BOOK PRESENTATION: "It is Completely Different Word" Visual/Interactive Book Risale-i Nur (Treatise of Light) Training Program We are inviting you for an utterly different experience, an interactive book full of incredible discoveries, where you will come to an impressive visual journey. **READING THE BOOK OF UNIVERSE AND RISALE-I NUR HAS NEVER BEEN SO PLEASANT.** In total, there are 183 visuals and 13 videos utilized (rate of visuality is 50%) in this enormous study, where interactive visuals are also used. It is a first attempt in its area worldwide. We would like you to accompany us in this imaginary and mental journey of discovery. There is only one fixed price for a ticket of the Journey: A strong sense of wonder in the search for truth. In this section, which is an explanatory work, based on 17th Degree of 7th Ray- The Treatise of Supreme Sign of Risale-i Nur, you will see all logical inferences and striking proofs as to How Qur'an presents its big case which conquers the spirits, minds and hearts and which spiritually sweeps whole world and what a big moral transformation it has realized in humanity, since its emergence, beyond all dreams and the fact that it is not the words of human beings. This work is a part of our basic/source book called "A Journey of Discovery for an Extraordinary Treasure: Risale-i Nur (The Treatise of Light) Training Program" upon which our "Journeys of Discovery, Risale-i Nur Training Program" is constructed and it is "It is Completely Different Word", which is the third truth of the six truths, dealt with in the first main part of that book, which is called "Discovering the Value of the Treasure of Faith". We strongly suggest and present this book to those who regularly read Risale-i Nur as well as to those who want to get some information for the first time. The epilogue of our book which is entitled "Your Journey Just Begins Now!" is also included in this work as it contains emotional, striking and impressive points coming sincerely from the deepest parts of our hearts about the reading of Risale-i Nur and attendance to the Risale-i Nur Lectures.

WHY A VISUAL/INTERACTIVE BOOK Reading and watching the written truths in a verbal and visual format (with additional explanations not provided in our book) enables you to better understand and feel them. In this way, you are following the most fruitful method in understanding the knowledge of faith, which cannot be understood just with intellect but rather are "felt truths", and in opening the door for new perspectives for them. We keenly believe that with this method of reinforcement (Allah willing) highest level of benefit will be realized in terms of understanding Risale-i Nur and the universe. When you open Pdf document on your computer with Adobe Reader you can read it better by choosing "two pages" option and zooming in. Since full-screen mode of the "Microsoft Word" changes the places of the visuals, you should read it in page format by zooming in. We would rather prefer if you would download it in Pdf format and read it with Adobe Acrobat due to both its small size and readability in this way. It is possible to click links and open the word and Pdf files and videos within this interactive book in your computers and cell phones. (In your cell phone use Wps Office for Word and Adobe Acrobat Reader for Pdf files. Wps Office is a useful program which opens the footnotes when clicked upon but it can't open the links in this way. For this reason, we suggest that you use Adobe Acrobat Reader in order to benefit from the interactive features of the book.)

We are inviting you for an utterly different experience, an interactive book full of incredible discoveries, where you will come to an impressive visual journey. READING THE BOOK OF UNIVERSE AND RISALE-I NUR HAS NEVER BEEN SO PLEASANT. In total, there are 152 visuals and 10 videos utilized (rate of visuality is 50%) in this enormous study, where interactive visuals are also used. It is a first attempt in its area worldwide. (With additional sections 305 visual and 22 video) We would like you to accompany us in this imaginary and mental journey of discovery. There is only one fixed price for a ticket of the Journey: A strong sense of wonder in the search for truth. In this book, which is an explanatory work based on the 26th Word, that is, the Treatise of Divine Determining (Qadar) of Risale-i Nur, the issue of how to differentiate between the Divine Determining and free will is addressed; and the evidences as to the fact that things could take place only with the will of Allah are dealt with. In addition, the questions related to the fact that Qadar does not give anybody any discomfort or strain, on the contrary it provides a perfect ease of mind and convenience and to the reconciliation of the ugliness of the troubles/evils that we see in the world with the fact that everything coming from Qadar is good" are answered with such a proficiency that has not been witnessed in the history of Islam. In this book, you will see the explanations in relation to the essence of Qadar and Free Will; how they could be reconciled, the meaning of the belief in Qadar for human life, and the evidences of the existence of Qadar. Moreover, you will witness the harmonious friendship of a persuasive, crystal clear and fluent style with the logical inferences satisfying both mind and the heart. This work is part of our source book "Journey of Discovery for an Extraordinary Treasure: Risale-i Nur Training Program", over which our "Journeys of Discovery Risale-i Nur Training Program" is based and it is "The Truth of Divine Determining and Free Will", which is the "Fifth Truth" of the six "truths" in that Book's the second part called "Proving the Treasury of Faith with Evidences" We strongly suggest and present this book to those who regularly read Risale-i Nur as well as to those who want to get some information for the first time. The epilogue of our book which is entitled "Your Journey Just Begins Now!" is also included in this work as it contains emotional, striking and impressive points coming sincerely from the deepest parts of our hearts about the reading of Risale-i Nur and attendance to the Risale-i Nur Lectures. We have to state and admit the following sincerely: although we did not have any idea about what to write before explanatory notes came into the being, (every time without any exception) , we were astonished by the resultant texts and realized that we had never understood these issues this clear before. While controlling the texts, we had great joy and pleasure and we were reading the texts as if they were written by someone else. The writings were helping us, in an unexpected way, in overcoming our greatest distresses, giving us a strong state of

faith. Because, what we were writing was talking about eternal truths of faith and Quran and they were having such qualities which were having much more different than a work presented with the individual proficiency and capability of a person. Therefore, the beauty and the excellence of these truths must have been reflected in our word as well. For sure, we were pursuing an immensely difficult and tedious effort; sometimes it was taking 3-5 hour to complete 1-2 pages of explanatory notes. We were spending an equal amount of time for footnotes and the glossary of concepts. But, the feeling of joy, happiness and spiritual satisfaction were exceedingly worth this effort. At this stage, we realized and felt the reason behind Bediüzzaman's saying: "I am also a student of Risale-i Nur. I am your classmate in learning the Teachings of Quran, I am also in need of Risale-i Nur." And we understood that he was not trying to be humble while saying this. Although we had an humble purpose of "conducting to a higher level of our comprehension than the reader could get on his or her own, we achieved better results than our expectations. All praise is due to Allah, so we praise him. In deed our share is only that of praising. Now if you look at our personality, you may not see much value. This is normal, because neither could we see any. What we see is just this: our weakness in our distressed search, our needs, our sincere wishes and our actual prayers (prayers supported with actions). As a requirement of being a human, we wanted to share what we had found and felt, with those who had the same needs and who were in the same search. This is what we mean when we say that we are not like a teacher who makes you sit before her and starts teaching you. Maybe rather we are like a guest who himself is entreated a dining table as he is as hungry and needy as everybody, and he is sincerely inviting you to this dining table. Or maybe we are like a curious kid, who has found the key of a magnificent and inexhaustible treasure, and who wants to inform others of its existence and share it with them. WHY A VISUAL/INTERACTIVE BOOK Reading and watching the written truths in a verbal and visual format (with additional explanations not provided in our book) enables you to better understand and feel them. In this way, you are following the most fruitful method in understanding the knowledge of faith, which cannot be understood just with intellect but rather are "felt truths", and in opening the door for new perspectives for them. Below are some of the questions we ask and issues we discuss: *Is there a need to explain Qur'an? Isn't Qur'an a self-sufficient book? * Well, why do we need to explain Risale-i Nur? What kind of benefits could this give? * As a Muslim, how restrained should our perspective be about Islamic books and scholars such as the Risale-i Nur, that explain and interpret the Qur'an? * How and in what ways can we become part of a knowledge/science production culture that is free in thinking, based on intelligence/mind, which we should indeed have within the context of an Islamic experience of 1400 years? * On what kind of understanding could Qur'an Civilization be constructed? * How can the science philosophy of the Islamic civilization be rendered operational again? * How could it be possible to evaluate, with an appropriate approach, a Risale-i Nur Student writing a text (about Risale-i Nur)? * On what ground could the foundation of devout understanding be laid? How can we love an imaginary Bediuzzaman? * What should be the attitude of a student of Qur'an and Risale-i Nur towards generation of Islamic knowledge/science? * What are the advantageous and more productive aspects of written explanatory texts compared to verbal expressions/narrations? * How could it be possible to really understand a scientific piece of work with high value and to make it the property of humankind? * Is it acceptable to oppose anything new in the name of novelty/innovation? We strongly suggest and present our work especially to regular readers of Risale-i Nur. This book is penned down in order to introduce you a piece of work, that is so unbelievably and astonishingly perfect that it will surprise you with the high truths and grand scientific discoveries contained therein and will make some of you say "How come I have never heard of it until now!" (Or could not really discover it). The main subject of study of these books and the Treatise of Nature is the following: To give correct answers to three basic questions of existence, which have remained as the unknown secrets of the universe that have been always wondered by the humanity. The discovery of the right answers in these areas has been possible not only with the use of the mind/intellect which is incapable of reaching to the truth on its own but rather with the common guidance of divine revelation and the mind. Nevertheless, the answers to the questions that were asked have been discovered solely with rational inferences and logical evidences. These three questions are: "Where did this universe and those within it come from? Where will they go? And Why are they here, what is their mission? That is to ask "What are we doing here?" High truths, which the whole humanity needs and which are appealing to all those who look for the explanation of the basic reality of existence and which is more interesting for the world of science and the scientists and which is brought by divine revelation, are discovered once again and proved with rational methods in these works. Especially today, while quantum physics, astronomy and astrophysics have reached to such advanced levels, common answers are looked for these three questions on matter, universe and human being; the science and these works study the same subjects and share a common ground of work. Here you are: The work, which contains in itself a spiritual/immaterial treasury for people who have an irresistible interest and passion for science and learning, is called RISALE-I NUR (TREATISE OF LIGHT). The Treatise of Nature has a special place within Risale-i Nur. In "the New Perspectives from the Treatise of Nature", you are invited for an adventure of looking for and finding out the truth. * Studying academically, on the basis of logic and science, the theories which are developed as alternatives to the existence of a Creator in order to explain the astonishing happenings and the liveliness in the universe. *In a world where we stand as observers, looking for answers to questions: Where did we come from? Where are we going and who are we? What are we doing here? Together we are setting on a journey of discovery along the lines that we wrote in order to make some contribution to the efforts to understand the functioning and the purposes of the universe, which is the final target and the arrival point for all sciences. We have a very strong reason to begin this journey: to witness the magnificent details of the divine technology and uniqueness of the artful creation and hence, to take a big step on the way of achieving the true faith that was demanded from us by Allah. We would like you to accompany us in this imaginary and mental journey of discovery. There is only one fixed price for a ticket of the Journey: a strong sense of wonder in the search for truth. There is only one fixed price for a ticket of the Journey: A strong sense of wonder in the search for truth. In this book, which is (about) the Introduction and First Aim of 29th Word, the right place to find the answer to questions asked by a man who can't stand thinking the idea of being all alone in this universe and, desperately asking

questions, and looking for a solution to his eternal solitude, is shown with mental inferences that capture the problem on its roots. Later on, it is proved by detailed analyses and logical proofs that it is so reasonable to believe in angels and spiritual beings, and that their existence is as precise as the existence of human beings and animals. This work is a part of our basic/source book called "A Journey of Discovery for an Extraordinary Treasure: Risale-i Nur (The Treatise of Light) Training Program" upon which our "Journeys of Discovery, Risale-i Nur Training Program" is constructed and it is "Are We Alone in the Universe", which is the second truth of the six truths, dealt with in the first main part of that book, which is called "Discovering the Value of the Treasure of Faith". We strongly suggest and present this book to those who regularly read Risale-i Nur as well as to those who want to get some information for the first time. The epilogue of our book which is entitled "Your Journey Just Begins Now!" is also included in this work as it contains emotional, striking and impressive points coming sincerely from the deepest parts of our hearts about the reading of Risale-i Nur and attendance to the Risale-i Nur Lectures. BOOK INDEX * We Are Not Alone! (Introductory Text) * Why Does Life Exist? * What is the Meaning and Value of the Existence without Life? * Angels' Truth * The Roles Shared in a Perfect Ecosystem

Rehearsal Scene (Evidence for Eternal Life) Ediz SÖZÜER, 2017-12-18 Important Information and Presentation: Our book is free. The whole book can be read in "Free Sample" section. It is not necessary to give your credit card information. You can download our book in word or pdf format from the following web addresses: goo.gl/hNIUou or yadi.sk/d/09r41tL9ecYUA You can download the text of our book and its visual/interactive versions from the folder of "New Perspectives from the Treatise of Resurrection" in "English Books" section in this address. Besides, you can view or download the files of all of our books, and videos, texts and PowerPoint presentations of our seminars altogether or one by one, from these storage spaces where all of our work on Risale-i Nur (Treatise of Light) are uploaded. BOOK PRESENTATION: In order to feel the existence of eternal life in a different way, that has never been possible before... In order to understand, enjoy and read with spiritual pleasure the Tenth Word of Risale-i Nur, which proves the existence of Hereafter with certainty, at such a high level that you have never reached before... What would you do, if you know, of a certainty, that eternal life exists? How would your perspective on life change if you know that you will live forever? Then what would change in your life if you know that your happiness in this eternal life will depend on your behaviors in this temporary life at such a certainty as you are sure of the coming of night after day and of spring after winter or as you know two plus two equals four? Would not you get excited if we told you that you can get such invaluable information just by reading this book that you are holding in your hand? Tenth Word that you are about to read is such an excellent book of a lifetime, promising you this and much more. In other words, it is such a lively book that it can be read repeatedly without getting bored and the passion to read it never subsides. Even Avicenna (Ibn-i Sina) who is considered as one of the greatest geniuses admitted his helplessness/incompetence in understanding the resurrection by once stating that "The Intellect cannot find a way to it". And now, we are curiously stepping into the Treatise of Resurrection, which explains/declares the truths of the issue of resurrection, which even this noted scholar, cannot catch up with his genius, to everybody, even to the kids, and which gives us the key opening the gate of the second one of the two biggest amulets of the cosmos. In this book, which is an explanatory work based on 10th Word of Risale-i Nur Collection, the resurrection after the Doomsday is proved so certainly that the Author of Risale-i Nur tells the following on this subject: "If you want to be as certain about the occurrence of the resurrection of the dead as you are about the arrival of next spring, study the Tenth and Twenty-Ninth Words carefully, which are about this, and you will see! If you do not then believe that it will occur as you believe the coming of spring, come and stick your finger in my eye!" Once you finish reading this book, you will witness that it is proved with logical evidence and in a brilliant way that the coming of the eternal life is as certain as the existence of this world and there is no possibility of not the realization of the resurrection after death. This work is a part of our basic/source book called "A Journey of Discovery for an Extraordinary Treasure: Risale-i Nur (The Treatise of Light) Explanatory Notes" upon which our "Journeys of Discovery, Risale-i Nur Training Program" is constructed and it is

the proof of the Existence of Resurrection and the Eternal Life, which is the Fifth Truth of the Six Truths, dealt with in the second main part of that book, which is called "Proving the Existence of the Treasure of Faith with Evidence". We have to state and admit about this Book, that is, Explanatory Text for Tenth Word, the following sincerely: although we did not have any idea about what to write before explanatory notes came into the being, (every time without any exception), we were astonished by the resultant texts and realized that we had never understood these issues that clear before. While controlling the texts, we had great joy and pleasure and we were reading them as if they were written by someone else. The writings were helping us, in an unexpected way, in overcoming our greatest distresses, giving us a strong state of faith. Because what we were writing was talking about eternal truths of faith and Quran and they were having such qualities which were having much more different than a work presented with the individual proficiency and capability of a person. Therefore, the beauty and the excellence of these truths must have been reflected in our word as well. For sure, we were pursuing an immensely difficult and tedious effort; sometimes it was taking 3-5 hours to complete 1-2 pages of explanatory notes. We were spending an equal amount of time for footnotes and the glossary of concepts. But, the feeling of joy, happiness and spiritual satisfaction were exceedingly worth this effort. At this stage, we realized and felt the reason behind Bediüzzaman's saying: "I am also a student of Risale-i Nur. I am your classmate in learning the Teachings of Quran; I am also in need of Risale-i Nur." And we understood that he was not trying to be humble while saying this. As a requirement of being human, we wanted to share what we had found and felt, with those who had the same needs and who were in the same search. This is what we mean when we say that we are not like a teacher who makes you sit before her and starts teaching you. Maybe rather we are like a guest who himself is entreated a dining table as he is as hungry and needy as everybody, and he is sincerely inviting you to this dining table. Or maybe we are like a curious kid, who has found the key to a magnificent and inexhaustible treasure, and who wants to inform others of its existence and share it with them. We have made a great effort in order to prepare this work which we share with great enthusiasm. But we admit that this work has been the result of Allah's special treatment, which is way beyond our personal capabilities and power. We believe wholeheartedly that every believer and everyone who has set his heart on Risale-i Nur, and in fact everybody will read this book enthusiastically and with a compassion which is stronger than the need for water of a person who has been dehydrated for a while. The epilogue of our book which is entitled "Your Journey Just Begins Now!" is also included in this work as it contains emotional, striking and impressive points coming sincerely from the deepest parts of our hearts about the reading of Risale-i Nur and attendance to the Risale-i Nur Lectures.
