Andrew Gruse

Circle of Six Randy Jurgensen, Robert Cea, 2007 Tells the true story of the author's fight to bring the killer of Patrolman Phillip Cardillo to justice after the New York City police officer was killed inside Harlem's Mosque #7 in 1972 in an all-out assault on the NYPD from the Black Liberation Army.

Catching a Serial Killer Stephen Fulcher, 2017-06-22 The true story behind the ITV series, *A Confession* 'The gripping allure of long-form podcasts, such as *Serial*' Observer On the evening of Saturday, 19 March 2011, D.S. Stephen Fulcher receives a life-changing call that thrusts him into a race against the clock to save missing 22-year-old Sian O'Callaghan, who was last seen at a nightclub in Swindon. Steve knows from experience that he has a small window of time to find Sian alive, but his hopes are quickly dashed when his investigation leads him to Christopher Halliwell, a cabbie with sick obsessions. Following the investigation as it develops hour-by-hour, Steve's gripping inside story of the cat-and-mouse situation that ensues shows how he hunted down Halliwell – his number-one suspect – which led him to the discovery of Sian's body and another victim, Becky Godden-Edwards, who had been missing since 2002. The murders shocked the nation and Halliwell become one of the most hated men in Britain. Since then, he has been linked to several murders and disappearances, and has been called 'sick in the head' by an ex-cellmate for his unrelenting hatred of women. *Catching a Serial Killer* is a thrilling, devastating and absorbing look at a real-life murder case and potentially one of the UK's most prolific serial killers.

To Catch a Thief David Dodge, 2015-02-01 The classic mystery that inspired the Academy Award-winning film by Alfred Hitchcock. "Le Chat" is a legend. He is a mystery. He is a jewel thief, famous and elusive for being able to swipe anything and get away clean. He is John Robie, retired and living a quiet life, tending his rose garden in the South of France. But his retirement plans are thrown for a loop when a series of robberies too closely resemble the work of "Le Chat," and the police start digging into Robie's past. To keep himself free, and with the help of an equally mysterious young woman, John Robie will have to catch the true thief, before the police catch him.

Arrest-Proof Yourself Dale Carson, Wes Denham, 2013-11-01 *Arrest-Proof Yourself* will teach you everything you need to know about dirty cops, racial profiling, probable cause, search and seizure laws, your right to remain silent, and much more. This how-not-to guide will keep you safe and sound all year long. --Zink magazine What do you say if a cop pulls you over and asks to search your car? What if he gets up in your face and uses a racial slur? What if there's a roach in the ashtray? And what if your hot-headed teenage son is at the wheel? If you read this book, you'll know exactly what to do and say. More people than ever are getting arrested—usually for petty offenses against laws that rarely used to be enforced. And because arrest information is so easily available via the Internet, just one little arrest can disqualify you from jobs, financing, and education. This eye-opening book tells you everything you need to know about how cops operate, the little things that can get you in trouble, and how to stay free from the hungry jaws of the criminal justice system. It is now updated with new and important information on the right of the police to search your car; on guns, knives, and self-defense; and on changes in surveillance methods. Dale C. Carson was an FBI field agent, a SWAT sniper, an instructor at the FBI academy, and a Miami police officer who set Florida records for felony arrests. He is currently a criminal defense attorney. Wes Denham is the author of *Arrested*.

Revenge Killings - The Chris Dorner Story RJ Parker, 2017-08-18 WITH 15 PHOTOS Chris Dorner was a cop with the LAPD who

was fired after reporting that his training officer beat up a handcuffed, non-resisting suspect. He appealed. Lost. Then snapped. In his manifesto that he posted on Facebook, he vowed to kill those associated with him being fired as well as their families. His first victims were the daughter of the LAPD lawyer who represented him and her fiancée. This recent case from 2013 includes several pictures, some of which are quite graphic, including the all-out manhunt for Dorner and his controversial death. Did the LAPD blow the whole scenario way out of proportion. Keeping in mind the fact that the LAPD is one of the most militarized police forces in America, one man's attempts to clear his name should not have sent the whole LAPD into the frenzy that it went into after Dorner's manifesto and statement came to light. Los Angeles has its share of some of the world's most ruthless and well-armed crime rings. These include, The Crips, Bloods, Mexican Mafia, Yakuza, Armenian Mob, Aryan Brotherhood, Skinheads, and Russian mobs as well as the local drug cartels. These gangs are not only real, they are openly hostile towards the LAPD and have killed numerous police officers on numerous occasions. Some of these gangs have even murdered entire families with the LAPD unable to catch them. Yet when an ex-cop, wanting to clear his name, tried to speak out against the LAPD, the police goes all out, 'balls to the wall', and embarked on one of the most organized and widespread manhunts in recent history. Additionally, newer reports regarding Monica Quan have arisen that render an even greater air of speculation to the whole ordeal. Monica Quan and her fiancé, both with law enforcement backgrounds, were found in a car that was parked in a parking garage in a million-dollar predominantly white neighborhood. The parking garage was being guarded by a police officer who did not see Dorner, a large black man, break in. The garages are monitored 24/7 and yet there is no footage of Dorner either breaking in, killing anyone, being there or leaving. Nothing. But that's what the LAPD wants people to believe.

The Robber Who Shot Himself in the Face... Gini Scott, 2009-04-01 The 201 criminals ridicules in The Robber Who Shot Himself in the Face might be stupid, but at least they make the police's job easier. The thieves who stole over a dozen GPS devices from a store, which led police right to their hideout The drunk driver who managed to run over himself with his own car The drug dealer who described what he looks like to the police so they could easily find him And, and of course, the gun-toting robber who tried to hold up a store but managed to shoot himself instead

The Golden Age of Disaster Cinema Nik Havert,2019-05-06 From the 1950s through the 1970s, disaster movies were a wildly popular genre. Audiences thrilled at the spectacle of these films, many of which were considered glamorous for their time. Derided by critics, they became box office hits and cult classics, inspiring filmmakers around the globe. Some of them launched the careers of producers, directors and actors who would go on to create some of Hollywood's biggest blockbusters. With more than 40 interviews with actors, actresses, producers, stuntmen, special effects artists and others, this book covers the Golden Age of sinking ships, burning buildings, massive earthquakes, viral pandemics and outbreaks of animal madness.

You Have the Right to Remain Innocent James J. Duane,2016 An urgent, compact manifesto that will teach you how to protect your rights, your freedom, and your future when talking to police. Law professor James J. Duane became a viral sensation thanks to a 2008 lecture outlining the reasons why you should never agree to answer questions from the police--especially if you are innocent and wish to stay out of trouble with the law. In this timely, relevant, and pragmatic new book, he expands on that presentation, offering a vigorous defense of every citizen's constitutionally protected right to avoid self-incrimination. Getting a lawyer is not only the best policy, Professor Duane argues, it's also the advice law-enforcement professionals give their own kids. Using actual case histories of innocent men and women exonerated after decades in prison because of information they voluntarily gave to police, Professor Duane demonstrates the critical importance of a constitutional right not well or widely understood by the average American. Reflecting the most recent attitudes of the Supreme Court, Professor Duane argues that it is now even easier for police to use your own words against you. This lively and informative guide explains what everyone needs to know to protect themselves and those they love.
