Frankétienne and Rewriting Rachel Douglas,2009-06-16 'Rewriting' in the context of critical work on Caribbean literature has tended to be used to discuss revisionism from a variety of postcolonial perspectives, such as 'rewriting history' or 'rewriting canonical texts.' By shifting the focus to how Caribbean writers return to their own works in order to rework them, this book offers theoretical considerations to postcolonial studies on 'literariness' in relation to the near-obsessive degree of rewriting to which Caribbean writers have subjected their own literary texts. Focusing specifically on FrankZtienne, this book offers an overview of how the defining aesthetic and thematic components of FrankZtienne's major works have emerged over the course of his forty-year writing career. It reveals the marked development of key notions guiding his literary creation since the 1960s, and demonstrates that rewriting illustrates the central aesthetic of the Spiral which has always shaped his oeuvre. It is, the book argues, the constantly moving form of the Spiral which FrankZtienne explores through his constant reworking of his previously written texts. FrankZtienne and Rewriting negotiates between the literary and material ends of the burgeoning field of postcolonial studies, arguing that literary characteristics in FrankZtienne connect with changing political, social, economic, and cultural circumstances in the Haiti he rewrites.

English-Haitian Creole Bilingual Dictionary Albert Valdman,Marvin D. Moody,Thomas E. Davies,2017-04-06 Haitian Creole (HC) is spoken by approximately 11,000,000 persons in Haiti and in diaspora communities in the United States and throughout the Caribbean. Thus, it is of great utility to Anglophone professionals engaged in various activities—medical, social, educational, welfare—in these regions. As the most widely spoken and best described creole language, a knowledge of its vocabulary is of interest and utility to scholars in a variety of disciplines. The English-Haitian Creole Bilingual Dictionary (EHCBD) aims to assist anglophone users in constructing written and oral discourse in HC; it also will aid HC speakers to translate from English to their language. As the most elaborate and extensive linguistic tool available, it contains about 30 000 individual entries, many of which have multiple senses and include subentries, multiword phrases or idioms. The distinguishing feature of the EHCBD is the inclusion of translated sentence-length illustrative examples that provide important information on usage.

Dézafi Frankétienne,2018-10-30 Dézafi is no ordinary zombie novel. In the hands of the great Haitian author known simply as Frankétienne, zombification takes on a symbolic dimension that stands as a potent commentary on a country haunted by a history of slavery. Now this dynamic new translation brings this touchstone in Haitian literature to English-language readers for the first time. Written in a provocative experimental style, with a myriad of voices and combining myth, poetry, allegory, magical realism, and social realism, Dézafi tells the tale of a plantation that is run and worked by zombies for the financial benefit of the living owner. The owner's daughter falls in love with a zombie and facilitates his transformation back into fully human form, leading to a rebellion that challenges the oppressive imbalance that had robbed the workers of their spirit. With the walking dead and bloody cockfights (the dézafi of the title) as cultural metaphors for Haitian existence, Frankétienne's novel is ultimately a powerful allegory of political and social liberation.

Exile and Post-1946 Haitian Literature Martin Munro,2013-08-15 Exile and Post-1946 Haitian Literature provides readers with an excellent introduction to recent Haitian literature, one of the richest literary traditions in the Americas. Martin Munro focuses on works written after 1946, a period in which exile has become the dominant theme in Haitian literature. Using this notion of Haitian writing as a literature of exile, Munro analyzes key novels by the most important figures of each generation of the past sixty years, including Jacques Stephen Alexis, René Depestre, Émile Ollivier, Dany Laferrière, and Edwidge Danticat.

The Haitian Creole Language Arthur K. Spears,Carole M. Berotte Joseph,2010 The Haitian Creole Language is the first book that deals broadly with a language that has too long lived in the shadow of French. With chapters contributed by the leading scholars in the study of Creole, it provides information on this language's history; structure; and use in education, literature, and social interaction. Although spoken by virtually all Haitians, Creole was recognized as the co-official language of Haiti only a little over twenty years ago. The Haitian Creole Language provides essential information for professionals, other service providers, and Creole speakers who are interested in furthering the use of Creole in Haiti and the Haitian diaspora. Increased language competencies would greatly promote the education of Creole speakers and their participation in the social and political life of their countries of residence. This book is an indispensable tool for those seeking knowledge about the centrality of language in the affairs of Haiti, its people, and its diaspora.

Paris: The 'New Rome' of Napoleon I Diana Rowell,2012-08-23 Napoleon I employed a myriad of media through which to promote his propaganda and his universal hegemony. Classical Rome - home to the great Caesars - was central to his ambitious visions for the transformation of Paris into an imperial metropolis of unprecedented magnitude. Exploring the interrelationship between antiquity, the display of power and the reinvention of Paris, this volume evaluates how the Roman world and post-antique exploitations of Rome influenced Napoleonic Paris, and how Napoleon promoted his authority by appropriating Rome's triumphal architecture and its associated symbolism to relocate 'Rome' in his own times. The volume shows how consideration of Louis XIV's legacy is crucial to understanding the evolution of Napoleon's fascination with imperial Rome. It also charts Napoleon's manipulation of the populist rhetoric of Republican France (and Rome) as he moved from being a general fighting for the Revolutionary cause to become the 'absolute' ruler of a new empire.

The French Film Musical Phil Powrie,Marie Cadalanu,2020-09-17 Like many national cinemas, the French cinema has a rich tradition of film musicals beginning with the advent of sound to the present. This is the first book to chart the development of the French film musical. The French film musical is remarkable for its breadth and variety since the 1930s; although it flirts with the Hollywood musical in the 1930s and again in the 1950s, it has very distinctive forms rooted in the traditions of French chanson. Defining it broadly as films attracting audiences principally because of musical performances, often by well-known singers, Phil Powrie and Marie Cadalanu show how the genre absorbs two very different traditions with the advent of sound: European operetta and French chanson inflected by American jazz (1930-1950). As the genre matures, operetta develops into big-budget spectacles with popular tenors, and revue films also showcase major singers in this period (1940-1960). Both sub-genres collapse with the advent of rock n roll, leading to a period of experimentation during the New Wave (1960-1990). The contemporary period since 1995 renews the genre, returning nostalgically both to the genre's origins in the 1930s, and to the musicals of Jacques Demy, but also hybridising with other genres, such as the biopic and the documentary.

Odysseys Home George Elliott Clarke,2017-06-22 *Odysseys Home: Mapping African-Canadian Literature* is a pioneering study of African-Canadian literary creativity, laying the groundwork for future scholarly work in the field. Based on extensive excavations of archives and texts, this challenging passage through twelve essays presents a history of the literature and examines its debt to, and synthesis with, oral cultures. George Elliott Clarke identifies African-Canadian literature's distinguishing characteristics, argues for its relevance to both African Diasporic Black and Canadian Studies, and critiques several of its key creators and texts. Scholarly and sophisticated, the survey cites and interprets the works of several major African-Canadian writers, including André Alexis, Dionne Brand, Austin Clarke, Claire Harris, and M. Nourbese Philip. In so doing, Clarke demonstrates that African-Canadian writers and critics explore the tensions that exist between notions of universalism and black nationalism, liberalism and conservatism. These tensions are revealed in the literature in what Clarke argues to be – paradoxically – uniquely Canadian and proudly apart from a mainstream national identity. Clarke has unearthed vital but previously unconsidered authors, and charted the relationship between African-Canadian literature and that of Africa, African America, and the Caribbean. In addition to the essays, Clarke has assembled a seminal and expansive bibliography of texts – literature and criticism – from both English and French Canada. This important resource will inevitably challenge and change future academic consideration of African-Canadian literature and its place in the international literary map of the African Diaspora.
