Pokemon Sara Green,2017-08-01 Pikachu could be called the mascots of the Pok mon brand, as the short, yellow furballs are the most recognizable of hundreds of characters. This book for growing readers tracks the birth of the Japanese pocket monsters chased all around cities by Pok mon Go players.

Watching Anime, Reading Manga Fred

Patten,2004-09-01 The first book-length collection by the most respected writer on anime and manga today

Little Green Men, Meowing Nuns and Head-Hunting Panics Robert E. Bartholomew,2001-06-06 For a two week period in 1956, residents in the vicinity of Taipei, Taiwan, lived in fear that they would be the next victims of a crazed villain who was prowling the streets and slashing people at random with a razor or similar weapon. At least 21 victims were reported during this period, mostly women and children of low income and education. A thorough investigation revealed however, that: five slashings were innocent false reports, seven were self-inflicted cuts, eight were due to cuts rather than razors, and one was complete fantasy. This is one example of many cases of what has traditionally been called mass hysteria that are examined in this comprehensive study of human beings' fear of the unknown. Beginning with a concise history of mass hysteria and social delusions, the author differentiates between the

two and investigates mass hysteria in closed settings such as work and school, and mass hysteria in communities with incidents such as gassings, Pokemon illnesses in Japan, and medieval dance crazes. Also examined are collective delusions, with information on five major types: immediate threat, symbolic scare, mass wish fulfillment, urban legends and mass panics. The book ends with a discussion of major issues in the area of mass hysteria and a look toward the future of this intriguing subject.

Anime, Philosophy and Religion Kaz

Hayashi, William H. U. Anderson, 2023-10-17 Anime is exploding on the worldwide stage! Anime has been a staple in Japan for decades, strongly connected to manga. So why has anime become a worldwide sensation? A cursory explanation is the explosion of online streaming services specializing in anime, like Funimation and Crunchyroll. Even more general streaming services like Netflix and Amazon have gotten in on the game. Anime is exotic to Western eyes and culture. That is one of the reasons anime has gained worldwide popularity. This strange aesthetic draws the audience in only to find it is deeper and more sophisticated than its surface appearance. Japan is an honor and shame culture. Anime provides a platform to discuss "universal" problems facing human beings. It does so in an amazing variety of ways and subgenres, and often with a sense of humor. The themes, characters, stories, plotlines, and development are often complex. This makes anime a deep well of philosophical, metaphysical, and religious ideas for analysis. International

scholars are represented in this book. There is a diversity of perspectives on a diversity of anime, themes, content, and analysis. It hopes to delve deeper into the complex world of anime and demonstrate why it deserves the respect of scholars and the public alike.
