tools you need to win.

Poker Strategy Sam Lawson, 2019-09-02 If you're looking for a get rich quick scheme - this is not for you Do You Want To Make A Second Income From The Comfort Of Your Own Home? Living paycheck to paycheck sucks. Having to save up for weeks in order to pay for something is just frustrating. Your finances don't have to be like this, there are ways you can have more money on hand so you can buy the things you want. Poker is one of the great ways to earn extra money online if you know how to do it. Why Poker Is A Great Low Risk Way To Make Money? If you are able to learn the game you can turn a small sum into a decent amount of winnings. Unlike other gambling methods poker is a game of skill rather than luck. Therefore once you learn the game you can make consistent winnings and turn poker into a second income all without ever having to leave your bed. Like with any money making scheme there is no shortcuts and no freebies. Do not expect to wiz through this and start making thousands on the table. It will take time. But if you are willing to learn the game and how to play it you can make profit no matter how small it is. This is all without taking massive financial risk, investing \$5 - \$10 can still get you a good return. Even earning an extra \$100 a month is still \$100 more that you had before. What could you do with that extra income? Why this Book is Best Suited for Beginners? A lot of poker books out there teach you the nitty gritty of how to become a professional poker player. Becoming a professional player takes years to master, it isn't something that comes quickly. In this book we aren't going to focus on becoming a professional instead we'll aim to teach you the beginner's approach on how to start making consistent profit as fast as possible. This book is not based on loopholes or shady tactics, just the right strategy to play in order to make money. As a beginner learning the game can seem daunting therefore we have simplified things as best we can with a step by step process. By applying these tactics you can even earn back what you paid for this book. Then once you're able to learn the game you can be making money from anywhere on earth aslong as you have your phone and an internet connection. Allowing to stop live paycheck to paycheck and start living life the way you want. In this book you will discover: A STEP-BY-STEP guide on how to play during each stage of a poker hand (Including preflop, postflop, turn and river) 10 giant POKER MISTAKES that are guaranteed to lose you money - and how you can avoid making them. How to ANALYSE your opponent's actions so

you can logically figure out what cards they're holding. (You don't need to be a mind reader to do this) The undisputed biggest reason why amateurs LOSE money when playing poker and what you can do to prevent it. The real reasons why and when you should bet - allowing you to make sound decisions on the table. How to manage your winnings so you KEEP them instead of gambling them away. An extensive list of the EXACT starting hands you should be playing in each position and why. How to calculate your chances of winning a hand WITHOUT using complex maths. Advanced tactics that can make you even MORE PROFITS on the poker table. And much, much more... Would you like to learn more? With the methods you'll learn in this book you can turn a profit in poker even if you've never played before in your life. So if you want to stop living paycheck to paycheck and start earning money by just using your phone - the time is now. Click buy now to receive your book instantly!

Exploitive No Limit Holdem Paul Ratchford, 2014-06-26 My biggest strength at the poker table is my ability to adapt in real time to my opponents. Exploitive No Limit Holdem was written not just to help you understand advanced NLHE theory, but more importantly to help you apply that knowledge exploitively at the poker table. I focus more on the attacking side of poker than the defending side. In many ways I feel like a good defense will come naturally for those who have a good offense. If you understand how and why you are targeting an opponent, you will also notice when you are the mark. When you finish reading this book I am confident that you will be a better player. Wherever possible I try to give you real world examples of the concepts I am discussing. Theory without applications is useless, and I recognize that my readers need more than just theory to help them improve. Included in Exploitive No Limit Holdem is an extensive discussion of how to improve your red line, the mental game, math, expected value, game theory, and risk management. Very little in poker is "solved" and that makes teaching the game challenging. Exploitive No Limit Holdem focuses not only on how to fix leaks in your game and attack opponents' weaknesses, but also on how you can keep growing as a player after reading this book. Exploitive No Limit Holdem can help you deepen your understanding of No Limit Holdem, which will enable you to adapt and stay profitable in a dynamic and rapidly changing industry like poker.

The Complete Poker Handbook Jeremy B. Keefer, 2009-09-02 A handbook with blank charts to help you keep a record of: strategies, earnings, opponents' style, personal notes, memorable hands. Includes glossary of poker terms.

How to Shake the Online Poker Money Tree Drew Kasch, 2019-09-17 This is the very same, classic popular online poker strategy book that has been selling online for \$39 a copy since 2004. It has been revised and expanded in this 3rd edition to reflect recent changes in the online poker landscape, including the effects of political events which occurred in both 2006 and 2011. It includes new chapters with specific strategies for popular new game types and structures. Americans can still make surgeon's income playing online poker for a living. In fact, playing at the smaller-traffic poker rooms (which USA citizens are now proliferating) offers certain advantages to a skilled player - IF you know how to exploit them. Any dedicated student of the game who is armed with the knowledge and tactics taught in this course will be a force to contend with at today's tables. Topics covered include: • Complete lessons in Holdem, Omaha, Stud, Badugi, and High-Low Split games • Short-handed play strategy • Organizational training for multi-tabling and using player notes • Targeting players who are your best "customers" • Specific winning tournament strategy for both small and large-field tournaments • Managing your poker playing like a business • What the political environment has done to the game, how to take advantage of it, and what looms on the horizon (and why you need to position yourself for it NOW) ...and much, much more. This is a full length book that many winning online players credit as their training manual. Will you be next?

Poker Frank R. Wallace, 2013-05 If you have never heard about poker, then you must be wondering... What's the big deal? Poker is a sport out there which is purely based on skill... That over 100 million people are interested in... These people gather offline and online and play this game with real money... The guys who play it skillfully make so much money that they literally never have to work again... It is possible to join this world

instantly and play with these people... What makes poker truly amazing is that it is more than just an addictive strategic game, it is an art. In poker you don't just play the cards, you actually play against another person. Once you learn the game, you can come up with many clever ways to outsmart your opponents. The fact that you can make so much money defeating a player, just adds to its appeal. Once you learn how to play poker like a pro, you won't believe how many easy players are out there who have zero poker skill simply because they think poker is a game of luck. This is actually also one of the reasons why winning money in poker is so easy. With so many players playing poker for fun, or simply so many players just having no clue how to play the game strategically, it makes easy picking for sharks who know what they are doing. With the Advanced Concepts of Poker, that you will learn in this book, we continually earn the kind of money most people can't imagine.

This practical journal - with journaling pages for 40 poker sessions - will help you become the biggest winner you can be in the games you play (online and/or live poker) by giving you insight into: Finding your poker niche setting relevant poker goals Learn how to take helpful notes on your opponents Track your result in the result tracker pages And much more Be ready to take your game to the next level and never leave easy money at the table again.

The Making Of A Poker Player Matt Matros, 2005 Matros teaches readers his tricks to winning poker through his experiences on the felt. Readers meet eccentric and generous poker players in addition to the cardsharps, angle-shooters and outright cheats that make up this fascinating subculture. This is the first book to teach poker through narrative which means that concepts like pot odds and expected value will seem completely natural because they are used in the context of Matros' stories. The tension and surrealism of Casino poker is vividly recounted and he teaches the knowledge necessary to win excellently.

Poker Satellite Strategy Dara O'Kearney, Barry Carter, 2019-02-27 The best way for small stakes poker players to earn life-changing amounts of money is to win a satellite into a bigger tournament. Yet there is surprisingly little poker theory written about how to win satellite tournaments, until now. In *Poker Satellite Strategy* professional poker player Dara O'Kearney gives you a framework for how to approach every stage of a satellite tournament, from the early levels right up to the bubble. This book takes the stress and uncertainty out of satellites. You will learn: *Adjustments you need to make from regular poker tournament strategy *What hands to shove, call and fold on the bubble *When to tighten up and when to keep accumulating chips *Easy poker math to do at the tables *The correct poker GTO ranges (and how to adjust to different player types and situations) *When it's correct to fold Pocket Aces preflop Dara O'Kearney is a professional poker player from Ireland with a long standing reputation as the best satellite specialist in the game. He has won over \$1 million in satellite tournaments alone and twice won the PokerStars UKIPT satellite leaderboard. He is sponsored by Unibet Poker and is the co-host of The Chip Race Podcast. "In the first 30 minutes of reading, I guarantee you will pick up something that will increase your future expectation to cover the cost of the book tenfold" - Marty "TheLipoFund" Mathis, partypoker PPL Satellite Leaderboard winner "A highly recommended book for anyone looking to play satellites well or related formats like Double or Nothing where multiple finishers receive identical top prizes" ~ Collin Moshman - author of Sit N' Go Strategy "Dara has been ahead of the curve on satellites for years and his results show it. This book will change the way you think about, and play, satellites forever." ~ Daiva Byrne - professional poker player

and advocate for women in poker This book uses the most up-to-date poker ICM calculators, however it has been written in a way to make the poker math you need to do at the tables very simple. Every chapter starts from a poker GTO framework but then explains how you should deviate when the players or table dynamics change. It covers every aspect of satellite play, from the important bubble stage, but even explaining the poker game theory behind late registering, post flop play, poker mindset issues unique to satellites and how to adjust in live poker tournaments. It has everything a texas hold'em player needs to qualify for big poker tournaments like the World Poker Tour, EPT or World Series of Poker.
