Bad Optics Joseph Heywood, 2018-04-01 In the eleventh Woods Cop Mystery, Conservation Officer Grady Service is on unpaid suspension until spring, but—stubborn as ever—continues to patrol the Mosquito Wilderness, along with his complicated past. Service is off-duty through July 4 following a season in which Service and his unofficial partner (lifelong poacher Limpy Allerdyce) cleaned up on deer-law violators and poachers, closing more big cases in two weeks than most officers solve in their careers. His reward? He is summoned to Lansing, told he is on unpaid suspension, his badge, firearms, and truck taken. The rationale for the action is fuzzy, a questioning of his using a lifelong lawbreaker as partner. For the first time, Service has no duties and feels like he has been beached unfairly. But voluntarily on patrol, he begins to sense political shenanigans –an old foe lurking somewhere in the shadows. He could retire, but decides to fight, and enlists help from Allerdyce and fellow game warden and Vietnam Veteran Luticious Treebone. Clues accumulate: It seems someone wants to illegally commercialize the Mosquito. Grady realizes if he doesn't stop it, the wilderness will be destroyed. The tight story unfolds like a poker game, with one side bluffing and raising, while the other

side keeps calling and keeping the game on until there is a final showdown.

Warhol-isms Andy Warhol,2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—“In the future, everyone will be world-famous for 15 minutes.” Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a

superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.
