**Избранные труды. Том I: Работы по  
синхроническому языкознанию** Майкл Флайер,2017-09-05  
Настоящее издание представляет собой первый том из  
двухтомного собрания сочинений американского слависта,  
профессора Гарвардского университета, Майкла Флайера.  
Первый том посвящен синхроническому языкознанию и  
включает в себя монографию об именной детерминации в

старославянском языке. В работе дан анализ синтаксических и семантических факторов, определяющих распределение полных и кратких прилагательных в канонических текстах. Автор также обращает внимание на влияние палеографической и фонетической интерференции на интерпретацию прилагательных в контексте. Вошедшие в первый том статьи посвящены основополагающим фонологическим, морфофонемным и морфологическим структурам восточнославянских языков, рассматриваемых как в стандартизированной литературной, так и в диалектной форме. В каждом случае факторы типологии, распределения, системной иерархии и направленности обеспечивают прочную основу для выявления основных структур языка. Темы статей, публикуемых во втором томе собрания, затрагивают проблемы диахронического языкознания и культурной семиотики средневековой Руси.
