The Twenty-First-Century Media Industry John Allen Hendricks,2010-06-22 The Twenty-First-Century Media Industry: Economic and Managerial Implications in the Age of New Media examines the role that new media technologies are having on the traditional media industry from a media management perspective. Consumer behaviors and consumer expectations are being shaped by new media technologies. They now expect information on-demand and on-the-go as well as at their finger-tips via the Internet. In order to stay relevant, traditional media managers and practitioners are adapting to these consumer demands and expectations by developing new business models and new business philosophies to stay competitive. The contributors to this volume explore the business strategies being implemented by some media industries such as newspapers and the recording industry who are struggling to not only remain competitive and profitable, but also to survive. The Twenty-First-Century Media Industry provides an intriguing examination of how traditional media industries are adapting to new media technologies and evolving in the twenty-first century.

The New Time Manager Angela Victoria Woodhull,1997 Dr Woodhull's absorbing book explains the key principles of modern time management and shows how to apply them in our day-to-day activities. Traditional time management revolved mainly around to-do lists and delegating. The New Time Manager is concerned far more with factors like developing good working relationships and establishing a healthy lifestyle. For example, New Time Managers prioritize, communicate effectively, give constructive feedback, take time to play, and act to prevent burnout. The result is a life in balance, with sufficient time for what is important to you. Whatever your objective, Dr Woodhull's book, with its practical guidance on every aspect of time, will help you.

Auditioning for Film and Television Nancy Bishop,2021-12-30 This is a terrific guide for young actors...I read it cover to cover and then went out and bought copies for all my kids because, truthfully, it puts an experienced eye on pretty much all of life's early encounters.” – Donald Sutherland “When I was about to go into my callback with Sacha Baron Cohen, Nancy told me, 'Just enjoy the experience; you have nothing to lose,' and she speaks a lot about that in this book. She takes the worry out of auditioning and helps us see the fun and positive side of the experience. Nancy is a true champion for diversity and I am so grateful she has opened the doors for Eastern European artists.” – Maria Bakalova Auditioning for Film and Television is a must-have guide, written from the perspective of a casting director and offering actionable advice on audition technique, scene analysis, online casting and social media. Since the first edition was published in 2009, this practical workbook has helped countless actors learn the craft of auditioning for screen. Owing to the seismic changes within the industry following on from the #MeToo movement and, of course, the impact of social media and ever-advancing technology, how auditioning and casting are conducted has radically changed. This third edition of Auditioning for Film and Television addresses these issues and how they come into play in the audition room, offering guidance on areas such as: – How actors can most professionally conduct themselves in a casting situation, and on set, when there is sexuality inherent in a role – How both interviewers and interviewees can keep the relationship clear, professional and above board – What resources are available if issues arise In addition, readers continue to benefit from the author's tried-and-tested advice that will help them to succeed in this crowded and competitive industry.

The Stepping Off Place Cameron Kelly Rosenblum,2020-07-28 From debut author Cameron Kelly Rosenblum comes a stunning teen novel that tackles love, grief, and mental health as one girl must process her friend's death and ultimately learn how to stand in her own light. Perfect for fans of All the Bright Places and We Were Liars. It's the summer before senior year. Reid is in the thick of Scofield High's in-crowd thanks to her best friend, Hattie, who has been her social oxygen since middle school. But summer is when Hattie goes to her family's Maine island home. Instead of sitting inside for eight weeks, waiting for her to return, Reid and their friend, Sam, enter into a pact—to live it up, one party at a time. But days before Hattie is due home, Reid finds out the shocking news that Hattie has died by suicide. Driven by a desperate need to understand what went wrong, Reid searches for answers. In doing so, she uncovers painful secrets about the person she thought she knew better than herself. And the truth will force Reid to reexamine everything.

The Fire in Your Eyes Martine Daniel,2009-08 Description 'There is fire in your eyes, and it frightens me.' At the age of twelve, Luci cannot possibly comprehend what her mother means by those words – and her mother's suicide just hours later means she cannot ask. But the words will come to haunt Luci in the years to come as she battles with the highs and lows of undiagnosed manic-depression. The tragic death of her twin brother at the age of seventeen marks the beginning of a rollercoaster ride of intense emotion that pushes Luci to the very limits of her endurance. Her manic recklessness has far-reaching consequences, for both Luci and her extended family, and the accompanying episodes of depression leave Luci teetering on the thin line between life and death. When Luci meets Ben, she actually dares to hope that he might be the one person who can keep her on an almost even keel. But when tragedy steals Ben from her just weeks before their wedding day, Luci is left despairing of ever being happy as her tempestuous moods spiral once again out of control. Luci's hopes of happiness are rekindled when she finds love in an unexpected quarter, but as the rollercoaster ride becomes ever more extreme, an episode of psychotic mania threatens everything Luci holds dear, culminating in her hospitalisation and diagnosis with bipolar affective disorder (manic depression). By turns funny and tragic, The Fire in Your Eyes thrusts the reader deep into the tumult that is untreated manic-depression, a real rollercoaster of a ride. About the Author Martine Lara Daniel was born in York in 1981. From a young age, she knew she wanted to be a writer, and whilst at secondary school she would often be caught scribbling stories in the back of exercise books during lessons. Her dreams of seeing her name in print never dimmed, despite her life being turned upside down by episodes of mania, depression and brief psychosis during her late teens and early twenties. In 2003 the pressures of a stressful job brought on an episode of psychotic mania, which led to the breakdown that ended her hopes of a career in bookselling, following which Martine was finally forced into contact with local mental health services. With the help of medication and the support of her family, she began to pick up the pieces of her life and started work on The Fire in Your Eyes, juggling work on the novel with her studies with The Open University. She hopes to graduate with a BA (Hons) in Humanities with English Language in 2010.

Property and Finance on the Post-Brexit London Stage Michael Meeuwis,2020-12-30 A guide to the contemporary London stage as well as an argument about its future, the book walks readers through the city's performance spaces following the Brexit vote. Austerity-era London theatre is suffused with the belief that private ownership defines full citizenship, its perspective narrowing to what an affluent audience might find relatable. From pub theatres to the National, Michael Meeuwis reveals how what gets put on in London interacts with the daily life of the neighbourhoods in which they are set. This study addresses global theatregoers, as well as students and scholars across theatre and performance studies—particularly those interested in UK culture after Brexit, urban geography, class, and theatrical economics.

Berlin Calling Paul Hockenos,2017-05-23 An exhilarating journey through the subcultures, occupied squats, and late-night scenes in the anarchic first few years of Berlin after the fall of the wall Berlin Calling is a gripping account of the 1989 peaceful revolution in East Germany that upended communism and the tumultuous years of artistic ferment, political improvisation, and pirate utopias that followed. It's the story of a newly undivided Berlin when protest and punk rock, bohemia and direct democracy, techno and free theater were the order of the day. In a story stocked with fascinating characters from Berlin's highly politicized undergrounds—including playwright Heiner Müller, cult figure Blixa Bargeld of the industrial band Einstürzende Neubauten, the internationally known French Wall artist Thierry Noir, the American multimedia artist Danielle de Picciotto (founder of Love Parade), and David Bowie during his Ziggy Stardust incarnation—Hockenos argues that the DIY energy and raw urban vibe of the early 1990s shaped the new Berlin and still pulses through the city today. Just as Mike Davis captured Los Angeles in his City of Quartz, Berlin Calling is a unique account of how Berlin became hip, and of why it continues to attract creative types from the world over.
