**Post-Yugoslav Queer Festivals** Sanja Kajinić, 2019-09-19 This book explores two festivals over ten years: Queer Zagreb and Ljubljana Gay and Lesbian Film Festival. Kajinić focuses on the festivals' participation in a regional network of queer festivals and provides an insight into how these festivals and their audiences negotiated the limits of non-normativity in particularly intensive ways between 2002-2012. By offering an interdisciplinary perspective and exploring the possibilities of critical visual methodology, the author relates the history of these important cultural projects and their organizational practices to the ways in which they impacted the lives of their participants. *Post-Yugoslav Queer Festivals* will be of interest to readers studying the region of Southeast Europe from a range of perspectives including gender studies, history, politics and festival studies.

**Behind the Screens** Jon Gann, 2012 Have you ever wondered...What's the deal with film festival programmers? What do they really think about your film? How do they make their decisions? And how can you improve your own film's odds of being picked? Why your film gets picked depends on a complex set of reasons, And it comes down to a single fact: film festivals, and programmers, aren't necessarily what you think! Jon Gann, founder of the DC Shorts Film Festival, questions his peers about their selection process, reactions to filmmaker behavior, industry concerns, and ultimately, how they create a festival experience that enriches both filmmakers and the audience. Insights by programmers from some of the world's leading festivals: - Ashland Independent Film Festival - Byron Bay International Film Festival - CineSlam/Pride of the Ocean - DC Shorts Film Festival - LA Comedy Shorts Film Festival - Napa Valley Film Festival - New York Film Festival - Prescott Film Festival - Razor Reel Fantastic Film Festival - Scottsdale Film Festival - Seattle International Film Festival - SILVERDOCS - Sonoma International Film Festival - Sundance Film Festival - Tallgrass Film Festival - Washington Jewish Film Festival

**Pride** Tim Tate, 2017-08-10 In 1984, a small group of metropolitan homosexual men and lesbian women stepped away from the vibrant culture and hedonism of London's defiant gay scene to befriend and support the beleaguered villages of a very traditional mining community in the remote valleys of South Wales. They did so in the midst of the 1984 miners' strike - the most bitter and divisive dispute for more than half a century, and in one of the most turbulent periods in modern British history. In the 1980s Margaret Thatcher's hardcore social and fiscal policies devastated Britain's traditional industries, and at the same time, AIDS began to claim lives across the nation. At the very height of this perfect storm, as the government and police battled 'the enemy within' in communities across the land and newspapers whipped up fear of the gay 'perverts' who were supposedly responsible for inflicting this lethal new pestilence upon the entire population, two groups who ostensibly had nothing in common - miners and homosexuals - unexpectedly made a stand together and forged a lasting friendship. It was an alliance which helped keep an entire valley clothed and fed during the darkest months of the strike. And it led directly to a long-overdue acceptance by trades unions and the Labour Party that homosexual equality was a cause to be championed. Pride tells the inspiring true story of how two very different communities - each struggling to overcome its own bitter internal arguments and long-established fault lines, as well as facing the power of a hostile government and press found common cause against overwhelming odds. And how this one simple but unlikely act of friendship would, in time, help change life in Britain - forever.

*I've Heard the Mermaids Singing* Julia Mendenhall, 2014-12-08 A Queer Film Classic on Canadian director Patricia Rozema's *I've Heard the Mermaids Singing*, her quirky and hopeful first feature film which made its premiere at Cannes and won its Prix de la jeunesse. Presented as a videotaped confession, it tells the story of Polly Vandersma, an unpretentious and introverted young woman who takes photographs as a hobby and works as a personal assistant to an elegant and

sophisticated, but unsatisfied, art gallery director, Gabrielle St. Peres, whom she worships. This book presents a new close textual analysis of *Mermaids* that places this complex yet teachable film unquestionably within the global queer film canon while uncovering many of its complexities. The film has appeared on the Maclean's Top 10 Films of the 20th Century and Toronto International Film Festival's Best 10 Canadian Films of All Time. Julia Mendenhall, a longtime fan of the film, places it in the context of the director's life experiences and her filmic oeuvre, the production and reception history of the film within the mid to late 1980s and the 1990s era of outing, and the development of queer theory.

*Hollywood Pride* Alonso Duralde, 2024 Just in time for Pride Month, this book is a first-of-its-kind in-depth exploration of LGBTQ+ representation from the dawn of cinema through today, from noted film critic Alonso Duralde and Turner Classic Movies--

Colours of Pride Mladen Peric, 2007-01-01 The *Colours of Pride* book is a unique photographic documentary portrayal of London and Brighton Pride Festivals from 1993 to the present. The images capture the festivals' vibrant atmosphere, and are a gallery extravaganza, reflecting the full spectrum of this colourful celebration of life, and the diversity of the Lesbian, Gay, Bisexual, and Transgender community participating in it. The *Colours of Pride* book is also the first book on this subject ever published in Europe. Editors, critics and numerous members of the public have all endorsed the 'feel-good' quality of these images, maintaining equally that they are sexy, stylish, humorous, expressive and poignant. Few can look at Peric's photographs without smiling or being ambushed by a warm, life-affirming feeling. His images unequivocally declare that it is a good, healthy and joyful thing to be proud of your sexuality. On another level, the book is an important historical document for future generations wanting to trace the development of the LGBT movement. Diversity is cool, caring is cool, tolerance is cool, *Colours of Pride* is really cool. Buy the book; see the exhibition you will not be disappointed. Amanda Elliot, Managing Editor, Positive Nation If there's one thing Pride is, it's colourful, particularly when viewed through the Eastern European prism of Mladen Peric's camera. The pictures are remarkably fresh, crisp and fun, and capture the euphoric rush of clattering through town in nine-inch platform heels in the company of assorted drag queens, drag kings and leather Marys. Underneath these life-affirming and familiar images lies the defiant true message that this has always been about a stylish fight for survival and the need to be recognized and accepted on our own terms.

Korean Film and Festivals Hyunseon Lee, 2022-10-31 This book examines the various film festivals where Korean cinema plays a significant role, both inside and outside of Korea, focusing on their history, structure and function, and analysis of successful festival films. Using Korean film festivals and Korean cinema at international film festivals as its primary lens, this interdisciplinary volume explores the shifting relationships between the multi-media genre of film and the fast-growing changing world of film festival cultures. It examines the changing aesthetics of Korean film in a transcultural context and historical (dis)continuity from a variety of angles from film and media studies, literary and cultural studies, Korean studies, Japanese studies, and also from film festival practice. Moreover, through comprehensive examinations of both domestic and international film festivals from the perspectives of production, distribution and marketing it highlights the reception of Korean cinema outside of Korea in an increasingly globalised industry. Featuring the contributions of expert scholars of international film and Korean cinema, in addition to interview material with a practicing film professional, this book will be of huge interest to students and scholars of Korean and Asian film and media studies, as well as those interested in the impact of film festivals more generally.

**Is it Queer Enough?** Jamie L. June, 2003 For this study, I identified 57 lesbian, gay, bisexual,

transgender and queer film festivals in the United States by using online databases, websites and film festival directories. I mailed a letter of introduction along with a survey to each of the festivals, asking them to provide information about their organizations, their decision-making processes, and how they define LGBTQ film. Responses from 17 LGBTQ film festivals are included in this study.

Located Research Angela Campbell, Michelle Duffy, Beth Edmondson, 2019-11-29 This book examines the diversity of practice in regional research and its contribution to local, national and global issues. Three themes are advanced here: Place and change, Transition and resilience, and Challenges for the future. Contributors embrace frameworks of co-design and transdisciplinary practice to build communities of practice in response to lived experience in regional contexts. Their work highlights the strategic importance of a regional focus at a time when global connectivity and mobility is increasing and the complexity of 'wicked' problems demands more than one approach or solution. Such complex problems require nuanced, and at times 'bespoke' methodological approaches to better understand and support not just regional adaptation, resilience and transformation, but to manage all these things at a time when change is everywhere.

**No Straight Lines** Justin Hall, 2013-08-03 No Straight Lines showcases major names such as Alison Bechdel, Howard Cruse, and Ralf Koenig (one of Europe's most popular cartoonists), as well as high-profile, crossover creators who have dabbled in LGBT cartooning, like legendary NYC artist David Wojnarowicz and media darling and advice columnist Dan Savage. No Straight Lines also spotlights many talented creators who never made it out of the queer comics ghetto, but produced amazing work that deserves wider attention. Queer cartooning encompasses some of the best and most interesting comics of the last four decades, with creators tackling complex issues of identity and a changing society with intelligence, humor, and imagination. This book celebrates this vibrant artistic underground by gathering together a collection of excellent stories that can be enjoyed by all. Until recently, queer cartooning existed in a parallel universe to the rest of comics, appearing only in gay newspapers and gay bookstores and not in comic book stores, mainstream bookstores or newspapers. The insular nature of the world of queer cartooning, however, created a fascinating artistic scene. LGBT comics have been an uncensored, internal conversation within the queer community, and thus provide a unique window into the hopes, fears, and fantasies of queer people for the last four decades. These comics have forged their aesthetics from the influences of underground comix, gay erotic art, punk zines, and the biting commentaries of drag queens, bull dykes, and other marginalized queers. They have analyzed their own communities, and their relationship with the broader society. They are smart, funny, and profound. No Straight Lines has been heralded by people interested in comics history, and people invested in LGBT culture will embrace it as a unique and invaluable collection.
