David Kushner

The Poker Shark Steve Curry, 2021-03-10 The Poker Shark is a standout book in poker publishing. Covering all aspects of No Limit Texas Hold'em poker for the player that wants to learn a solid strategy that will take them from being a mediocre tournament player, rarely reaching the 'Bubble' play, to a serious contender sitting on the top table and pick up prize money on a much more regular basis. It covers not only the technical side of the game but the also the mental approach you need to be a winner. You will gain important knowledge about your own style and approach to the game, and that of your opponents. The book breaks down what can be a very complicated game into easy to understand soundbites in sixteen chapters that all underpin a simple three-point strategy. You will find yourself playing in, and winning, games suited to your skill level and Bankroll. As Your skills improve, a higher level of tournament will become open to you and your win ratio will increase. A free flowing and often humorous take on this wonderful game, it supplies all the tools you need to develop into the aspiring player you know you are capable of becoming.

Switching Suits Julie Braithwaite, 2012 Clinical psychologist and mother of two Julie Braithwaite has a Glock pistol pointed at her head during an armed hold-up in a poker bar. After stumbling across a late-night episode of Celebrity Poker some months earlier, Julie's conventional, middle-class life has taken a dramatic turn. Clinical psychologist and mother of two Julie

Braithwaite has a Glock pistol pointed at her head during an armed hold-up in a poker bar. After stumbling across a late-night episode of Celebrity Poker some months earlier, Julie's conventional, middle-class life has taken a dramatic turn. Julie's casual interest in poker quickly becomes a full-blown obsession, transporting her from Sydney's leafy northern suburbs to exotic-dancer venues and bars littered around the city's fringes. An unconventional cast of characters enters her life, including Bluffer Bill, Loose Cannon Mick and Hitman Rick. And Julie's earlier aimlessness is replaced by a driving goal: become the poker champ of NSW. She has just twelve weeks to complete her quest - 184 tournaments - and a list of therapy clients who deserve her undivided attention. So join Julie as she takes us (and her bemused loved ones) on a collision course between two vastly different worlds. Switching suits has never been so frenetic

Cashed In Jackie Chance, 2007-09-04 Amateur Texas Hold 'Em champ Belinda Cooley, aka "Bee Cool," has left the desert sands of Vegas for the cool clear waters of the Gulf of Mexico. With her newfound fame she has a free buy-in on a high-profile poker cruise aboard the Sea Gambler. The catch: her manipulative manager (who's also her twin brother) is driving her crazy, her pesky parents are tagging along, and there's no place to hide from the throngs seeking poker tips from Bee Cool. If that wasn't enough to throw off a girl's game, Belinda soon finds her fellow poker pros disappearing faster than chips on a bad night. It seems someone on board is out to turn the card

sharks into shark bait—and Belinda might be next.

Jonny Magic & the Card Shark Kids David Kushner, 2006-08-29 If you think a gang of real-life geeks can't take on the world and win big . . . think again. And whatever you do, don't sit down across a gaming table from Jon Finkel, better known as Jonny Magic. Jonny Magic and the Card Shark Kids is his amazing true story: the jaw-dropping, zero-to-hero chronicle of a fat, friendless boy from New Jersey who found his edge in a game of cards—and turned it into a fortune. The ultimate bully-magnet, Finkel grew up heckled and hazed until destiny came in the form of a trading-card game called Magic:

The Gathering. Magic exploded from nerdy obsession to mainstream mania and made the teenage Finkel an ultracool world champion. Once transformed, this young shark stormed poker rooms from the underground clubs of New York City to the high-stakes tables online, until he landed on the largest card-counting blackjack team in the country. Taking Vegas for millions, Finkel's squad of brainy gamers became the biggest players in town. Then they took on the town's biggest game, the World Series of Poker, and walked away with more than \$3.5 million. Thrilling, edgy, and ferociously feel-good, the odyssey of these underdogs-turned-overlords is the stuff of pop-culture legend. And David Kushner, acclaimed author of Masters of Doom, masterfully deals out the outrageous details while bringing to life a cast of characters rife with aces, kings, knaves . . . and more than a few jokers. If you secretly believe every player has his day, you're right. Here's the proof.

The Shark and the Fish Charley Swayne, 2012-09-20 Patience and aggression are key elements of a successful poker strategy, but also, as this innovative and accessible guide reveals, to a successful leadership strategy in business decisions. Acclaimed poker instructor Charles Swayne presents down-to-earth career advice using a language that makes the valuable guidance both relatable and understandable—the language of poker. The logic-based viewpoint built upon proven strategies will be a welcome relief to individuals who have been turned off by self-help books that use empty metaphors and promises and are looking to give their professional circumstances a boost or improve their

daily corporate interactions. In poker and in business there are written rules—and unwritten ones as well. Offering such insight as considering the perspectives of others during a negotiation in the same manner as reading hands and players, and understanding the stakes and accepting financial limitations in the mindset of raising a bet, this business success guide will inspire confidence and purpose in both the boardroom and at the card table.

Mastering Poker Math Chuck Clayton, 2022-09-29 Transform Your Game and Become a Feared Shark at the Tables! Poker Ole Bjerg, 2011-11-02 Poker is an extraordinary worldwide phenomenon with major social, cultural, and political implications, and *Poker: The Parody of Capitalism* investigates the game of poker as a cultural expression of significance not unlike art, literature, film, or music. Tracing the history of poker and comparing the evolution of the game to the development of capitalism, Ole Bjerg complicates prevalent notions of “casino capitalism” and correspondingly facile and simplistic comparisons of late capitalism and poker. By employing Slavoj Žižek’s threefold distinction between imaginary-symbolic-real as a philosophical framework to analyze poker and to understand the basic strategies of the game, Bjerg explores the structural characteristics of poker in relation to other games, making a clear distinction between poker and other gambling games of pure chance such as roulette and craps. With its combination of social theory and empirical research, *Poker* offers an engaging exploration of a cultural trend. *Poker* is a theoretically sophisticated, highly original and innovative treatment of a contemporary social phenomenon, and contributes greatly to our understanding of the nature of contemporary capitalism. –Charles Livingstone, Monash University Australia

The Only Poker Book You'll Ever Need John Wenzel,2006-05-30 A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

John Patrick's Casino Poker John Patrick,1996 John Patrick's Casino Poker is a book for anyone who has enjoyed a friendly game at home, yet wishes to test his skill against varied (and hitherto unknown) opponents. The book is not for the novice or the high-stakes professional. It is meant for the intermediate player, instructing him in the skills required to know when to hold 'em and when to fold 'em, how to watch for tells in other players, and how to keep from offering a tell. The book concentrates on reading your opponents' play style as well as on self-discipline and money management.

Sharkbait Robert Needham,2020-12-22 When a maths nerd goes to prison, does he have the ability to adapt and survive, or will the brutal environment swallow him up? Shark Man Riley Elliott, 2014-11-07 The adventures of a shark scientist and his mission to change our perception of New Zealand's most feared and misunderstood predator. Riley Elliott is a surfer, spear-fisherman and shark scientist from the Waikato, currently writing a PhD at Auckland University. He's also on a mission to share his fascination with sharks, raise the profile of their dwindling numbers and question the legitimacy of shark-finning in our waters. Riley's passion for sharks started while he was working at the Oceans Research Great White Shark Station in South Africa, where he learned to free-dive with sharks beyond the cage. Upon his return to New Zealand, Riley began research for his PhD, and in the process uncovered some alarming trends. Riley Elliott is making it his mission to educate New Zealanders about the over-exploitation of sharks in our waters, particularly the controversial practice of shark-finning, and how it affects the ocean ecosystem. In the process he's becoming New Zealand's most popular expert on shark species, and a go-to commentator about our increasing encounters with this deadly ocean predator. *Shark Man* is Riley's story, from his time learning to scuba dive and spearfish, his early fascination with sharks while surfing life at Raglan, his first encounters with great whites in South

Africa and learning to safely free-dive to his study of New Zealand sharks species and the making of the TVNZ television documentary series 'Shark Man'. The book also has information about New Zealand's prevalent shark species – where they live, how they hunt, and their interaction with humans, with fascinating new insights and little-known facts.

Poker Shark Introduction

In today's digital age, the availability of Poker Shark books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the

comfort of our own homes or on the go. This article will explore the advantages of Poker Shark books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Poker Shark books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Poker Shark versions, you eliminate the need to spend money

on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Poker Shark books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone

interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked,

and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Poker Shark books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic

literature, making it an excellent resource for literature enthusiasts. Another popular platform for Poker Shark books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar

to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public

Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Poker Shark books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational

institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Poker Shark books and manuals for download and embark on your journey of knowledge?
