This book draws upon the latest research showing how beneficial and life-changing natural birth is for both babies and moms. Full of weekly advice and tips for a healthy pregnancy, Grace details vital nutrition to take, natural remedies for common and troublesome symptoms, as well as the appropriate (and inappropriate) use of interventions. Pregnancy, childbirth, health, health and wellness, parenting, family--

Expecting Better Emily Oster, 2014-06-24 “Emily Oster is the non-judgmental girlfriend holding our hand and guiding us through pregnancy and motherhood. She has done the work to get us the hard facts in a soft, understandable way.” —Amy Schumer *Fully Revised and Updated for 2021* What to Expect When You're Expecting meets Freakonomics: an award-winning economist disproves standard recommendations about pregnancy to empower women while they're expecting. From the author of Cribsheet and The Family Firm, a data-driven decision making guide to the early years of parenting Pregnancy—unquestionably one of the most profound, meaningful experiences of adulthood—can reduce otherwise intelligent women to, well, babies. Pregnant women are told to avoid cold cuts, sushi, alcohol, and coffee without ever being told why these are forbidden. Rules for prenatal testing are similarly unexplained. Moms-to-be desperately want a resource that empowers them to make their own right choices. When award-winning economist Emily Oster was a mom-to-be herself, she evaluated the data behind the accepted rules of pregnancy, and discovered that most are often misguided and some are just

flat-out wrong. Debunking myths and explaining everything from the real effects of caffeine to the surprising dangers of gardening, *Expecting Better* is the book for every pregnant woman who wants to enjoy a healthy and relaxed pregnancy—and the occasional glass of wine.

What to Expect Pregnancy Planner Heidi Eisenberg Murkoff, Arlene Eisenberg, Sandee Hathaway, B.S.N., 2008-11-26 Introducing the newest addition to the *What to Expect* family: an indispensable dateless 42-week pregnancy planner and appointment-keeper for the wall that starts the day a woman discovers she's a mother-to-be and continues through delivery. Created by the authors of America's pregnancy bible with over ten million copies in print, this is the perfect place to record personal pregnancy dates and notes while keeping track of appointments, questions for the doctor, fetal movements, shopping lists, weight gain, and anything else. A 10 x 10 wire-o-bound grid, the conveniently sized planner will hang in the office, kitchen, bedroom, or wherever it's needed. It covers 42 weeks (the usual 40-week gestation period, plus two extra weeks in case baby arrives late), displaying two weeks on each page. Weeks 1 to 22 are on the front pages. Then flip the entire calendar for weeks 23 to 42 on the back. Not only are the dates left to be filled in, but the days are, too. So if Day One for a woman is a Wednesday, that becomes the lead-off day on the grid. The planner is illustrated throughout with full-color watercolors by Judith Cheng and packaged in a decorative gift box, *The What to Expect Pregnancy Planner* is a must-have for every expecting woman. Reassuring tips and advice appear on every page.
