*Retracing the History of Literary Translation in Poland* Magda Heydel, Zofia Ziemann, 2021-09-30 This book, the first of its kind for an English-language audience, introduces a fresh perspective on the Polish literary translation landscape, providing unique insights into the social, political, and ideological underpinnings of Polish translation history. Employing a problem-based approach, the book creates a map of different research directions in the history of literary translation in Poland, highlighting a holistic perspective on the discipline's development in the region. The four sections explore topics of particular interest in current translation research, including translation and cultural borderlands, the agency of women translators, translators as intercultural mediators, and the intersection of translation research and digital methods. The 15 contributions demonstrate the ways in which Polish culture has represented translated work in its own way, informed and shaped by socio-political changes in Polish history. At the same time, the volume situates Polish research in translation within the growing body of work on Central and Eastern European translation studies, as well as looking at them against the backdrop of the international development of the discipline. This collection offers a valuable addition to existing research on Western literary canons, making it key reading for scholars in translation studies, comparative literature, cultural studies, and Slavonic studies.

Lingua Legis in Translation Aleksandra Matulewska, 2007 This book describes the historical development of the Polish and English lingua legis. The intention is to point out the major differences between the legal realities, which significantly affect the process of translation. Secondly, the following characteristic features of lingua legis, concerning the level of words and syntagmas, are touched upon: vocabulary used in lingua legis including technical and semi-technical terms, conservatism of legal texts (Latin and Latinisms; synonymous strings, archaic adverbs etc.), borrowings, terms with non-precise meanings (the problem of indeterminacy), neologisms, euphemisms, vulgarisms, performative verbs, metaphors and religious elements, prepositional phrases, time expressions, compound nouns and the problems connected with nominalization, false cognates which cause major misunderstandings, and finally methods of providing translation equivalents. The problem of ambivalence is analysed as well. The problems connected with the Polish-English and English-Polish translation of the texts belonging to the

following legal genres are examined: university diplomas and certificates, statutes, judgments, law reports, powers of attorney, petitions, contracts and deeds, testaments, birth, death and marriage certificates, and popular fiction.

*Forms of Address in Polish-English Subtitling* Agnieszka Szarkowska, 2013 This book is the first monographic study on forms of address in Polish-English subtitling from a multidisciplinary perspective. It departs from a contrastive analysis of forms of address in Polish and in English, then discusses the methodological tools and, finally, presents the empirical study on the translation of Polish forms of address in English TV subtitles. The study corpus contains nearly 100,000 words from three popular Polish soap operas and their English translations. Drawing on the methodological tools from descriptive translation studies, audiovisual translation and corpus-based research, the author presents a comprehensive survey of the translation techniques used by the subtitlers in rendering forms of address and discusses their implications. The book can be used by translation teachers, students and professionals.

Living in Translation Halina Stephan, 2003 *Living in Translation: Polish Writers in America* discusses the interaction of Polish and American culture, the transfer of the Central European experience abroad and the acculturation of major representatives of Polish literature to the United States. Contributions written by American specialists in Polish Studies tell the story of contemporary Polish expatriates who recently lived or are currently living in the U.S. These authors include directors/screen writers Roman Polanski and Agnieszka Holland, the Nobel Prize laureate poet Czesław Miłosz, theatre critic Jan Kott, prose writer Jerzy Kosinski, essayist Eva Hoffman, and poet/translator Stanisław Barańczak. *Living in Translation* presents these and other writers in terms of the duality of their profiles resulting from their engagement in two different cultures. It documents problems encountered by those who became expatriates in response to a totalitarian system they had left behind. And it revises and updates the image of the Polish exile authors, refocusing it along the lines of culture transfer, border straddling, and benefits resulting from a transcultural existence.

**Homesick** Jennifer Croft, 2022-08-23 The coming of age story of an award-winning translator, Homesick is about learning to love language in its many forms, healing through words and the promises and perils of empathy and sisterhood. Sisters Amy and Zoe grow up in Oklahoma where they are homeschooled for an unexpected reason: Zoe suffers from debilitating and mysterious seizures, spending her childhood in hospitals as she undergoes surgeries. Meanwhile, Amy flourishes intellectually, showing an innate ability to glean a world beyond the troubles in her home life, exploring that world through languages first. Amy's first love appears in the form of her Russian tutor Sasha, but when she enters university at the age of 15 her life changes drastically and with tragic results. Croft moves quickly between powerful scenes that made me think about my own sisters. I love how the language displays a child's consciousness. A haunting accomplishment. Kali Fajardo-Anstine

**Rendering the Advertisements into Polish. History of Polish Translation in Advertising** Marta Zapala-Kraj, 2020-06-10 Essay from the year 2019 in the subject Communications - Public Relations, Advertising, Marketing, Social Media, grade: 5.0, , language: English, abstract: Advertisements are inevitable, living in the contemporary world it became obvious that everything advertises something; or at least – carries the image which refers to some promoted product. Over past quarter of century Polish society become deeply consumerist one. In America, this situation happened earlier and sociologists warned about it long before our market assimilated theirs. The path from advertisement of any product leads amongst the others – through the desk of the translator. There are, obviously, home products and these which Poland can be proud of, nevertheless, the majority of goods that are being presented through various forms of advertisement comes from foreign markets. What is more, these products and their producers, together with the agencies responsible for implementation of these goods in particular countries, often choose to use their original campaigns. Therefore, Polish translators need to work in such way, to make the language of the advert spot catchy enough for our market. Such work is an invisible work and the one requiring lots of linguistic skills, joined with the cultural awareness and many other factors. The art of translation is a rewarding work, nevertheless, there are the parts of it which are necessary to be learned and understood before anyone approaches such a responsible job as translating the advertisements of world-wide known products.

by Adam Mickiewicz; *The Un-Divine Comedy* by Zygmunt Krasinski; and *Fantazy* by Juliusz Slowacki. In his highly informative introduction, Professor Segel discusses the plays against the background of the Romantic movement in Poland and points out their ideological and artistic importance. As products of a revolutionary Poland; they were written and published in Paris by writers who either resettled there after the Insurrection of 1830 or otherwise identified with the Great Emigration; they are permeated with the spirit of Romantic Rebellion, with pleas for universal justice, and with queries concerning the role of the poet in society. Brilliant productions of the plays in Poland in the late nineteenth and early twentieth-centuries gave impetus to an entire tradition of modern Polish theatrical experimentation as well as dramatic writing which extends to the present day.
