Poop Happened! Sarah Albee,2010-05-01 Did lead pipes cause the fall of the Roman Empire? How many toilets were in the average Egyptian pyramid? How did a knight wearing fifty pounds of armor go to the bathroom? Was poor hygiene the last straw before the French Revolution? Did Thomas Crapper really invent the modern toilet? How do astronauts go in space? History finally comes out of the water-closet in this exploration of how people's need to relieve themselves shaped human development from ancient times to the present. Throughout time, the most successful civilizations were the ones who realized that everyone poops, and they had better figure out how to get rid of it! From the world's first flushing toilet invented by ancient Minoan plumbers to castle moats in the middle ages that used more than just water to repel enemies, Sarah Albee traces human civilization using one revolting yet fascinating theme. A blend of historical photos and humorous illustrations bring the answers to these questions and more to life, plus extra-gross sidebar information adds to the potty humor. This is bathroom reading kids, teachers, librarians, and parents won't be able to put down!

Linked Gordon Korman,2021-07-20 An unforgettable novel from the New York Times bestseller Gordon Korman Link, Michael, and Dana live in a quiet town. But it's woken up very quickly when someone sneaks into school and vandalizes it with a swastika. Nobody can believe it. How could such a symbol of hate end up in the middle of their school? Who would do such a thing? Because Michael was the first person to see it, he's the first suspect. Because Link is one of the most popular guys in school, everyone's looking to him to figure it out. And because Dana's the only Jewish girl in the whole town, everyone's treating her more like an outsider than ever. The mystery deepens as more swastikas begin to appear. Some students decide to fight back and start a project to bring people together instead of dividing them further. The closer Link, Michael, and Dana get to the truth, the more there is to face-not just the crimes of the present, but the crimes of the past. With *Linked*, Gordon Korman, the author of the acclaimed novel *Restart*, poses a mystery for all readers where the who did it? isn't nearly as important as the why?

Let's Pretend This Never Happened Jenny Lawson,2013-03-05 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and

sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

*Why Sh*t Happens* Peter J. Bentley,2009-03-03 Have you ever fallen victim to Murphy's law? Sometimes bad things just happen. In *Why Sh*t Happens*, esteemed British scientist Peter J. Bentley takes readers on an informative and amusing tour through the least lucky, most accident-prone day of their lives. From sleeping through the alarm clock and burning breakfast to getting caught in the rain and navigating a slippery road, Bentley brilliantly explores disaster and mishap on a molecular level. In the process, he explains the science behind each accident, arming readers with the knowledge to understand what went wrong and how they can steer clear of future harm. Science is respected, trusted, and according to Bentley, largely misunderstood. *Why Sh*t Happens* urges readers to arm themselves with the power of science in order to better understand the world around them. When a car engine is damaged by the wrong gasoline or a computer is attacked by a virus, science is not to blame, but rather can provide an explanation of what happened. In a text that exudes charm and wit, Bentley reveals the causes behind a wide spectrum of mishaps, including why that razor nick won't stop bleeding, why metal sparks in the microwave, what makes chewing gum stick in hair, and why milk tastes sour when it goes bad. Sh*t will always happen, but now readers will know exactly why. Enter, if you dare, the world of everyday disasters.

Oh Crap! Potty Training Jamie Glowacki,2015-06-16 From potty-training expert and social worker Jamie Glowacki, who's already helped over half a million families successfully toilet train their preschoolers, comes a newly revised and updated guide that's "straight-up, parent-tested, and funny to boot" (Amber Dusick, author of *Parenting: Illustrated with Crappy Pictures*). Worried about potty training? Let Jamie Glowacki, potty-training expert, show you how it's done. Her six-step, proven process to get your toddler out of diapers and onto the toilet has already worked for tens of thousands of kids and their parents. Here's the good news: your child is probably ready to be potty trained EARLIER than you think (ideally, between 20–30 months), and it can be done FASTER than you expect (most kids get the basics in a few days—but Jamie's got you covered even if it takes a little longer). If you've ever said to yourself: -How do I know if my kid is ready? -Why won't my child poop in the potty? -How do I avoid "potty power struggles"? -How can I get their daycare provider on board? -My kid was doing so well—why is he regressing? -And what about nighttime?! *Oh Crap! Potty Training* can solve all of these (and other) common issues. This isn't theory, you're not bribing with candy, and there are no gimmicks. This is real-world, from-the-trenches potty training information—all the questions and all the answers you need to do it once and be done with diapers for good.

The Poop Diaries Abby Ross,2020-02-06 They come into our homes. They see us in our most fragile moments. Plumbers are a fixture in our lives. When a toilet clogs, a faucet leaks, or a sewer line plugs, we call those unsung heroes, desperately seeking help. They scoop out our poop and pull underwear, toothbrushes and cotton balls out of our toilets, doing whatever it takes to get the job done. On a late Wednesday evening, after my toilet clogged, I asked our plumber to share his top five “greatest hits.” The stories were so hilarious, I had to share them with the world. The Poop Diaries features true stories told by my plumber, and many other plumbers, about the most memorable service jobs they have worked on and most unique people they have helped. Whether it's nudity, rats, fake vaginas, dildos, snakes, weapons and so much more, these plumbers have seen and smelled it all.
