

Police Siren

New York (State). Court of Appeals.

No Lights, No Sirens Robert Cea, 2012-12-18 A New York Police Officer's relentless journey into the criminal netherworld, told with brutal truth and honesty. Perhaps Nietzsche described Rob Cea's life best, way before he was born: Take care when chasing the animals; for you can very well become the animal you are chasing. *No Lights, No Sirens* is a sojourn so dirty and nasty it defies belief. Rob Cea starts off as an idealistic young cop, a true believer in the system for which he works tirelessly. He is sadly mistaken. The system he tried so hard to appease ultimately led to his downfall and the ruination of his life. What separates this from other cop—and—robber stories is the brutal authenticity from the cop himself. We will see and hear exactly what is discussed in a patrol car. We will see how the law was—and is—routinely bent to make collars stick any way possible. And we will see how Cea slowly spirals to depths of hell. *No Lights, No Sirens* is simplistic in its scope: A young idealistic boy becomes a man through fire, and then becomes exactly what he has been chasing for so long, a hardened man possessed by demons. With rapid fire and gritty narrative, Cea writes about his fall to the depths, and his salvation. We see the dark side of detective work in New York's most crime—riddled neighborhoods from a first-hand view never before seen.

Reading Sounds Sean Zdenek, 2015-12-23 The work of writing closed captions for television and DVD is not simply

transcribing dialogue, as one might assume at first, but consists largely of making rhetorical choices. For Sean Zdenek, when captioners describe a sound they are interpreting and creating contexts, they are assigning significance, they are creating meaning that doesn't necessarily exist in the soundtrack or the script. And in nine chapters he analyzes the numerous complex rhetorical choices captioners make, from abbreviating dialogue so it will fit on the screen and keep pace with the editing, to whether and how to describe background sounds, accents, or slurred speech, to nonlinguistic forms of sound communication such as sighing, screaming, or laughing, to describing music, captioned silences (as when a continuous noise suddenly stops), and sarcasm, surprise, and other forms of meaning associated with vocal tone. Throughout, he also looks at closed captioning style manuals and draws on interviews with professional captioners and hearing-impaired viewers. Threading through all this is the novel argument that closed captions can be viewed as texts worthy of rhetorical analysis and that this analysis can lead the entertainment industry to better standards and practices for closed captioning, thereby better serve the needs of hearing-impaired viewers. The author also looks ahead to the work yet to be done in bringing better captioning practices to videos on the Internet, where captioning can take on additional functions such as enhancing searchability. While scholarly work has been done on captioning from a legal perspective, from a historical perspective, and from a technical perspective, no one has ever done what Zdenek does here, and the original analytical models he offers are richly interdisciplinary, drawing on work from the fields of technical communication, rhetoric, media studies, and disability studies.

Sirens Michael Bull, 2020-02-06 Sirens are sounds that confront us in daily life, from the sounds of police cars and fire engines to, less often, tornado warnings. Ideologies of sirens embody the protective, the seductive and the dangerous elements of siren sounds – from the US Cold War public training exercises in the 1950s and 1960s to the seductive power of the sirens entrenched in popular culture: from Wagner to Dizzee Rascal, from Kafka to Kurt Vonnegut, from Hans Christian Andersen to Walt Disney. This book argues, using a wide array of theorists from Adorno to Bloch and Kittler, that we should understand 'siren sounds' in terms of their myth and materiality, and that sirens represent a sonic confluence of power, gender and destructiveness embedded in core Western ideologies to the present day. Bull poses the question of whether we can rely on sirens, both in their mythic meanings and in their material meanings in contemporary culture.

Siren of the Waters Michael Genelin, 2008 In the end, we must acknowledge that we have been held spellbound by a master storyteller. Highly recommended.--Library Journal Starred Review A truly fine novel. It's filled with exactitude of place and people, taking us into a world that seethes with dangerous secrets. On that treacherous journey, Michael Genelin makes unfamiliar worlds seem knowable, and does so with great style.--Pete Hamill, author of North River A terrific novel by a man who knows crime, knows Europe, and knows how to write. Siren of the Waters is a genuine pleasure.--Thomas Perry, author of Silence Jana Matinova entered the Czechoslovak police force as a young woman, married an actor, and became a mother. The regime destroyed her husband, their love for one another,

and her daughter's respect for her. But she has never stopped being a seeker of justice. Now, as a commander in the Slovak police force, she liaises with colleagues across Europe as they track the mastermind of an international criminal operation involved in, among other crimes, human trafficking. Her investigation takes her from Ukraine to Strasbourg, from Vienna to Nice, in a hunt for a ruthless killer and the beautiful young Russian woman he is determined either to capture or destroy. Michael Genelin, a graduate of UCLA and the UCLA Law School, has served in the LA District Attorney's Office and the US Department of Justice in Central Europe. He has written for film and has been an adviser to television series. He now lives with his wife and daughter in Paris.

McKinty, 2019-05-28 This propulsive thriller is a “gruesomely accurate portrayal of ‘80s life in Ireland” (Kirkus) from The New York Times bestselling and Edgar Award-winning author Adrian McKinty. “Adrian McKinty just leapt to the top of my list of must-read suspense novelists. He’s the real deal.” —Dennis Lehane A torso in a suitcase looks like an impossible case, but Sean Duffy isn't easily deterred, especially when his floundering love life leaves him in need of a distraction. So with Detective Constables McCrabb and McBride, he goes to work identifying the victim. The torso turns out to be all that's left of an American tourist who once served in the US military. What was he doing in Northern Ireland in the midst of the 1982 Troubles? The trail leads to the doorstep of a beautiful, flame-haired, twentysomething widow, whose husband died at the hands of an IRA assassination team just a few months before. Suddenly Duffy is caught between his romantic instincts, gross professional misconduct, and powerful men he should know better than to mess with. These include British

intelligence, the FBI, and local paramilitary death squads—enough to keep even the savviest detective busy. Duffy's growing sense of self-doubt isn't helping. But as a legendarily stubborn man, he doesn't let that stop him from pursuing the case to its explosive conclusion.

Siren's Silence Richard Quan, 2006 New York City attorney Victor takes his Ukrainian-born former lover, Siren Myskina, for dead until he receives an unexpected phone call at work. Jolted by the voice from his past, Victor must unearth the true identity of the woman who had warned him to run when they made love for the first time. *Siren's Silence* portrays the tale of two young lovers whose relationship comes to an abrupt end shortly after their cross-country journey to Stillwater, Minnesota. Victor Frantiska - the handsome son of a four-star general - and Siren Myskina - a stunning mysterious green-eyed girl - are both freshmen at Duke when they first meet. Siren immediately captured Victor's heart. What strings their fate together is not Siren's beauty but her oddity of personality, a personality that spawns Victor's desperate attempts to root out the source of her elusiveness. This contemporary literary work, influenced by authors such as Thomas Wolfe and F. Scott Fitzgerald, weaves in lyrical elements to create a tapestry that narrates an intricate tale of love, lust, obsession and suspense that vividly reflects the reality of our time. It is for students, teachers, scholars, and avid readers of classic literary novels. The theme of this novel - love is war - serves as a reminder to all of us that love can bring peace, or it can bring terror, uncertainty, and unbearable pain.

Lights and Sirens Lisa Henry,2018 Paramedic Hayden Kinsella is single and the life of the party. He likes driving fast and saving lives, and he doesn't do relationships--he does hookups. Except he wouldn't hook up with copper Matt Deakin if he were the last guy on the planet. Hayden thinks the feeling is mutual . . . until clearing the air leads to a drunken one-night stand, which leads to something neither of them was expecting: a genuine connection. Police officer Matt Deakin moved to Townsville to take care of his elderly grandfather. In between keeping an eye on Grandad, renovating his house, and the demands of his job, he somehow finds himself in a tentative relationship with Hayden and very slowly gets to know the damaged guy beneath the happy-go-lucky persona. But the stressors of shift work, fatigue, and constant exposure to trauma threaten to tear Hayden and Matt apart before they've even found their footing together. In the high-pressure lives of emergency services workers, it turns out it's not the getting together part that's hard, it's the staying together.

The Siren Alison Bruce, 2010-07-22 'Bruce is doing for Cambridge what Colin Dexter did for Oxford with Inspector Morse' Daily Mail All it took was one small item on the regional news for Kimberly Guyver and Rachel Golinski to know that their old life was catching up with them. They wondered how they'd been naïve enough to think it wouldn't. They hoped they still had a chance to leave it behind - just one more time - but within hours, Rachel's home is burning and Kimberly's young son, Riley, is missing. As DC Goodhew begins to sift through their lives, he starts to uncover an unsettling picture of deceit, murder and accelerating danger. Kimberly seems distraught but also defensive and uncooperative. Is it fear and mistrust of the police which are putting her son at risk, or darker motivations? With Riley's life in peril, Goodhew needs Kimberly to make choices, but she has to understand, the one thing she cannot afford is another mistake. Praise for
