

# **Politically Correct Terms**

**Sally Satel**

Political Correctness in the English Language Thuy Nguyen, 2008-10 Seminar paper from the year 2007 in the subject English Language and Literature Studies - Linguistics, grade: 1,3, University of Duisburg-Essen, course: Language and Gender, 10 entries in the bibliography, language: English, abstract: In London during the 1980ies there were reports in the right-wing press, that socialist local councils like Hackney Council had to banish the word manhole by order of its Women's Committee since the term was meant to be sexist. This is just one out of many incidences that came up during the political correctness debate. Since the eighties this phenomenon has occurred on the American campuses and developed rapidly to a publicly debated subject. This essay will deal with the phenomenon of the political correctness in the English language with the main focus on gender questions and feminist linguistics. The central question is if expressions like policemen or phrases like to be the master of the situation are really conceived as sexist by the majority of people and if replacing those by terms like police officers can solve the problem of sexist language use. Have the efforts to regulate or reform language been successful and can language be at all non-sexist or even neutral? First of all, the term political correctness and politically correct are placed into a historical context explaining its roots and development before trying to define the concept. Furthermore, the importance of the political correctness debate for the Women's Liberation Movement and the development of feminist linguistics will be explained. The third chapter explains on which assumptions and theories the claimed language change is based on. The relation between language use and perception of the individual or of a group plays a central part. In the context of the political correctness debate the central question is in how far sexist language use, representation, the naming or not naming of women effects the perception and thinking of people. The fourth chapter give

*The Official Politically Correct Dictionary and Handbook* Henry Beard, Christopher Cerf, 1993 Newly expanded and up-to-the-minute, a bestselling guide to survival in multicultural America in the sensitive 1990s. Includes even more real and satirical definitions to help keep thought cops away. Illustrated throughout.

*Forbidden Words* Keith Allan, Kate Burridge, 2006-10-05 Many words and expressions are viewed as 'taboo', such as those used to describe sex, our bodies and their functions, and those used to insult other people. This 2006 book provides a fascinating insight into taboo language and its role in everyday life. It looks at the ways we use language to be polite or impolite, politically correct or offensive, depending on whether we are 'sweet-talking', 'straight-talking' or being deliberately rude. Using a range of colourful examples, it shows how we use language playfully and figuratively in order to swear, to insult, and also to be politically correct, and what our motivations are for doing so. It goes on to examine the differences between institutionalized censorship and the ways individuals censor their own language. Lively and revealing, *Forbidden Words* will fascinate anyone who is interested in how and why we use and avoid taboos in daily conversation.

**Political Correctness** Geoffrey Hughes, 2009-12-01 In this carefully researched, thought-provoking book, Geoffrey Hughes examines the trajectory of political correctness and its impact on public life. Focusing on the historical, semantic, and cultural aspects of political correctness, it will intrigue anyone interested in this ongoing debate. A unique and intriguing journey through the trajectory of political correctness and its impact on public life, focusing on the historical, semantic, and cultural aspects of what PC means. Explores the origins, progress, content and style of political correctness, discussing and analyzing around one hundred terms and lexical formations, from Chaucer and Shakespeare, Marlowe and Swift, to nursery rhymes, rap and Spike Lee films, David

Mamet, J. M. Coetzee and Philip Larkin Offers a detailed semantic analysis of the way that key words have been exploited both to advance the agendas of political correctness and to refute them

**A Politically Correct Dictionary and Guide** Kevin Donnelly, 2019-11 Political correctness is the antithesis of education. Education is about opening the mind and encouraging thought and that will sometimes include ideas which might be characterised as dangerous. Notions of political correctness are about corralling thought and banishing ideas which don't fit prevailing prejudices and ideologies. Political correctness has no place in beneficial education. -- Alan Jones - Radio and TV commentator and journalist.

**How to Be a Politically Correct Racist and Not Get Arrested by the Language Poli** Notorious Insolence, 2018-01-19 In today's up tight world of political correctness, it's hard to know how to express your emotions (especially anger) without offending people. So here for your amusing use are a series of politically correct terms that you can use to insult just about anyone including: morons, jackasses, fatties, Mexicans, and other ass wipes without hurting their feelings! Because the last thing you need is a visit from The PC Police. Also included are: How to swear and insult in foreign languages. Racist, sexiest & other jokes that you cannot use anymore. Racial, religious & sexual slurs that you can no longer use. And Much Much More! So what are you waiting for? Buy your copy today and learn the smart way to insult whiny little pussies without getting into trouble or your victims even realising that you are doing it!

*The Righteous Mind* Jonathan Haidt, 2013-02-12 NEW YORK TIMES BESTSELLER • The acclaimed social psychologist challenges conventional thinking about morality, politics, and religion in a way that speaks to conservatives and liberals alike—a “landmark contribution to humanity’s understanding of itself” (The New York Times Book Review). Drawing on his twenty-five years of groundbreaking

research on moral psychology, Jonathan Haidt shows how moral judgments arise not from reason but from gut feelings. He shows why liberals, conservatives, and libertarians have such different intuitions about right and wrong, and he shows why each side is actually right about many of its central concerns. In this subtle yet accessible book, Haidt gives you the key to understanding the miracle of human cooperation, as well as the curse of our eternal divisions and conflicts. If you're ready to trade in anger for understanding, read *The Righteous Mind*.

**The Official Politically Correct Dictionary and Handbook** Henry Beard, Christopher Cerf, 1992  
*Political Correctness* Christoph Burger, 2008-12-16 Seminar paper from the year 2005 in the subject English Language and Literature Studies - Other, grade: 1, University of Vienna (Institut für Anglistik/Amerikanistik), 15 entries in the bibliography, language: English, abstract: In this paper I will discuss the concept and the historical origin of political correctness in America and how it managed its way to Great Britain. The discussion will be followed by a section, describing my own research. The main purpose of this investigation is to determine if political correctness exists in Great Britain and if there are differences between newspapers and magazines. In 1990 and 1991 the political correctness debates started in the USA. These debates received great attention in the media as a series of articles in Newsweek, U.S. News and World Report, the New York Times, Time, the Village Voice, and Atlantic Monthly was written. It was also featured in numerous magazine covers and nationwide talk shows on TV. (c.f. Calhoun 2001: 1337). Due to this great popularity it has been a 'household word' in Anglophone North America since the early 1990 (Auer 2004: 3). Nonetheless it is very hard to define. The terms politically correct and political correctness came from the Left movement, where it was used ironically to describe people who were too orthodox. Now it is often used by the Right to describe the Left. Its meaning has also been blurred by the mass media. The stems of the concept are

most likely situated in the social movement culture of the late sixties. Important movements are The American Civil Rights movement, The Women's Liberation and The Gay and Lesbian Liberation. Political correctness came to Great Britain shortly after it boomed in the US. Its development was similar, but on a much lower scale. My own research showed that there were more occurrences of words with a -man suffix in newspapers than in magazines. The most surprising fact was, that there was not even one word with the suffix -person. I had to restrict research area to the suffixes of -man, -woman and -person, otherwise it would have gone beyond the scope of my paper. Keywords: political correctness, politische Korrektheit, Diskriminierung, Vorurteile,

Women Changing Language Anne Pauwels, 1998 It considers what forms of sexism are found in language and whether these differ among languages. It also looks at how sexist language can be changed and evaluates the effectiveness of these reforms.

**P.C., M.D.** Sally Satel, 2008-01-07 Drawing on a wealth of information PC, M.D. documents for the first time what happens when the tenets of political correctness-including victimology, multiculturalism, rejection of fixed truths and individual autonomy-are allowed to enter the fortress of medicine.

*Politics and the English Language* George Orwell, 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Politics and the English Language*, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says,

'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's *Politics and the English Language* is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.'  
— Irish Times

*The Politically Incorrect Guide to English And American Literature* Elizabeth Kantor, 2006-10-01  
Citing declining coverage of classic English and American literature in today's schools, a politically incorrect primer challenges popular misconceptions while introducing the works of such core masters as Shakespeare, Faulkner, and Austen, in a volume that is complemented by a syllabus and a self-study guide. Original.

*Words That Work* Dr. Frank Luntz, 2007-01-02  
The nation's premier communications expert shares his wisdom on how the words we choose can change the course of business, of politics, and of life in this country. In *Words That Work*, Luntz offers a behind-the-scenes look at how the tactical use of words and phrases affects what we buy, who we vote for, and even what we believe in. With chapters like *The Ten Rules of Successful Communication* and *The 21 Words and Phrases for the 21st Century*, he examines how choosing the right words is essential. Nobody is in a better position to explain than Frank Luntz: He has used his knowledge of words to help more than two dozen Fortune 500 companies grow. He'll tell us why Rupert Murdoch's six-billion-dollar decision to buy DirectTV was smart because satellite was more cutting edge than digital cable, and why pharmaceutical companies transitioned their message from treatment to prevention and wellness. If you ever wanted to learn how to talk your way out of a traffic ticket or talk your way into a raise, this book's for you.

**Political Correctness and Higher Education** John Lea, 2010-05-26  
How many times have you

heard the phrase: 'it's all political correctness gone mad!' Do you ever wonder whether colleges and universities are really awash with trivial concerns about the use of language or whether they are actually trying to address serious concerns about discrimination and harassment? Have you ever wanted to get to the bottom of what all the fuss is about? This book is the first major study of political correctness in post compulsory education to be published in the UK. For readers in the UK unfamiliar with the nature of the controversies in US college campuses this book offers a comprehensive assessment of the key themes, including who and what was behind key campaigns. For readers in the US unfamiliar with how this cultural export has fared in the UK this book looks at the significant similarities and differences in the ways that the phrase has been used in both societies. Apart from addressing the roots of political correctness the book seeks to show how the phrase has helped to complicate the traditional boundaries between those on the political Left and those on the political Right. The book also demonstrates in clear terms how the phrase is integral to understanding key themes in cultural theory, such as postmodernism and identity politics. This book is intended to be of interest to a number of readers: Teachers working in colleges and universities; Teacher educators and student teachers working on programmes of initial teacher education; Students studying undergraduate programmes in comparative politics and/or sociology and cultural studies Finally, the book will seek to capture the reflections of prominent academics and educationalists on both sides of the Atlantic, who have worked in environments where the phrase has impinged on aspects of their work over the last twenty five years. If you think that 'political correctness' simply amounts to what jokes you are allowed to tell in a classroom, hopefully this book will challenge you to think again.

**Neuroqueer Heresies** Nick Walker, 2021-12 The work of queer autistic scholar Nick Walker has played a key role in the evolving discourse on human neurodiversity. *Neuroqueer Heresies* collects a

decade's worth of Dr. Walker's most influential writings, along with new commentary by the author and new material on her radical conceptualization of Neuroqueer Theory. This book is essential reading for anyone seeking to understand the foundations, terminology, implications, and leading edges of the emerging neurodiversity paradigm.

How Language Works John McWhorter, Jeremy Dauber, 2019-03-19

**Professor Veracity's Politically Incorrect Dictionary** Charles W Sutherland, 2023-10-10

Professor Veracity's Politically Incorrect Dictionary is an illustrated depiction of the destructive current era of linguistic deception which puts the adjective 'political' in front of the word 'correct' to promote ... and mandate ... social deceit. It is a combination of sarcasm, humor, insights, and historical information of which people seem to be completely (or deliberately) ignorant. The actual etymology of each word is listed, followed by a cynical definition - whether social, religious, political, or ideological. There are also a variety of little-known ... and sometimes shocking ... documented historical facts that may disturb some who are not aware of them. In addition, the narrative contains over 100 illustrations of Non-Recommended Reading comical fictitious 'books' and their fictitious 'authors' ... with their fictitious 'credentials' for being an expert. Abridged samples: ABBREVIATION (n.): A five-syllable word, to describe the simplification process of making words shorter. ACADEMIA (n.): The officially licensed financial prostitution of knowledge, led by an incestuous assembly of obnubilate autotrophs who created the largest and most prolonged financial fraud in American history ... CLIMATISM (n.) a.k.a. Climate Change: A political hoax concocted by mentally impaired retards, which resurrects an ancient antediluvian creed to dismiss empirical science and placate the weather gods by imposing various masochistic human sacrifices on gullible people... CYNIC (n.): A disappointed idealist with experience, who chewed the grapes of wrath and spit the seeds back at the world DIVERSITY (n.): Inequality

DOUBT (n.): The mental pause between thoughts that creates wisdom, as in music the space between the notes creates the melody EVOLUTION (n.) The eternal cosmic and biological process of developing excellence and diversity, by systematically eliminating all forms of equality Federal Reserve Bank (n.): A financial printing press, which is not federal, has no reserves, and is not a bank, created by the nation's affluent banking families in 1913... MALE (n.) The fertilizer of females RELIGION (n.) The arrogant human attempt to usurp and manipulate the powers of the Creator of the Cosmos... SCIENCE (n.): A systematic rearrangement of empirical data to accommodate the objectives of whomever is funding the research SIN (n.): The largest inventory of fabricated commercial ailments in human history, developed by creative Christian entrepreneurs ... STUDENT LOAN (n.) The predatory exploitation of the nation's youth by egotistical academic parasites, in a national Ponzi Scheme to underwrite the largest financial fraud program in American history ... WOKE (adj.): A self-flattering term to describe a nightmare of soporific somnambulant zombies, pretending to be conscious ... -----  
----- The objective is to make the reader think ... and to enjoy thinking. The truth shall make you free - or flee! Rejoice and enjoy - or run!

**How to Be Good with Words** Don LePan, Laura Buzzard, Maureen Okun, 2017-02-25 In recent decades, the contested areas of English usage have grown both larger and more numerous. English speakers argue about whether we should say man or humanity, fisher or fisherman; whether we ought to speak of people as being disabled, or challenged, or differently abled; whether it is acceptable to say that's so gay. More generally, we ask, can we use language in ways that avoid giving expression to prejudices embedded within it? Can the words we use help us point a way towards a better world? Can we ask such questions with appropriate seriousness while remaining open-minded—and while retaining our sense of humor? To all these questions this concise and user-

friendly guide answers yes, while offering clear-headed discussions of many of the key issues.

*The Female Eunuch* Germaine Greer, 2020-10-15 The 50th Anniversary edition of the groundbreaking, worldwide bestselling feminist tract. 'The Female Eunuch retains that power of transformation; it asserts the possibility of creativity within female experience' Guardian

## **Politically Correct Terms** Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Politically Correct Terms**," published by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

### Politically Correct Terms Introduction

Politically Correct Terms Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Politically

Correct Terms Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Politically Correct Terms : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Politically Correct Terms : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Politically Correct Terms Offers a diverse range of free

eBooks across various genres. Politically Correct Terms Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Politically Correct Terms Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Politically Correct Terms, especially related to Politically Correct Terms, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites,

forums, or blogs dedicated to Politically Correct Terms, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Politically Correct Terms books or magazines might include. Look for these in online stores or libraries. Remember that while Politically Correct Terms, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Politically Correct Terms eBooks for free,

including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Politically Correct Terms full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Politically Correct Terms eBooks, including some popular titles.

### **FAQs About Politically Correct Terms Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-

based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Politically Correct Terms is one of the best book in our library for free trial. We provide copy of Politically Correct Terms in digital format,

so the resources that you find are reliable. There are also many Ebooks of related with Politically Correct Terms. Where to download Politically Correct Terms online for free? Are you looking for Politically Correct Terms PDF? This is definitely going to save you time and cash in something you should think about.
