Conqueror of the Sun - 2 - Mass Conspiracy Jason Marcus Torraunt,2019-12-22 Conqueror of the Sun – Book 2 – Mass Conspiracy tells the story of Shawn Arc's conspiracies, betrayals, and deceptions culminating in the virtual destruction of the United States of America as a nation. Yet despite this being caused by Arc's hand, he deceives the world again and comes out looking like the savior of the USA. Due to Arc's saving assistance to the US military at the brink of destruction and his status as a war hero from the Second Korean War, the surviving American military brass insist Arc becomes the new commander-in-chief. Shawn Arc then announces his plans to rebirth the destroyed nation into his own new country, the IRF. The IRF leader then promises to avenge against all the nations that brought the USA to its knees. But it is just more deception to cover Arc's plans to turn the IRF nation into an IRF Empire which begins to conquer up nations around the globe. The Conqueror of the Sun series is a seven-book saga that has been 30 years in the making. The story is about a man named Shawn Arc and his desire for power and control beyond anything achieved in human history so far. The tale takes place in an alternate history that starts in the 1990s and extends far, far into the future. Shawn Arc is willing to do anything to accomplish his goals, whether it be by deception, conspiracy, war, betrayal, or on the backs of millions of dead. At the same time, the story shows that Shawn Arc is also about love, romance, and intimate relationships. Can this man be both monster and human? Or is he merely a larger than normal mirror to reflect the essence of the human condition?

Wicca Ethan Doyle White,2015-10-01 The past century has born witness to a growing interest in the belief systems of ancient Europe, with an array of contemporary Pagan groups claiming to revive these old ways for the needs of the modern world. By far the largest and best known of these Paganisms has been Wicca, a new religious movement that can now count hundreds of thousands of adherents worldwide. Emerging from the occult milieu of mid twentieth-century Britain, Wicca was first presented as the survival of an ancient pre-Christian Witch-Cult, whose participants assembled in covens to venerate their Horned God and Mother Goddess, to celebrate seasonal festivities, and to cast spells by the light of the full moon. Spreading to North America, where it diversified under the impact of environmentalism, feminism, and the 1960s counter-culture, Wicca came to be presented as a Goddess-centred nature religion, in which form it was popularised by a number of best-selling authors and fictional television shows. Today, Wicca is a maturing religious movement replete with its own distinct world-view, unique culture, and internal divisions. This book represents the first published academic introduction to be exclusively devoted to this fascinating faith, exploring how this Witches' Craft developed, what its participants believe and practice, and what the Wiccan community actually looks like. In doing so it sweeps away widely-held misconceptions and offers a comprehensive overview of this religion in all of its varied forms. Drawing upon the work of historians, anthropologists, sociologists, and scholars of religious studies, as well as the writings of Wiccans themselves, it provides an original synthesis that will be invaluable for anyone seeking to learn about the blossoming religion of modern Pagan Witchcraft.

Women in Doctor Who Valerie Estelle Frankel,2018-03-04 Over the past half-century Doctor Who has defined science fiction television. The women in the series--from orphans and heroic mothers to seductresses and clever teachers--flourish in their roles yet rarely surmount them. Some companions rescue the Doctor and charm viewers with their technical brilliance, while others only scream for rescue. The villainesses dazzle with their cruelty, from the Rani to Cassandra and Missy. Covering all of the series--classic and new--along with Class, K9, Torchwood, The Sarah Jane Adventures, novels, comics and Big Finish Audio adventures, this book examines the women archetypes in Doctor Who.

A Witches' Canon Part 2 Roy H. Blunden,2023-01-27 An Exploration of the Traditional Witchcraft Coven, its Organization and Rituals, including Initiations, Rites of Passage, Magical and Social practices. The truth is, “Old” Gerald B. Gardner had little interest in how the Traditional Witchcraft Coven had been organized and structured. So apart from an example of how it should not be done, he passed on little information about how it was meant to be organized. That knowledge of how best to organize and structure a modern Coven has had to be reclaimed from the old records and by trial and error. So too the social Rites of Passage; those of birth, marriage and death that were all long since appropriated by the religious authorities have likewise needed to be restored. As too the traditional forms of Coven Magic and Healings, whilst still keeping Witchcraft ever the religion of Dance, Fun and Mirth. After all, who said that religion is not to be enjoyed? A Witches’ Canon, Part 1, provides a fact-based referenced guide for those wishing to further explore the Religion and Celebratory Rituals of Traditional Wicca. A Witches’ Canon, Part 2, has been written to provide a practical, referenced guide to the social aspects of Traditional Wicca; of Coven Organization, Initiations, Rites and Rituals. A Witches’ Canon, Part 3, is a fact-based referenced guide to the practice of Magical Witchcraft, both nice and naughty. If it isn’t fun, then it ain’t worth doing.

Captive in the Dark Cj Roberts,2011 BOOK ONE OF THE DARK DUET: Caleb is a man with a singular interest in revenge. Kidnapped as a young boy and sold into slavery by a power-hungry mobster, he has thought of nothing but vengeance. For twelve years he has immersed himself in the world of pleasure slaves searching for the one man he holds ultimately responsible. Finally, the architect of his suffering has emerged with a new identity, but not a new nature. If Caleb is to get close enough to strike, he must become the very thing he abhors and kidnap a beautiful girl to train her to be all that he once was. Eighteen-year-old Olivia Ruiz has just woken up in a strange place. Blindfolded and bound, there is only a calm male voice to welcome her. His name is Caleb, though he demands to be called Master. Olivia is young, beautiful, naïve and willful to a fault. She has a dark sensuality that cannot be hidden or denied, though she tries to accomplish both. Although she is frightened by the strong, sadistic, and arrogant man who holds her prisoner, what keeps Olivia awake in the dark is her unwelcome attraction to him. WARNING: This book contains very disturbing situations, dubious consent, strong language, and graphic violence.

Tarot for Life Paul Quinn,2012-12-19 Paul Quinn transforms the Tarot from fortune-telling into the ultimate self-help tool for intuitive guidance, empowerment, and well-being. Discover how to apply the Tarot, as a lifelong resource, to access inner wisdom and gain deeper insights and practical, inspired guidance in relationships, career, family, and personal growth. With illustrations from the Universal Waite deck, the book offers 78 engaging casebook examples (one for each card) from Quinn's readings for clients. Drawing on Jungian psychology, the Hindu chakras, and other esoteric traditions, he explains how the Tarot can reveal unconscious patterns and offer soul-directed advice leading to positive changes and greater well-being. Quinn also provides guidelines on reading the cards for oneself and others, interpreting reversed cards, handling difficult disclosures, and psychic self-care.

The Sumerians Samuel Noah Kramer,2010-09-17 The Sumerians, the pragmatic and gifted people who preceded the Semites in the land first known as Sumer and later as Babylonia, created what was probably the first high civilization in the history of man, spanning the fifth to the second millenniums B.C. This book is an unparalleled compendium of what is known about them. Professor Kramer communicates his enthusiasm for his subject as he outlines the history of the Sumerian civilization and describes their cities, religion, literature, education, scientific achievements, social structure, and psychology. Finally, he considers the legacy of Sumer to the ancient and modern world. There are few scholars in the world qualified to write such a book, and certainly Kramer is one of them. . . . One of the most valuable features of this book is the quantity of texts and fragments which are published for the first time in a form available to the general reader. For the layman the book provides a readable and up-to-date introduction to a most fascinating culture. For the specialist it presents a synthesis with which he may not agree but from which he will nonetheless derive stimulation.—American Journal of Archaeology An uncontested authority on the civilization of Sumer, Professor Kramer writes with grace and urbanity.—Library Journal
