

Presidents

United States. President

The President's Book of Secrets David Priess, 2016-03-01 Every president has had a unique and complicated relationship with the intelligence community. While some have been coolly distant, even adversarial, others have found their intelligence agencies to be among the most valuable instruments of policy and power. Since John F. Kennedy's presidency, this relationship has been distilled into a personalized daily report: a short summary of what the intelligence apparatus considers the most crucial information for the president to know that day about global threats and opportunities. This top-secret document is known as the President's Daily Brief, or, within national security circles, simply "the Book." Presidents have spent anywhere from a few moments (Richard Nixon) to a healthy part of their day (George W. Bush) consumed by its contents; some (Bill Clinton and George H. W. Bush) consider it far and away the most important document they saw on a regular basis while commander in chief. The details of most PDBs are highly classified, and will remain so for many years. But the process by which the intelligence community develops and presents the Book is a fascinating look into the operation of power at the highest levels. David Priess, a former intelligence officer and daily briefer, has interviewed every living president and vice president as well as more than one hundred others intimately involved with the production and delivery of the president's book of secrets. He offers an unprecedented window into the decision making of

every president from Kennedy to Obama, with many character-rich stories revealed here for the first time.

The Complete Book of US Presidents, Fourth Edition Bill Yenne, 2021-03-02
Discover the history and personal stories of 46 US Presidents in this beautifully illustrated volume. From the first president, George Washington, to the forty-sixth, Joe Biden, the United States has seen a host of extraordinary men take office. Their stories are all included in this fourth edition of The Complete Book of US Presidents by journalist and historian Bill Yenne. This book features short, biographical essays about the lives of 46 presidents, jam-packed with unusual details and commentary on the significant roles each commander-in-chief played in the shaping of the United States and its relations with the world. Lavishly illustrated, including the presidents' official White House portraits, sidebars about each and every vice president and first lady, and intriguing anecdotes, this book is accessible to a broad audience and will captivate any history lover. The Complete Book of US Presidents is an expansive collection that reflects on America's rich presidential history, telling the story of a nation through the biographies of some of its greatest political leaders.

Under This Roof Paul Brandus, 2015-09-29 “Like taking a tour of the White House with a gifted storyteller at your side!” Why, in the minutes before John F. Kennedy was murdered, was a blood-red carpet installed in the Oval Office? If Abraham Lincoln never slept in the Lincoln Bedroom, where did he

sleep? Why was one president nearly killed in the White House on inauguration day—and another secretly sworn in? What really happened in the Situation Room on September 11, 2001? History leaps off the page in this “riveting,” “fast-moving” and “highly entertaining” book on the presidency and White House in *Under This Roof*, from award-winning White House-based journalist Paul Brandus. Reporting from the West Wing briefing room since 2008, Brandus—the most followed White House journalist on Twitter (@WestWingReport)—weaves together stories of the presidents, their families, the events of their time—and an oft-ignored major character, the White House itself. From George Washington—who selected the winning design for the White House—to the current occupant, Barack Obama—the story of the White House is the story of America itself, Brandus writes. You’ll: Walk with John Adams through the still-unfinished mansion, and watch Thomas Jefferson plot to buy the Louisiana Territory Feel the fear and panic as British invaders approach the mansion in 1814—and Dolley Madison frantically saves a painting of Washington Gaze out the window with Abraham Lincoln as Confederate flags flutter in the breeze on the other side of the Potomac Be in the room as one president is secretly sworn in, and another gambles away the White House china in a card game Stand by the presidential bed as one First Lady—covering up her husband’s illness from the nation—secretly makes decisions on his behalf Learn how telephones, movies, radio, TV changed the presidency—and the nation itself Through triumph and tragedy, boom and bust, secrets and scandals, Brandus takes you

to the presidential bedroom, movie theater, Situation Room, Oval Office and more. Under This Roof is a “sensuous account of the history of both the home of the President, and the men and women who designed, inhabited, and decorated it. Paul Brandus captivates with surprising, gloriously raw observations.”

American Heritage History of the Presidents Michael R. Beschloss, 2015-09-19 Here, from American Heritage, is the story of our presidents. From George Washington’s reluctant oath-taking through George W. Bush’s leadership challenges after September 11, 2001, we view ambitious and fallible men through the new lens of the twenty-first century. Where did they succeed? Where did they fail? And what do we know now that we could not have known at the time?

The Presidents Brian Lamb, Susan Swain, 2019-04-23 The complete rankings of our best -- and worst -- presidents, based on C-SPAN's much-cited Historians Surveys of Presidential Leadership. Over a period of decades, C-SPAN has surveyed leading historians on the best and worst of America's presidents across a variety of categories -- their ability to persuade the public, their leadership skills, their moral authority, and more. The crucible of the presidency has forged some of the very best and very worst leaders in our national history, along with everyone in between. Based on interviews conducted over the years with a variety of presidential biographers, this book provides not just a complete ranking of our presidents, but stories and

analyses that capture the character of the men who held the office. From Abraham Lincoln's political savvy and rhetorical gifts to James Buchanan's indecisiveness, this book teaches much about what makes a great leader -- and what does not. As America looks ahead to our next election, this book offers perspective and criteria to help us choose our next leader wisely.

Wounded Titans Max Lerner, 2017-06-06 "Readers who miss the magisterial pronouncements of the late Max Lerner . . . will relish this collection of Lerner's writings on a subject that preoccupied him." --Booklist Max Lerner taught generations of Americans about their government. For almost half a century, the office of the presidency preoccupied his prodigious energies and unparalleled expertise. Lerner not only wrote about the men who inhabited the Oval Office during that time, he knew them personally, from Franklin D. Roosevelt to Bill Clinton--and he knew what made them tick. Here are Lerner's complete writings on the presidency and American presidents. Lerner believed that the nature of the office transforms presidents into titans, but wounded titans, bowed and sometimes broken by forces, fate, destiny, or history, that lie beyond their control. Roosevelt's attempt to pack the Supreme Court; Truman's efforts to manhandle the steel industry; Eisenhower's belief that he could control the military-industrial complex; Kennedy's hyperactive libido and recklessness; Nixon's conviction he could manipulate political process: every president has had immortal yearnings, and the office that inflated his pride also enlarged his flaws. With a new foreword, *Wounded Titans* contains

Lerner's classic essays on the presidency and its development as well as his most famous presidential portraits and the best of his campaign journalism. Learned, wise, illuminating, entertaining, both timely and timeless, Wounded Titans is as large in spirit and scope as the American presidency itself.

After the White House Max J. Skidmore, 2004-07 Examines the lives of U. S. Presidents after they have left office, describing how they have often engaged in a wide variety of roles, and continue to be influential in American history.

Presidents Fact Book Revised and Updated! Roger Matuz, 2017 An All-New Edition! The Presidents Fact Book is a complete compendium of all things presidential and a sweeping survey of American history through the biographical lens of every president from George Washington through Donald Trump. Organized chronologically by president, each entry covers the major accomplishments and events of the presidential term; cabinet members, election results, groundbreaking legislation, and Supreme Court appointments; personality and personal habits; career before the presidency; a behind-the-scenes look at the wives, families, friends, and foes; and much more, including hobbies, odd behaviors, and outlandish penchants. Major primary documents from each administration-from the Bill of Rights to Barack Obama's speech on race in America-provide a glimpse into the crucial moments of America's storied past in the words of those who led the nation. Perfect for students, history buffs, and political junkies, The President's Fact Book is

at once an expansive collage of our nation's 45 individual presidents and a comprehensive view of American history.

Accidental Presidents Jared Cohen, 2020-01-28 This New York Times bestselling “deep dive into the terms of eight former presidents is chock-full of political hijinks—and déjà vu” (Vanity Fair) and provides a fascinating look at the men who came to the office without being elected to it, showing how each affected the nation and world. The strength and prestige of the American presidency has waxed and waned since George Washington. Eight men have succeeded to the presidency when the incumbent died in office. In one way or another they vastly changed our history. Only Theodore Roosevelt would have been elected in his own right. Only TR, Truman, Coolidge, and LBJ were re-elected. John Tyler succeeded William Henry Harrison who died 30 days into his term. He was kicked out of his party and became the first president threatened with impeachment. Millard Fillmore succeeded esteemed General Zachary Taylor. He immediately sacked the entire cabinet and delayed an inevitable Civil War by standing with Henry Clay’s compromise of 1850. Andrew Johnson, who succeeded our greatest president, sided with remnants of the Confederacy in Reconstruction. Chester Arthur, the embodiment of the spoils system, was so reviled as James Garfield’s successor that he had to defend himself against plotting Garfield’s assassination; but he reformed the civil service. Theodore Roosevelt broke up the trusts. Calvin Coolidge silently cooled down the Harding scandals and preserved the White House for the

Republican Herbert Hoover and the Great Depression. Harry Truman surprised everybody when he succeeded the great FDR and proved an able and accomplished president. Lyndon B. Johnson was named to deliver Texas electorally. He led the nation forward on Civil Rights but failed on Vietnam. *Accidental Presidents* shows that "history unfolds in death as well as in life" (The Wall Street Journal) and adds immeasurably to our understanding of the power and limits of the American presidency in critical times.

Public Papers of the Presidents of the United States United States. President, 1956 Containing the public messages, speeches, and statements of the President, 1956-1992.

The Complete Book of U.S. Presidents William A. DeGregorio, 1993 A ready reference guide to the presidents of the United States, from George Washington through Bill Clinton.

American Presidents David C Whitney, 2012-05-10 The American Presidents covers the history of the presidents of the United States of America from George Washington to Barack Obama and contains information on the influences of our country's leaders including the people in their personal and professional lives. From birth to manhood, presidency and post-presidency, THE AMERICAN PRESIDENTS brings to life the men who have shaped the highest office in the land and affected the course of the United States from its founding to the present day. Beginning with George Washington, who had already refused to be made king of this country when he reluctantly accepted

the office of president, this fascinating book takes the reader all the way through the 2008 election of Barack Obama. Each comprehensive yet concise portrait is written to bring the man behind the office vividly to life, including the influences of childhood, education and previous careers, style, and his successes and failures as president. Revealing anecdotes, famous (and infamous) quotes, and scholarly interpretations by historians capture each man's philosophy of leadership and his vision for America. A special section of tables at the end of the book summarizes important facts about the presidents and their terms of office, including information about first ladies, vice presidents, presidential elections, Cabinets and leading officials, political control of Congress, presidential historical sites, and much more.

Scholastic Book of Presidents 2020 George Sullivan, 2020-12-01 Meet America's presidents in this trivia-packed compendium, including 2020's chosen commander-in-chief! Refresh your knowledge of the leaders who took our nation's highest office with this easy-to-read, fact-filled book of mini biographies on everyone from George Washington to Donald Trump, and catch up on all the biggest news from the 2020 election season. The Scholastic Book of Presidents will tell you:- Which president spoke the most languages?- Who was the last president to keep a full beard?- Which president has served in office the longest? Alongside photographs and lists of key events, this book covers everything you need to know about each president's major

accomplishments in and out of the Oval Office. A must-read for history buffs, educators, and anyone with a budding interest in politics, past or present.

Public Papers of the Presidents of the United States, George W. Bush United States. President (2001-2009 : Bush), 2003 Containing the public messages, speeches, and statements of the President, 1956-1992.

Presidential Messages and State Papers United States. President, 1917

Lincoln's Way Richard Striner, 2010-09-16 The debate is as old as the American Republic and as current as this morning's headlines. Should a president employ the powers of the federal government to advance our national development and increase the influence and power of the United States around the world? Under what circumstances? What sort of balance should the president achieve between competing visions and values on the path to change? Over the course of American history, why have some presidents succeeded brilliantly in applying their power and influence while others have failed miserably? In *Lincoln's Way*, historian Richard Striner tells the story of America's rise to global power and the presidential leaders who envisioned it and made it happen. From Abraham Lincoln to Theodore Roosevelt within the Republican Party, the legacy was passed along to FDR—the Democratic Roosevelt—who bequeathed it to Harry S. Truman, Dwight D. Eisenhower, and John F. Kennedy. Six presidents—three from each party—helped America fulfill its great potential. Their leadership spanned the huge gulf that exists between our ideological cultures: they drew from both conservative and

liberal ideas, thus consolidating powerful centrist governance. No creed of mere government for government's sake, their program was judicious: it used government for national necessities. But it also brought inspiring results, thus refuting the age-old American ultra-libertarian notion that the government that governs best, governs least. In a forceful narrative blending intellectual history and presidential biography, Striner presents the legacy in full. An important challenge to conventional wisdom, Lincoln's Way offers both an intriguing way of looking at the past and a much-needed lens through which to view the present. As a result, the book could change the way we think about the future.

Author in Chief Craig Fehrman, 2020-02-11 "One of the best books on the American presidency to appear in recent years." –Thomas Mallon, The Wall Street Journal "Fun and fascinating...It's witty, charming, and fantastically learned. I loved it." –Rick Perlstein Based on a decade of research and reporting, Author in Chief tells the story of America's presidents as authors—and offers a delightful new window into the public and private lives of our highest leaders. Most Americans are familiar with Abraham Lincoln's famous words in the Gettysburg Address and the Emancipation Proclamation. Yet few can name the work that helped him win the presidency: his published collection of speeches entitled Political Debates between Hon. Abraham Lincoln and Hon. Stephen A. Douglas. Lincoln labored in secret to get his book ready for the 1860 election, tracking down newspaper transcripts,

editing them carefully for fairness, and hunting for a printer who would meet his specifications. Political Debates sold fifty thousand copies—the rough equivalent of half a million books in today’s market—and it reveals something about Lincoln’s presidential ambitions. But it also reveals something about his heart and mind. When voters asked about his beliefs, Lincoln liked to point them to his book. In Craig Fehrman’s groundbreaking work of history, *Author in Chief*, the story of America’s presidents and their books opens a rich new window into presidential biography. From volumes lost to history—Calvin Coolidge’s *Autobiography*, which was one of the most widely discussed titles of 1929—to ones we know and love—Barack Obama’s *Dreams from My Father*, which was very nearly never published—Fehrman unearths countless insights about the presidents through their literary works. Presidential books have made an enormous impact on American history, catapulting their authors to the national stage and even turning key elections. Beginning with Thomas Jefferson’s *Notes on the State of Virginia*, the first presidential book to influence a campaign, and John Adams’s *Autobiography*, the first score-settling presidential memoir, *Author in Chief* draws on newly uncovered information—including never-before-published letters from Andrew Jackson, John F. Kennedy, and Ronald Reagan—to cast fresh light on the private drives and self-doubts that fueled our nation’s leaders. We see Teddy Roosevelt as a vulnerable first-time author, struggling to write the book that would become a classic of American history. We see Reagan painstakingly revising *Where’s*

the Rest of Me?, a forgotten memoir in which he sharpened his sunny political image. We see Donald Trump negotiating the deal for *The Art of the Deal*, the volume that made him synonymous with business savvy. Alongside each of these authors, we also glimpse the everyday Americans who read them. Combining the narrative felicity of a journalist with the rigorous scholarship of a historian, Fehrman delivers a feast for history lovers, book lovers, and everybody curious about a behind-the-scenes look at our presidents.

The Addresses and Messages of the Presidents of the United States, Inaugural, Annual, and Special, from 1789 to 1849 United States. President, 1849

Photographic Presidents Cara A. Finnegan, 2021-05-18 Defining the Chief Executive via flash powder and selfie sticks Lincoln's somber portraits. Lyndon Johnson's swearing in. George W. Bush's reaction to learning about the 9/11 attacks. Photography plays an indelible role in how we remember and define American presidents. Throughout history, presidents have actively participated in all aspects of photography, not only by sitting for photos but by taking and consuming them. Cara A. Finnegan ventures from a newly-discovered daguerreotype of John Quincy Adams to Barack Obama's selfies to tell the stories of how presidents have participated in the medium's transformative moments. As she shows, technological developments not only changed photography, but introduced new visual values that influence how we judge an image. At the same time, presidential photographs—as representations

of leaders who symbolized the nation—sparked public debate on these values and their implications. An original journey through political history, Photographic Presidents reveals the intertwined evolution of an American institution and a medium that continues to define it.

The Look-it-up Book of Presidents Wyatt Blassingame, 1990 Brief biographies of the presidents of the United States from George Washington to George Bush.

Presidents Introduction

In the digital age, access to information has become easier than ever before. The ability to download Presidents has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid

reader searching for your next favorite book, or a professional seeking research papers, the option to download Presidents has opened up a world of possibilities.

Downloading Presidents provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on

any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Presidents has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity

promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Presidents. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms

not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Presidents. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it

is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Presidents, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the

websites they are downloading from. In conclusion, the ability to download Presidents has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the

vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Presidents Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice.

Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take

regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Presidents is one of the best book in our library for free trial. We provide copy of Presidents in digital format, so the resources that you find are reliable. There are also

many Ebooks of related with Presidents. Where to download Presidents online for free? Are you looking for Presidents PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Presidents. This method for see exactly what may

be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Presidents are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free

access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Presidents. So depending on what exactly you are searching, you will be able to choose e books to suit your own need.

Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Presidents To get started finding Presidents, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented.

You will also see that there are specific sites catered to different categories or niches related with Presidents So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Presidents. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Presidents, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled

with some harmful bugs inside their laptop. Presidents is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Presidents is universally compatible with any devices to read.
