**Addicted to Da Cookie** Evangelist Life,2021-12-22 This book gives Almighty Most-High God godly warning for boys and men against falling for the trap called Seduction and Lust of Da Cookie. This is Da Bible for Da Penis and teaching tool about Da Cookie for these Last Days as we know it. The Father allowed Steve Harvey to officially name the vagina Da Cookie. The Penis is considered Da Cookie Monsta and will do anything to get Da Cookie wet so it can breakdown and fall apart. Da Cookie Monsta is driven like a mad dog with lust and seduction to get Da Cookie. Lust will be creative with its schemes and devices to get Da Cookie by any means necessary. This book gives a clear picture of a boy or man led by lust and temptation. 14 but each person is tempted when they are dragged away by their own evil desire and enticed. James 1:14 KJV Temptation is the inducing or enticing as to something immoral; To be inviting to or attracted to; To provoke or risk provoking fate. Men you must bear the inducing or enticing without drawing back from the blow when she is inviting you to come and get dat "Cookie", because you are attracted to her. She will be strongly provoking you to do something immoral and wrong. What will it take for her to get you wit dat "Cookie?" The devil knows your flavor, shape, color, and everything dat you like about dat "Cookie." Do not be fooled by his many disguises that he will put on her to trap you and poke out your eyes and bind you up. Once you go down into the pit, no one will be able to save you but, the Almighty Most-High God. This trap will eventually lead the soul to death!

**Carnal Resonance** Susanna Paasonen,2024-02-06 An exploration of the modalities, affective intensities, and disturbing

qualities of online pornography. Digital production tools and online networks have dramatically increased the general visibility, accessibility, and diversity of pornography. Porn can be accessed for free, anonymously, and in a seemingly endless range of niches, styles, and formats. In *Carnal Resonance*, Susanna Paasonen moves beyond the usual debates over the legal, political, and moral aspects of pornography to address online porn in a media historical framework, investigating its modalities, its affect, and its visceral and disturbing qualities. Countering theorizations of pornography as emotionless, affectless, detached, and cold, Paasonen addresses experiences of porn largely through the notion of affect as gut reactions, intensities of experience, bodily sensations, resonances, and ambiguous feelings. She links these investigations to considerations of methodology (ways of theorizing and analyzing online porn and affect), questions of materiality (bodies, technologies, and inscriptions), and the evolution of online pornography. Paasonen discusses the development of online porn, focusing on the figure of the porn consumer, and considers user-generated content and amateur porn. She maps out the modality of online porn as hyperbolic, excessive, stylized, and repetitive, arguing that literal readings of the genre misunderstand its dynamics and appeal. And she analyzes viral videos and extreme and shock pornography, arguing for the centrality of disgust and shame in the affective dynamics of porn. Paasonen's analysis makes clear the crucial role of media technologies—digital production tools and networked communications in particular—in the forms that porn takes, the resonances it stirs, and the experiences it makes possible.

**Porno-graphics & Porno-tactics** Eirini Avramopoulou, Irene Peano, 2016 *Porno-Graphics and Porno-Tactics* asks whether, and how, it is possible to re-appropriate pornography and think through it critically and creatively for a project of liberation. In the different contributions which make up this deliberately heterogeneous collection of short, non-canonical essays, such

quest proceeds by re-articulating the aporias of desire, intimacy, touch and seduction. It also relates them to claims of visibility, visions of emancipation and its failures, as well as to the politics of violence that we get exposed to through circulating images and affects. This is an attempt to exceed the limits set by and for ourselves in relation to how we connect to our own bodies, to the bodies of our lovers and to the bodies of the theories we live with, sleep with and dream about - in short, to all that we get attached to. The editors and contributors of this collection do not claim the euphoric potentiality of pornography as necessarily subversive and emancipatory, but open up to the possibilities of re-shaping it (in textual, contextual, intertextual, but also affective and embodied forms) through different graphic and tactical/tactile inscriptions. On the one hand, authors reflect on definitions and practices of pornography as a genre adopting specific codes and canons, whether it is concerned with sex acts and the industry of porn or with other predominant forms of representation and the structures of power underlying them. On the other hand, chapters relate to the more affective, libidinal, synaesthetic and inter/subjective dimensions of pornography, and on the capacity of different reappropriations to subvert its limits.

*Immodest Proposals* Tom Slattery, 2001-01-15 Out of necessity

in frankly covering a murky subject like pornography, this book may occasionally have language that could be offensive to some people. The book explores pornography in a social context that originated with the first clothing and the first language. The exploration continues with the invention of the camera, its offering of new opportunities in pornography, and various legal and social interactions growing out of these. The author explores a hypothesis that interest in pornography has its roots in a debaucher-debauchee dichotomy beginning with civilization, and this generates the spectator fascination, commercial customers, pornography creators, and porno models themselves. Touches on the history of pornography, legal issues raised by pornography, and descriptions of aspects of pornography should enlighten readers to an enormous and real cultural phenomenon lurking below the surface of our contemporary civilization and not without its effects on everyone.

*Offensive to a Reasonable Adult* Robert Cetti, 2014-09-01

Thoroughly researched and fully APA referenced chronological history of film censorship and classification in Australia. Case by case histories of banned films punctuate a detailed account of the evolution of the Australian Film Classification system and the concurrent development of the Australian adult XXX industry, culminating in the establishment of the Australian Sex Party. Former SAR Research Fellow at Australia's National Film & Sound Archive Robert Cetti gained exclusive access to both the national collection and the highly restricted Australian adult industry archive, the Eros Collection, at the Flinders University of South Australia Library to piece together the complete history of film censorship in Australia. Progressing through individual banned and censored films - including works by such internationally renowned directors as Hitchcock, Whale, Bunuel, Forman, Godard, Oshima, Pasolini, Hopper, Lyne, Breillat, Noe, Brass, Bertolucci, Fellini, Ford, Clark, Despentès, Winterbottom, Von Trier - Cetti maps out the specification of "offensive" material in parallel to the emergence of Australia's adult XXX industry and the Christian morals-driven pressure groups that advocate tighter censorship restrictions. In a country that has the dubious honor of being the most censorial of Western democracies, film censorship is based on the principle of "offense to a reasonable adult", an undefined refrain that religious minorities have used to manipulate censorship decisions in their favor. The history of these groups and the political support for their right-wing Christian agenda - driven by what Australians term "Wowserism" - makes Australian film censorship unique in its delineation of :the "aesthetics of offense" as grounds for the suppression of free dissemination, to the point of seeking

mandatory ISP Internet filtering and Internet blacklisting of all material classified RC (or “refused classification”), much of which is available for dissemination throughout Europe and the USA, in violation of UN Human Rights Article 19. In this comprehensive study of the socio-political ideology surrounding the censorship of primarily sexually explicit material (“pornography”), Cettl delineates the aesthetic construction of “offense” as a transgressive genre and charts the morality-driven religiosity behind their construction as Other to a civilized society, questioning whether the categorization of such material as other makes of it legitimate discourse. With extensive case histories, never-before-published government censorship reports, press clippings and secret internal memos between some of Australia’s most powerful and influential politicians, *Offensive to a Reasonable Adult* exposes the quagmire of Australian censorship law and the morals-cabal of “wowsers” that dominate the censorship agenda in the so-called “Clever Country”.

**A History of X** Luke Ford, 2010-06-03 . . . he breaks legitimate stories that have a huge impact. Meet Luke Ford, chronicler of the porn world. - Online Journalism Review This first comprehensive and most in-depth history of cinematic pornography details sex in film from 100 years ago to today, concentrating on the quarter-century since *Deep Throat*, when pornography became a subject of popular culture. Luke Ford is the best-known source on the porn film world today-the only journalist writing about the industry who is not also employed by it. This unique position gives Ford the objectivity to report without bias, and he is often consulted as a trusted news source on the porn industry by many major news publications. Insightful, entertaining, and bold, *A History of X* takes us from the primitive film studios of the 1900s, where porn got its start as a daring experiment in sexual freedom, to the closed-door, multi-million-dollar porn-film corporations of today. Ford includes exclusive interviews with the stars, the producers, and the distributors as

well as detailed data on censorship attempts from the early days to the present. He documents the controversial careers of top porn stars Marilyn Chambers, John Holmes, Linda Lovelace, Harry Reems, Gerard Damiano, Georgina Spelvin, Traci Lords, Max Hardcore, Ginger Lynn, and others, revealing both the great benefits and the tragic consequences that often come from fame and fortune in the porn industry. He also discusses the many controversial aspects to the business, including Mafia influences, the impact of the AIDS epidemic on the industry, and the myths and realities behind child pornography. Extensively researched and documented, *A History of X* is a fascinating exposé of a business few dare to touch. Luke Ford was educated in Australia and has worked as a radio host as well as a journalist. He now operates a website on the porn industry: [www.lukeford.com](http://www.lukeford.com).

*Sex, Society, and the Making of Pornography* Jeffrey Escoffier, 2021-02-12 Hardcore pornographic films combine fantasy and real sex to create a unique genre of entertainment. Pornographic films are also historical documents that give us access to the sexual behavior and eroticism of different historical periods. This book shows how the making of pornographic films is a social process that draws on the fantasies, sexual scripts, and sexual identities of performers, writers, directors, and editors to produce sexually exciting videos and movies. Yet hardcore pornographic films have also created a body of knowledge that constitutes, in this digital age, an enormous archive of sexual fantasies that serve as both a form of sex education and self-help guides. *Sex, Society, and the Making of Pornography* focuses on sex and what can be learned about it from pornographic

representations.

**Algorithms of Oppression** Safiya Umoja Noble, 2018-01-08

As seen in *Wired* and *Time* A revealing look at how negative biases against women of color are embedded in search engine results and algorithms Run a Google search for “black girls”—what will you find? “Big Booty” and other sexually explicit terms are likely to come up as top search terms. But, if you type in “white girls,” the results are radically different. The suggested porn sites and un-moderated discussions about “why black women are so sassy” or “why black women are so angry” presents a disturbing portrait of black womanhood in modern society. In *Algorithms of Oppression*, Safiya Umoja Noble challenges the idea that search engines like Google offer an equal playing field for all forms of ideas, identities, and activities. Data discrimination is a real social problem; Noble argues that the combination of private interests in promoting certain sites, along with the monopoly status of a relatively small number of Internet search engines, leads to a biased set of search algorithms that privilege whiteness and discriminate against people of color, specifically women of color. Through an analysis of textual and media searches as well as extensive research on paid online advertising, Noble exposes a culture of racism and sexism in the way discoverability is created online. As search engines and their related companies grow in importance—operating as a source for email, a major vehicle for primary and secondary school learning,

and beyond—understanding and reversing these disquieting trends and discriminatory practices is of utmost importance. An original, surprising and, at times, disturbing account of bias on the internet, *Algorithms of Oppression* contributes to our understanding of how racism is created, maintained, and disseminated in the 21st century. Safiya Noble discusses search engine bias in an interview with USC Annenberg School for Communication and Journalism

Upstate Girls Brenda Ann Kenneally, 2018-08-28 In the tradition of Dorothea Lange and Robert Frank, an eye-opening portrait of the rise and fall of the American working class, and a shockingly intimate visual history of Troy, New York that arcs over five hundred years—from Henry Hudson to the industrial revolution to a group of contemporary young women as they grow, survive, and love. Welcome to Troy, New York. The land where mastodon roamed, the Mohicans lived, and the Dutch settled in the seventeenth century. Troy grew from a small trading post into a jewel of the Industrial Revolution. Horseshoes, rail ties, and detachable shirt collars were made there and the middle class boomed, making Troy the fourth wealthiest city per capita in the country. Then, the factories closed, the middle class disappeared, and the downtown fell into disrepair. Troy is the home of Uncle Sam, the Rensselaer Polytechnic Institute, the Rensselaer County Jail, the photographer Brenda Ann Kenneally, and the small group of young women, their children, lovers, and families who Kenneally has been photographing for over a decade. Before Kenneally left Troy, her life looked a lot like the lives of these girls. With passion and profound empathy she has chronicled three generations—their love and heartbreak; their births and deaths; their struggles with poverty, with education, and with each other; and their joy. Brenda Ann Kenneally is the Dorothea Lange of our time—her work a bridge between the people she photographs, history, and us. What began as a brief assignment for *The New York Times Magazine* became an eye-

opening portrait of the rise and fall of the American working class, and a shockingly intimate visual history of Troy that arcs over five hundred years. Kenneally beautifully layers archival images with her own photographs and collages to depict the transformations of this quintessentially American city. The result is a profound, powerful, and intimate look at America, at poverty, at the shrinking middle class, and of people as they grow, survive, and love.

Public Priority Setting: Rules and Costs Peter B.

Boorsma, Kees Aarts, Albert E. Steenge, 2012-12-06 At present we observe a decreasing role for the state in many areas where it used to be prominent. Amidst severe budgetary cuts, the state and its organs are confronted with ever louder calls for efficiency in public office ('value for money') and public performance. Simultaneously we see in many democratic welfare states the rise of new institutional forms and social organizations responding to new public priorities. Phenomena like privatization and de-regulation, new forms of regulation and self-regulation, and the rise of special issue groups are an expression of this. This book seeks to provide order in some of today's issues and to offer analysis and explanation for selected topics. The book opens with contributions on the importance of concepts of present-day institutional economics interpreting modern governmental behavior and organization. Subsequent chapters deal with new developments in various fields such as environmental management and conservation, political legitimacy, or the new roles for covenants. Audience: This volume will be of interest for scholars in the fields of public service, government studies and adjacent branches of economics, political science and law.

**Backbone** David H. Wagner, 2016-10-18 A practical, step-by-step guide to help men know themselves deeply, root out weaknesses, enhance strengths, and upgrade their experience of life. So many self-help books encourage men to get in touch with their feminine side if they truly want to embrace change. This

book blows this theory out of the water, enabling men to transform themselves entirely—to find their mission; to live a life of strength, wisdom, and honor—while working with their positive masculinity instead of against it. Straight talking, down-to-earth, and humorous life coach David Wagner addresses the challenges that modern men typically face. He asks the reader to join him in a series of profound self-examination exercises and questions covering life purpose, male identity, spirituality, self-limitation, sexuality, relationships, fatherhood, and more. Every chapter offers practical advice and also includes observations and examples from David's own life as well as insights gained from the many clients and men's groups he has worked with over the years. Combining no-nonsense wisdom with brutally honest exercises, Backbone is the ultimate man's handbook to understanding himself, his purpose, his passion, and his power.

With Pleasure Paul R. Abramson, Steven D.

Pinkerton, 2002-10-17 Challenging everything from the mandates of the Catholic Church to the hotly debated ethics of pornography, and from the controversy surrounding gay rights to issues of gender and feminism, With Pleasure explores a new theory of human sexuality that ignites every hot topic in the public domain. What role, authors Paul Abramson and Steven Pinkerton ask, does sexual pleasure play in our lives? Is the pursuit of sexual enjoyment in our blood? Our brains? Our very nature? Regardless of the source, it can be agreed that the joys of sex are widely appreciated. Why, then, is pleasure so often overlooked in discussions of sexual behaviour, and why do cultural, historical, and religious treatises so often fail to emphasise, or outright ignore, this obvious aspect of human sexuality? Responding to these and many other questions about our most private affairs, With Pleasure provides a profoundly original challenge to the cherished truisms of human sexuality. Abramson and Pinkerton proclaim the paramount importance of pleasure, while at the same time overthrowing traditional ideas

about gender, pornography, contraception, homosexuality, abortion, and much more. Supported by rigorous research and co-written by one of the foremost authorities on sex, *With Pleasure* argues that human sexuality cannot be understood if its significance is limited to reproduction alone. The authors posit that in humans reproduction itself occurs as a byproduct of pleasure--not the other way around--and that it is the strong drive for pleasure that makes people overcome many obstacles--and even life-threatening dangers such as AIDS--to have sex. Ranging from discussions about the church to current debates about pornography, and from evolutionary theory to questions about the future of sex and pleasure, Abramson and Pinkerton argue persuasively that the pleasurable of sex cannot be restricted to purely reproductive behaviour. *With Pleasure* advances a startling and original new theory about human sexuality, one which the authors believe will replace all existing notions about sex. The book, standing in direct and deliberate opposition to traditions that try to confine sexuality to procreation, is sure to ignite a firestorm of controversy.

*The Naughty Nineties* David Friend, 2017-09-12 A sexual history of the 1990s when the Baby Boomers took over Washington, Hollywood, and Madison Avenue. A definitive look at the captains of the culture wars -- and an indispensable road map for understanding how we got to the Trump Teens. *The Naughty Nineties: The Triumph of the American Libido* examines the scandal-strafed decade when our public and private lives began to blur due to the rise of the web, reality television, and the wholesale tabloidization of pop culture. In this comprehensive and often hilarious time capsule, David Friend combines detailed reporting with first-person accounts from many of the decade's singular personalities, from Anita Hill to Monica Lewinsky, Lorena Bobbitt to Heidi Fleiss, Alan Cumming to Joan Rivers, Jesse Jackson to key members of the Clinton, Dole, and Bush teams. *The Naughty Nineties* also uncovers unsung sexual

pioneers, from the enterprising sisters who dreamed up the Brazilian bikini wax to the scientists who, quite by accident, discovered Viagra.
