Packaging Girlhood Sharon Lamb, Ed.D., Lyn Mikel Brown, Ed.D., 2007-04-01 The stereotype-laden message, delivered through clothes, music, books, and TV, is essentially a continuous plea for girls to put their energies into beauty products, shopping, fashion, and boys. This constant marketing, cheapening of relationships, absence of good women role models, and stereotyping and sexualization of girls is something that parents need to first understand before they can take action. Lamb and Brown teach parents how to understand these influences, give them guidance on how to talk to their daughters about these negative images, and provide the tools to help girls make positive choices about the way they are in the world. In the tradition of books like Reviving Ophelia, Odd Girl Out, Queen Bees and Wannabees that examine the world of girls, this book promises to not only spark debate but help parents to help their daughters.

Drive Daniel H. Pink,2011-04-05 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of When: The Scientific Secrets of Perfect Timing Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of To Sell Is Human: The Surprising Truth About Motivating Others). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction-at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose-and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

Pink Floyd Martin Popoff,2018-06-26 This stunning look back at Pink Floyd's discography comprises a series of in-depth, frank, and entertaining conversations about all of the band's studio albums, including their soundtrack efforts and the instrumental/ambient The Endless River. Inside, prolific rock journalist Martin Popoff moderates discussions on each album with rock journalists and musicians who offer insights, opinions, and anecdotes about every release. Together, the conversations comprise a unique historical overview of the band, covering everything from early albums with the iconic Syd Barrett to the songwriting tandem of Roger Waters and David Gilmour; the impeccable talents of drummer Nick Mason and multi-instrumentalist Richard Wright; those mega tours undertaken in support of the LPs; the monster success of breakthrough LP Dark Side of the Moon; interpersonal conflict; the band following Waters' 1985 departure; and much more. Popoff also includes sidebars that provide complete track listings, album personnel, and studios and dates. Every page is illustrated with thoughtfully curated performance and offstage photography, as well as rare memorabilia.

Teen Film Catherine Driscoll,2011-06-01 What makes a film a teen film? And why, when it represents such powerful and enduring ideas about youth and adolescence, is teen film usually viewed as culturally insignificant? Teen film is usually discussed as a representation of the changing American teenager, highlighting the institutions of high school and the nuclear family, and experiments in sexual development and identity formation. But not every film featuring these components is a teen film and not every teen film is American. Arguing that teen film is always a story about becoming a citizen and a subject, Teen Film presents a new history of the genre, surveys the existing body of scholarship, and introduces key critical tools for discussing teen film. Surveying a wide range of films including The Wild One, Heathers, Akira and Donnie Darko, the book's central focus is on what kind of adolescence teen film represents, and on teen film's capacity to produce new and influential images of adolescence.
