The Sunset Limited Cormac McCarthy,2010-08-11 From the bestselling author of The Passenger and the Pulitzer Prize-winning novel The Road • A startling encounter on a New York subway platform leads two strangers to a run-down tenement where a life or death decision must be made. In that small apartment, “Black” and “White,” as the two men are known, begin a conversation that leads each back through his own history, mining the origins of two fundamentally opposing world views. White is a professor whose seemingly enviable existence of relative ease has left him nonetheless in despair. Black, an ex-con and ex-addict, is the more hopeful of the men—though he is just as desperate to convince White of the power of faith as White is desperate to deny it. Their aim is no less than this: to discover the meaning of life. Deft, spare, and full of artful tension, The Sunset Limited is a beautifully crafted, consistently thought-provoking, and deceptively intimate work by one of the most insightful writers of our time. Look for Cormac McCarthy's latest bestselling novels, The Passenger and Stella Maris.

Industrial Sunset Steven High,2003-12-15 Plant shutdowns in Canada and the United States from 1969 to 1984 led to an ongoing and ravaging industrial decline of the Great Lakes Region. Industrial Sunset offers a comparative regional analysis of the economic and cultural devastation caused by the shutdowns, and provides an insightful examination of how mill and factory workers on both sides of the border made sense of their own displacement. The history of deindustrialization rendered in cultural terms reveals the importance of community and national identifications in how North Americans responded to the problem. Based on the plant shutdown stories told by over 130 industrial workers, and drawing on extensive archival and published sources, and songs and poetry from the time period covered, Steve High explores the central issues in the history and contemporary politics of plant closings. In so doing, this study poses new questions about group identification and solidarity in the face of often dramatic industrial transformation.

How to Be a Boss B*tch Christine Quinn,2022-05-17 “Let’s get one thing straight right up front: If you’re going to call me a bitch, I’m going to take it as a compliment.” Christine Quinn, the breakout star of Netflix’s hit Selling Sunset, shows women how to unapologetically own their power in business and relationships to live the life they want. Part prescriptive how-to, part manifesto, part tell-all, Christine Quinn’s How to Be a Boss Bitch candidly covers sex and money, fashion and fame, gossip and gratitude, confidence and consciousness. Quinn has been called everything from “the most-talked-about woman on TV” to “the villain 2020 needed,” and she isn’t shy about any of the qualities that got her the success she has today: tenacity, confidence, and fearlessness, all while dressed in full glam and designer. By sharing details of her journey from high school dropout to self made millionaire, reality TV star, and fashion and beauty entrepreneur, Quinn gives her readers the tools to define their own Boss Bitch style and manifest their own success—without being held back by society’s terms. From branding yourself with a signature style that reflects your unique strengths, to using your opponent’s poison as your power, to learning the basics of a successful negotiation, to getting fired—and being ecstatic about it, How to Be a Boss Bitch is a modern guide to living a bold, authentic life.

Dead by Sunset Ann Rule,2000-02-15 From bestselling author Ann Rule comes the true story of Bradly Morris Cunningham, the handsome and successful entrepreneur who married five different women and destroyed each of them. The author of eight New York Times bestsellers, Ann Rule first won nationwide acclaim with The Stranger Beside Me, about serial killer Ted Bundy. Her Crime Files volumes, based on fascinating case histories, have assured her reputation as our premier chronicler of crime. Now the former Seattle policewoman brings us the horrific account of a charismatic man adored by beautiful and brilliant women who always gave him what he wanted...sex, money, and even their very lives. When attorney Cheryl Keeton's brutally bludgeoned body was found in her van in the fast lane of an Oregon freeway, her husband, Brad Cunningham, was the likely suspect. But there was no solid evidence linking him to the crime. He married again, for the fifth time, and his stunning new wife, a physician named Sara, adopted his three sons. They all settled down to family life on a luxurious estate. But gradually, their marriage became a nightmare... In this gripping account of Cheryl's murder, Ann Rule takes us from Brad's troubled boyhood to one of the most bizarre trials in legal history, uncovering multiple marriages, financial manipulations, infidelities, and monstrous acts of harassment and revenge along the way. Dead By Sunset is Ann Rule at her riveting best.

Super Thinking Gabriel Weinberg,Lauren McCann,2019-06-18 A WALL STREET JOURNAL BESTSELLER! You can't really know anything if you just remember isolated facts. If the facts don't hang together on a latticework of theory, you don't have them in a usable form. You've got to have models in your head. - Charlie Munger, investor, vice chairman of Berkshire Hathaway The world's greatest problem-solvers, forecasters, and decision-makers all rely on a set of frameworks and shortcuts that help them cut through complexity and separate good ideas from bad ones. They're called mental models, and you can find them in dense textbooks on psychology, physics, economics, and more. Or, you can just read Super Thinking, a fun, illustrated guide to every mental model you could possibly need. How can mental models help you? Well, here are just a few examples... • If you've ever been overwhelmed by a to-do list that's grown too long, maybe you need the Eisenhower Decision Matrix to help you prioritize. • Use the 5 Whys model to better understand people's motivations or get to the root cause of a problem. • Before concluding that your colleague who messes up your projects is out to sabotage you, consider Hanlon's Razor for an alternative explanation. • Ever sat through a bad movie just because you paid a lot for the ticket? You might be falling prey to Sunk Cost Fallacy. • Set up Forcing Functions, like standing meeting or deadlines, to help grease the wheels for changes you want to occur. So, the next time you find yourself faced with a difficult decision or just trying to understand a complex situation, let Super Thinking upgrade your brain with mental models.
