**Police Pursuit Driving** Geoffrey P. Alpert,Cynthia Lum,2014-04-12 Police pursuits, often receiving a lot of media attention, have become a topic of concern and priority for both law enforcement and the communities they serve. They often come with high risks for the well-being of community members and for both the police officers involved in the chase as well as for the fleeing suspects. In this brief, we summarize what is known about police pursuits, from both legal decisions and criminological research. We then discuss the impact of this research on police pursuit policy, court decisions, and media reports. We offer suggestions about the need for more development and use of research, and the challenges for research to be integrated into police policies, training, supervision and accountability systems.

**Bob Bondurant on Police and Pursuit Driving** Bob Bondurant Edwin J. Sanow, Who better to write a book on performance driving than Bob Bondurant? Bob knows fast driving - and he knows how to teach it! Here Bob draws from his highly-regarded law enforcement course on police pursuit and counterterrorist interception driving to fill you in on the pursuit techniques used by today's police officers. Corporal Edwin Sanow illustrates several of Bondurant's techniques with firsthand accounts of actual police pursuit situations.

*Beyond Remorse* Mike Chase,2007-06-19 Kansas City in the 1940s is full of corruption and danger. As the city moves from home rule to state control, law enforcement agencies struggle to overcome the criminal element on the street. But when a young Kansas City socialite, Leigh St. Marie, is found murdered in her bed, Detective Sergeant John Walker and his partner, Detective Lieutenant James R. O'Malley, become part of an elite task force of incorruptible police officers assigned to the grisly investigation. Spurred by the pressure of an impending election, the task force is pushed to come to rapid conclusion and arrest. Even though the evidence doesn't warrant it, O'Malley is ordered to arrest Leigh's brother for the crime. But when another woman is murdered, the police wonder if they have a serial killer on their hands. With time running out and pressure mounting from above, O'Malley and Walker hit the streets-hopefully before the killer strikes again. Brimming with suspense and high-speed action, *Beyond Remorse* portrays the seedy underbelly of crime and the heroic acts of one city's police force.

**Bob Bondurant on Police and Pursuit Driving** Bob Bondurant,Edwin J. Sanow,2000-01-01 The Bob Bondurant School of High Performance Driving near Phoenix, Arizona, is one of the most-respected driving schools in the world and the site of a highly regarded police driving course that is attended by more than 2,000 law enforcement officers each year. (Those who can't attend, incessantly lobby their superiors for the opportunity.) Bondurant and veteran officer and law enforcement driving instructor Ed Sanow illustrate and explain all elements of police and pursuit driving -- the terminology, the car, the road, safety, and Bondurant's methods for controlling weight transfer, following lines through corners, tail-braking, and more. Bondurant is a former F1 driver whose *Bob Bondurant on High Performance Driving* is now in its fourth edition. Ed Sanow is a driving instructor with the Benton County (Indiana) Sheriff's Office and the author of five MBI titles.

**Fatal Pursuit** Martin Walker, 2016-06-21 A pair of murders, a romance, and rivals in pursuit of a long-lost vintage car make for another mystery for Bruno, Chief of Police, in this installment in the delightful, internationally acclaimed series featuring Chief of Police Bruno. It's the start of summer, and Bruno's found himself the last-minute replacement navigator in a car rally race. The event has attracted a spate of outsiders with deep pockets, big egos and, in the case of one young Englishman, an intriguing story about a lost Bugatti Type 57C. Having disappeared somewhere in France during World War II, and worth millions of dollars, it's among the most beautiful cars ever made, driving its pursuers mad with greed. When a local scholar turns up dead, Bruno suspects unnatural causes. Still, while life may offer its challenges—often in the form of distractingly comely Parisiennes—there is always time for a good bottle and a home-cooked meal.

**Rescue** Alison Hart, 2002 Armed robbers take hostages at a bank in downtown Staunton! Specialized units within the police department work together to defuse the dangerous situation.

**Police Pursuit of the Common Good** Ginger Charles, PhD, 2016-03-15 In the *Police Pursuit of the Common Good*, Dr. Ginger Charles examines the current issues facing law enforcement and marginalized communities. She presents reasons why our police communities appear to be in constant conflict with marginalized communities for the last several years. In the book, she explores the behaviors in the police culture from a social psychological perspective, illustrating the importance of understanding police behaviors in order to change the culture of conflict. It is her experience as a police officer that provides the reader with a unique understanding from inside the police community and as an observer of that community. Dr. Charles concludes with potential solutions to reform and restore the police culture, as well as heal the divide between our communities and the police.

*CHASE! A Tribute to the Keystone Cop* Lon Davis, There have been many worthy books on the Keystone Film Company, Mack Sennett, and Mabel Normand—not to mention the countless volumes on Charlie Chaplin. But, despite their ongoing popularity, there has never been a full-length book devoted solely to the Keystone Cops. At least, not until now. A dozen or so film historians have come together to document and assess those clumsy constabularies. Containing insights into the Cops' place in cinema history, as well as fifty-six individual biographies, three hundred rare photographs, and a newly compiled filmography, *Chase!* is the ultimate tribute to the world's most comically inept police force. "An engaging, enlightening, and informative collection of essays by some of the most knowledgeable silent comedy experts around today, thanks to silent film historian Lon Davis. In addition, Lon and Keystone historian and author Brent Walker have provided a comprehensive listing of all the Sennett-produced Keystone Cops films. An essential addition to any silent film fan's library." – SilentsAreGolden.com

**Police Pursuit Driving** Geoffrey P. Alpert, Roger G. Dunham, 1990-06-26 Using the analogy between improper use of firearms and improper pursuit driving, Alpert and Dunham analyze the police car as a potentially dangerous weapon. The book is based upon information gathered over several years in Dade County (Miami), Florida. The data, which includes details of deaths, injuries, and property damage as well as arrests and apprehensions of felony suspects, are presented not to scare the reader, but to assist the public, members of the law enforcement community, and politicians to understand more clearly the role of pursuit in policing and crime control.

**Stringers** Marc Guggenheim, 2016-04-13 Paul and Nick are the guys who shoot the news. Filming car chases, fires, and shootouts in their busted-up rig, they put their (uninsured, unsalaried) lives on the line every night so that the good citizens of Los Angeles can get their daily update. But when a firefight between the LAPD and the MS-13 goes wrong, Paul and Nick find themselves on the run. From Marc Guggenheim (*Arrow*) and Justin Greenwood (*Stumptown*, *The Fuse*) comes an action-

packed new miniseries about crime, corruption, and the perfect shot.
